# LOGIC OF LOVE *Newsletter*

Dear,

We're very excited to announce that our newsletters are getting an upgrade! **This month's** Logic of Love Newsletter will unfortunately be the last issue in this style. We've really enjoyed sharing many different stories and updates about activities every month with all of you. And we'll continue to share those stories about the impact WFWP is having nationally and locally. But we're also really looking forward to creatively creating a community of women and supporting each other on our path of spiritual growth through an impactful and engaging newsletter!

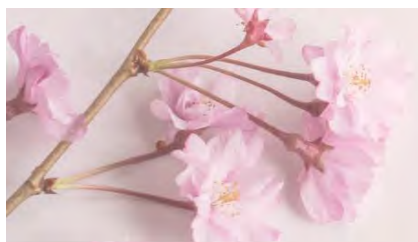

Here's what you can expect:

News and updates will continue to be posted on our website on our [News Page](#). You can go there any time. So many amazing projects are possible because of our generous members and donors. We'll be sharing how your donations are making positive changes with a Quarterly Impact Report. Stay tuned for the first one in January 2025 where we will recap the victories of 2024!

Special curated content will be delivered to all our current subscribers every month under the title "**HerTribe Thrive.**" This newsletter will be packed with inspiration, tips, tricks, and free resources, plus some of our carefully curated, reasonably priced products that are made with you in mind. We're here to support you on this beautiful journey—because we know that when women thrive, the world becomes a better place! If you have been receiving the monthly LOL newsletter already, you don't need to do anything!

We are grateful to all of our faithful readers and looking forward to connecting with you in this new way.

The gathering stemmed from Rohida's desire to create a regular space where women could have open, meaningful discussions on faith and social issues. This led to the creation of monthly teas centered on the theme "Peace Begins with Me."
