SIT ON YOUR THRONE, or Someone Else Will!

And a great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet, and on her head a crown of twelve stars. She was pregnant and was crying out in birth pains and the agony of giving birth... She gave birth to a male child, one who is to rule all the nations with a rod of iron, but her child was caught up to God and to his throne, and the woman fled into the wilderness, where she has a place prepared by God, in which she is to be nourished for 1,260 days.

Rev 12:1-2, 5-6

*Tamar was a person who recognized the importance of God's lineage, that is, the blessing. She was a historic, representative woman who was prepared to risk anything to pass on this lineage. Her position was the same as the position of Eve. Although Eve should have inherited God's lineage directly from Him as the mother of humankind, she in fact neglected and destroyed this inheritance. In order to restore this, a woman who would surpass Eve had to appear. A woman who could single-mindedly think that continuing the lineage that is blessed by God is more precious than her own life had to appear. Tamar was that woman. **SMM, CSG Bk 8- Sin and Restoration through Indemnity, p.1167***

Hello,

Hyung Jin Nim started the service by talking about President Trump. "Uncle Trump" wants to save you, since Uncle Sam has been corrupted. A rapper named [Black Rambo](#), who is an ex-Marine, is a leading influencer to promote gun ownership in the Black community, making it okay to be pro-2nd Amendment and to not vote Democrat. Hyung Jin Nim will perform together with him on stage at the Rod of Iron Freedom Festival. True Father poured a lot into Black Christian communities around the country and they, in turn, spoke out in defense of him as well.

Hyung Jin Nim resisted to do musical performances because he saw how the fallen culture that often surrounds performers affected his brothers who got into that. YouTube banned the King Bullethead channel so the tech team will create a YouTube channel for Trump Truck as it drives to the Freedom Festival and to Trump rallies around the country.

Then he discussed the meaning of an arrangement of celestial bodies that occurred on September 23,

2017. On that date, according to various biblical commentary sources, "the heavens themselves will be a tableau of Revelation 12" in the Bible.

A great sign appeared in the sky, a woman clothed with the sun, with the moon under her feet, and on her head a crown of 12 stars. She was with child and wailed aloud in pain as she labored to give birth ... She gave birth to a son, a male child, destined to rule all the nations with an iron rod.

As described on [one website](#): On September 23, 2017 the sun will be in the zodiac constellation Virgo -- "a woman clothed with the sun". The moon will be at the feet of Virgo -- "with the moon under her feet". The 'nine' stars of the zodiac constellation Leo, plus three planets (Mercury, Venus, and Mars), will be at the head of Virgo -- "on her head a crown of 12 stars". The planet Jupiter will be in the center of Virgo (moving within for 9 months), and, as the weeks pass after September 23, Jupiter will exit Virgo to the east, past her feet, so to speak -- "She was with child and wailed aloud in pain as she labored to give birth". Jupiter is the largest of the planets, the "king" of the planets, so to speak -- "She gave birth to a son, a male child, destined to rule all the nations with an iron rod."

All of these Biblical commentators expected something stupendous to take place on September 23, 2017, but it came and went without a supernatural event. Except of course, something DID happen, the worldwide news coverage of *Cosmic Blessing of the True Parents of Heaven, Earth and Humanity*, and the launch of Rod of Iron Kingdom, with its challenge to the totalitarian system based on disarmament at the Sanctuary Church in Newfoundland, PA.

Even though the Han mother departed from her position by uplifting herself instead of her husband and so she became the harlot of Babylon, the position of the True Mother was re-established on that day. At the age of 90, Hyun Shil Kang risked her health and her life to leave Korea and to come to the United States to attend True Father's anointed heir, a model of true womanhood.

True Father released the God of Night teaching in the last years of his life that he was from the God before Creation, a key component of Original Substance of Divine Principle teaching. This revelations was proclaimed at a large rally in Seoul.

Father canceled the perfection level blessing in early 2012 because Hak Ja Han wasn't united with him. After he passed to spirit world, she had the test to freely affirm to choose to affirm Father's lineage and give up herself (kenosis) or to exalt herself and be judged. Hyung Jin Nim and Kook Jin Nim warned her not to abandon True Father. It was heart-wrenching, but necessary, to denounce what their mother was doing.

Some people praise the 2 brothers for standing up, but it should be normal to be loyal to Father, not seeking money or power. Kook Jin Nim didn't take a penny to run and reform church businesses in Korea.

After Hyung Jin Nim was fired from the Family Federation, everything had to be done by faith, with no resources. He had the challenge to accept his Father's anointing and to sit on the throne. Men have to sit on the "throne" of the family as the King and Priest of the family. If not, Satan will sit there, using your humility to steal your queen.

It is the same for positions of political power in the nation. Leftists have been systematically taking over positions of power in the bureaucracy. Patriots and people of faith must step into positions of responsibility as an act of defiance against Satan, and as act of obedience to God. We should do conditions for America to be saved.

The headline-making report on the imminent global disaster facing humanity, and why we can do nothing to stop it. It is out. "One of the most important documents of our age" — Anthony Lewis, *New York Times*

Two decades ago, in 2003, scholars at the Chinese Academy of Social Sciences made the following statement, about what their research about the West made it so powerful. One of the things we were asked to look into was what accounted for the success, in fact, the pre-eminence of the West all over the world. We studied everything we could from the...
