2) The Cranes Club Europe Health Conference 2017, at the Neumühle Workshop Centre, Bad Camberg, Germany on the 3rd-5th of November [For more details and to register online for the 2017 Cranes Club Health Conference in Germany, click or go to urltinyurl.com/cranes-club-health-conference](http://urltinyurl.com/cranes-club-health-conference)

Paraphrasing Mr. Insup Alexander Park, Vice President of FFWPU International,

The Cranes Club can provide a great professional network among the youth born and raised as Blessed Children within the Unification Church. In this way, we can mentor younger brothers and sisters, engaged in voluntarism and philanthropy, and support each other professionally.

Cranes Club provides a great opportunity for us to rekindle, reconnect with and maintain lost connections with all our extended and international family, that worldwide family that True Parents' and our first generation elders have built with their vision, and their blood, sweat, and tears.

Cranes Club can help all of us find strength through knowing that we share a precious common history, and we that have each other, no matter what difficulties we may face.

Cranes Club can help us continue to nurture and develop our precious community, as we, the 2nd generation, grow older and wiser.
