The Jerusalem Declaration, May 18, 2003

*Fret not yourself because of evildoers; be not envious of wrongdoers! For they will soon fade like the grass and wither like the green herb. Trust in the Lord, and do good; dwell in the land and befriend faithfulness. Delight yourself in the Lord, and he will give you the desires of your heart. Commit your way to the Lord; trust in him, and he will act. He will bring forth your righteousness as the light, and your justice as the noonday. Be still before the Lord and wait patiently for him; fret not yourself over the one who prospers in his way, over the man who carries out evil devices! Refrain from anger, and forsake wrath! Fret not yourself; it tends only to evil. For the evildoers shall be cut off, but those who wait for the Lord shall inherit the land. In just a little while, the wicked will be no more; though you look carefully at his place, he will not be there. But the meek shall inherit the land and delight themselves in abundant peace. **Psalm 37:1-11***

Jewish Brethren: On September 18, 1976, at our God Bless America Festival at the Washington Monument, in the presence of an estimated 300,000 people; we stated:

[Judaism, Christianity and the Unification Movement] are indeed three brothers in the Providence of God. Then, Israel, the United States and Korea, the nations where these three religions are based must also be brothers. Because these three nations have a common destiny representing God's side, the Communist bloc as Satan's representative is trying to isolate and destroy them at the UN.

Therefore, these three brother nations must join hands in a unified effort to restore the United Nations to its original purpose and function. They must contribute internally to the unification of world religions and externally to the unification of the world itself.

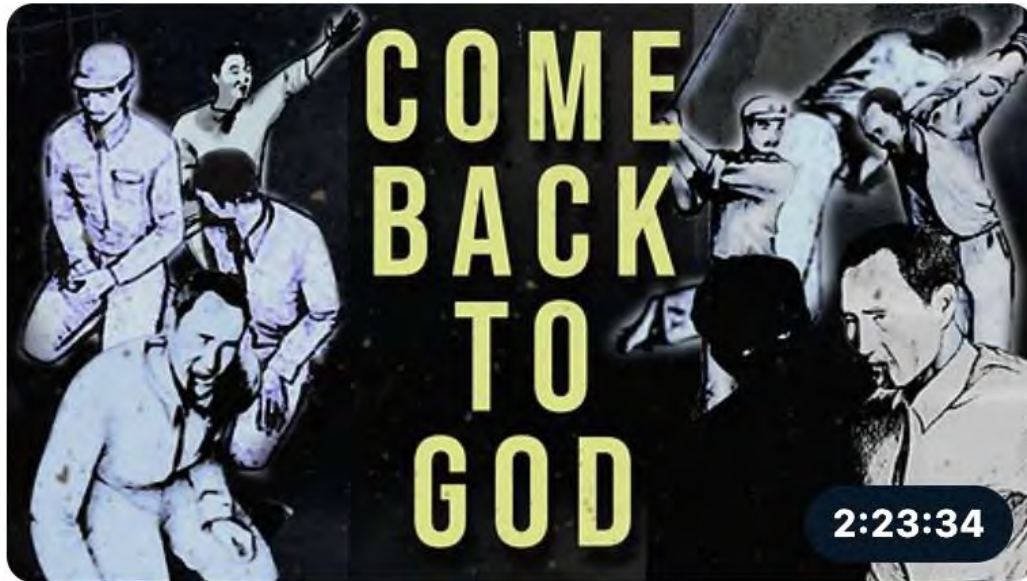

SMM, December 1976, Belvedere N.Y.

Hello,

Hyung Jin Nim started the service by praising Lowell Ellanson's presentation about True Father's life course which includes Rev. Ahn's discussion about the Hungnam death camp. The airplane torture imposed on Father is akin to the crucifixion, collapsing your rib cage into your lungs. He experienced this both in a Japanese prison and in Hungnam. 2 hours of suffocation usually ends in death. The North Korean torture expert checked Father for vital signs. He was shocked to see Father stirring and then praying for the forgiveness of the killer. He was vomiting blood.

This was part of the 7 deaths and resurrections that Father suffered for our sakes. As Jesus said, there is no greater love than to give your life for your friend. Even more, the heart of a parent is to give your life over and over again for your children and grandchildren.

They airplaned/crucified him again for 3 hours. The "expert" confirmed that Father was dead, but then father resurrected again, and prayed for his killers. The coroner broke down weeping and repented, saying that he was once a faithful believer. He had given up his faith for a job with the North Korean government. Satan had no basis to accuse True Father. The conversion of the torturer was due to the power of the Holy Spirit.

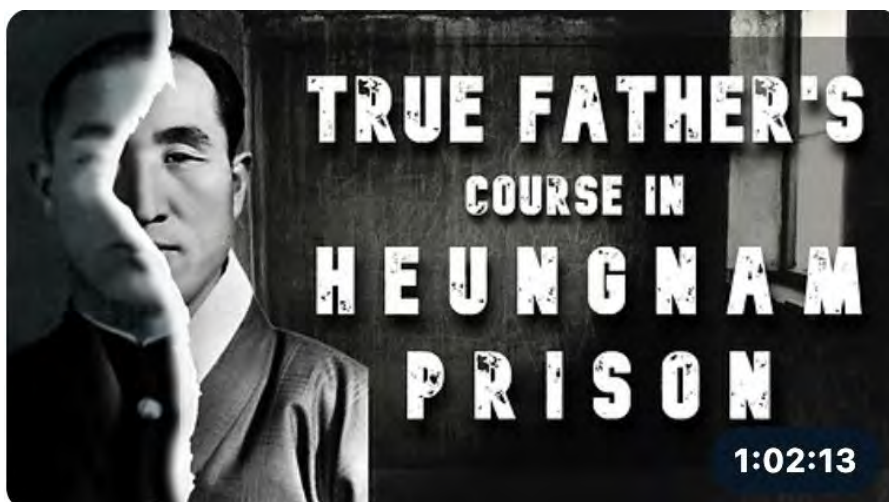

[Sanctuary Service 11/5/23](#)

In the "micro," internal zoom meetings about financial crisis in the FFWPU have been made public on YouTube. Hyung Jin Nim told her that if she exalted herself, she would be humbled. She praises herself while diminishing True Father, but all that foundation is crumbling. His true victory is the fulfillment of God's purpose of creation, the victory of the 2 brothers, Hyung Jin Nim and his elder brother, Kook Jin Nim, and of True Mother Kang, who devoted her life to attend her savior. It was never about the money. It was about the victory of love, of Father's Kingship line abandoning wealth in order to be faithful to True Father. She thought that the wealth would protect her, but it is all being taken away via defaulting on the loans, and foreclosure on the properties. There is no honor in a den of thieves. That is why a good civilization can only succeed on the basis of honor and truth. As the Bible says you cannot serve two masters, God and Mammon.

God can take away billions, and He can restore them. We are the true Unification Movement. Hyung Jin Nim begged her many times not to betray Father. Lucifer likes to tempt women who seek security for their children. Now the FFWPU is being [sanctioned in Japan](#).

God tells us not to seek power and money, but to seek love. A true queen has a transcendent love for Christ. He calls for Unification sisters to come back and repent. The women in the FFWPU who liked the feminist values of the Only Begotten Daughter are not Godly women. They have prostituted themselves. But they can be forgiven. You told God's people to go die in a pit. But we focused on God, not on them, and are moving forward.

Father's remnant is fine and strong. And brothers in Christ are joining us. He referred to [Father's proclamation in 2010](#) that Hyung Jin Moon is the heir and successor and that anyone else is a heretic and destroyer.

Please pray for those who have fallen to truly repent that they have abandoned and betrayed True Father. You attend Father by attending his heir and anointed grandson. There is a physical lineage on earth to attend.

It's not about status and position. it's about love, coming back to the community that loves and honors Father. Love the True Mother (Kang) who gave her love to Father throughout her whole life. Praise God for finding such a woman, with a beautiful, true heart! Who loved Christ with her whole heart! Be

thankful that your Father will forgive you.

The world is exploding. God still has promises for the Jewish people. We condemn Hamas for their massacre. The teaching that Christians are the new Israel should not be called '[replacement](#)' theology, it is 'fulfillment' theology.

The "eye for an eye" teaching in the Old Testament was to stop revenge killings, where a murder would be retaliated with the execution of entire families. Radical Islam is a danger to God's Kingdom and to all of humanity.

There are large Palestinian populations in the West. When they chant "from the river to the sea!" it means there should be no Jews between the Jordan River and the Mediterranean Sea, meaning the extermination of the Jews. Many leftists chanting this slogan, don't realize they will kill gays and rape women without an afterthought.

There is a split between the Cain and Abel camps. Wealthy and influential people like Trump, Elon Musk, and Joe Rogan, etc. are standing up for freedom versus George Soros and other billionaires who support totalitarianism.

He also critiqued the unquestioned support for Israel by the Christian Zionists. Israel has a right and obligation to defend its population from those who intend to annihilate them, but the U.S. should be careful not to be dragged into a world war. Pray for Israel to be saved from those who hate and for its residents to open their hearts to Christ. In 2003 True

Father invited rabbis to crown Jesus in Jerusalem. The rabbis did so willingly.

The Jerusalem Declaration, May 2003

In a spirit of understanding, harmony and reconciliation, believers from both families of Judaism and Christianity wish to repent for the dark parts of our past, and seek a bright future together, caring for the

plight of all who suffer and long for a better world.

We have come to recognize that leaders and members of our respective communities have sinned in terrible ways against G-d, and against one another. We seek forgiveness from G-d, and from one another.

Assembled in the Holy City of Jerusalem, in the land where G-d chose His covenant people and sent His prophets to purify our faith and lead us in paths of righteousness, on this 18th day of May, 2003, for the sake of G-d and a world of peace and love for all humankind we join together with one heart and voice to declare:

1. Each of our traditions has experienced the path of suffering and persecution, together with G-d, for the sake of our respective faiths, often suffering unspeakable horrors at the hands of evil forces and oppressors.

2. We too have fallen into ways abhorrent to G-d, sometimes becoming actors on the side of evil, even persecuting and killing others. For these times we truly repent and beg forgiveness from G-d and from one another. We wish to cleanse our lives and all future history from the moments when we have not loved innocent people whom G-d loves.

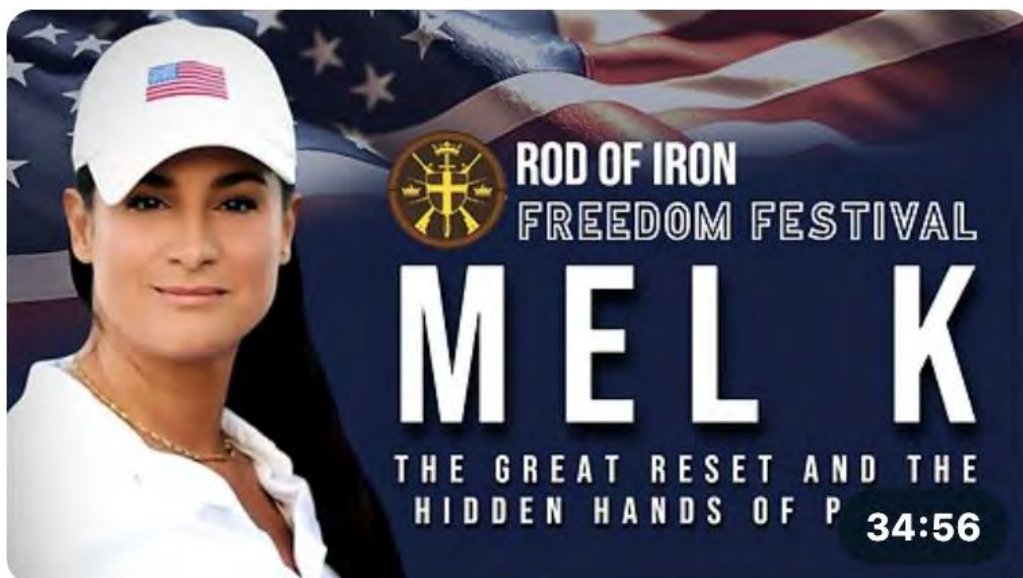

3. We wish to bring to a close the long history of suffering and evil, and work together with the prophets, saints, sages, and founders of our religions, who are now united in the spiritual world, to usher in an age of peace and good will.

4. We Christian believers have celebrated what was actually the moment of G-d's greatest sorrow by glorifying the execution which ended Jesus' physical life, shattered the dream and promise of the prophets, and blocked the coming of G-d's Kingdom for 2000 years. During this time we have too many times failed to embody the love of Jesus, and instead perpetrated a history of Anti-Semitism. For this we truly repent.

5. We Jews, chosen by G-d as a people, wish to open our hearts to G-d to see ancient events with His eyes, and liberate ourselves once and for all from the burden of Jesus' crucifixion. This simple and innocent Jewish young man Yeshua, whom G-d loved and in whom He placed His hopes and dreams, was betrayed by the rich and powerful among his own people, who for the sake of their status and comfort turned him over to executioners of hateful foreign powers. For this we truly repent.

6. On this day of May 18, 2003, in the Holy Land of Israel, united in love, we Christians and Jews pledge to receive your endless grace and forgiveness, even as we forgive and reconcile with one another, and devote ourselves anew to your living will. We affirm the courageous and sacrificial work of Reverend and Mrs. Sun Myung Moon to bring our families of faith together. We will make one family of G-d with the Blessing of True Parents, establish our own ideal families according to your eternal teaching, and create a new world of justice, peace, and true love.

The Unification Church said Tuesday it is ready to set aside up to ¥10 billion in funds for future damages claims from former followers and their family members if the court revokes its religious corporation status.

The latest announcement was made as lawmakers in the ruling and opposition parties separately contemplate measures to secure the church's assets if the Tokyo District Court decides to strip the group of its status.

There is growing concern that the Unification Church, formally named the Family Federation for World Peace and Unification, will transfer its assets to South Korea or another group before the court order is issued, which would otherwise cause those assets to be liquidated and confiscated.

Tomihiko Tanaka, head of the group's Japan branch, outlined the group's strategy, expressing their intention to entrust an amount ranging from ¥6 billion to ¥10 billion to the government.

These funds, Tanaka said, would be reserved to compensate those who come forward with claims against the church, in the event that the court approves the government's request to revoke their religious corporation status. In that scenario, the group would lose all of its assets, including worship facilities and training centers.

He said the church has stopped funding the group's overseas activities, emphasizing that it has no plans to transfer its assets or funds outside Japan until the court decision is finalized.

"There is absolutely no need for legislation to secure the assets," Tanaka told a news conference Tuesday at the group's headquarters in

Tokyo's Shibuya Ward. "I offer my heartfelt apology to all those who have suffered due to our shortcomings, and especially to the second-generation believers who have endured difficult experiences, as well as to all the people of our nation," said Tanaka.

The comments marked the first time the church has apologized over the suffering it has caused to followers and their families since the assassination of former Prime Minister Shinzo Abe last year, which renewed public interest in the group over its coercive donation tactics.

Referring to the highly-criticized donation tactics, Tanaka defended the church's followers saying that they didn't take the donors' financial situations into consideration as it hadn't been considered necessary.

Over the 16 months since Abe was killed by a suspect who allegedly had a grudge against the Unification Church, the group said it had responded to a total of 664 donation refund requests, with the value of refunds totaling around ¥4.4 billion.

Tanaka said that if the government creates a legal framework where the victims can be compensated from a pool of funds, the church will offer ¥6 billion to ¥10 billion as financial resources.

"We are ready to collaborate with the government to create one-off legislation to address this and make necessary preparations," Tanaka said.

But it is unclear if the government will accept the funds. Later in the day, Chief Cabinet Secretary Hirokazu Matsuno declined to comment on specific cases, only saying that whether the government will accept the funds or not will be determined based on the law.

Last month, the government sought [a court order to revoke the religious corporation status](#) of the Unification Church amid a backlash over its dubious methods for soliciting donations.

The church called the move [a violation of freedom of religion as well as human rights](#).

The church is expected to argue against the case with the latest public apology and financial contribution, in hopes that those moves will work to its advantage in the court proceedings.

The church would still be allowed to continue its religious activities, as protected by the freedom of religion clause of the Constitution, even if the court revokes its status.

concerns that the group might relocate assets.

Meanwhile, the Constitutional Democratic Party of Japan and Nippon Ishin no Kai — both opposition parties — have separately submitted a bill to parliament to ensure that the group's assets won't be transferred to another group or outside Japan.

The church has criticized such legislation as infringing on freedom of religion, which is guaranteed under the Constitution.
