Dr. Yoshihiko Masuda, a professor at Cheong Shim Theological Seminary and graduate of the first class of UTS has passed away at his daughter's home in Arizona while recovering from a stroke. He taught at UTS for several years in the 1990s and worked with Dr. Andrew Wilson on the World Scriptures. He published several works in English that have circulated. Our understanding is that his Seonghwa will be in Korea in early March and that he will be laid to rest beside his wife there.
