My Time with Hyo Jin Nim

*Incline your ear, and come to me; hear, that your soul may live; and I will make with you an everlasting covenant, my steadfast, sure love for David. Behold, I made him a witness to the peoples, a leader and commander for the peoples. Behold, you shall call a nation that you do not know, and a nation that did not know you shall run to you, because of the Lord your God, and of the Holy One of Israel, or he has glorified you. **Isaiah 55:3-5***

What makes a Satanic world? Satan's blood, Satan's tradition, and Satan's love. In order to leave Satan's world we have to cut off Satanic blood and Satanic love relationships. How do we do that? The only way is to love God more than we love others: in particular, the Satan related person we've been loving. We have all kinds of relationships to fallen descendants. We have to have a stronger tie with God than to any ties we have with Satan.

This is a matter of life and death. There is only one thing that we have to be proud of. Nothing else matters except this very one thing. This very one thing is that we are proud of the new blood relationship of love with God. If you have to do it all by yourself, individually, then you have to fight on the individual level, on the family level and on the next level, the next level and so forth.

SMM, Holy Wine Ceremony for 843 Engaged Couples - Part I Dec 31, 1980

Hello,

Hyung Jin Nim started his Sunday message by discussing how you get tougher by hearing what the enemy is saying about you. The Oompaville channel (4.8 million followers) posted a documentary about Sanctuary Church that had 400,000 views. It makes fun of the Rod of Iron Ministries with quotes about women submitting to their husbands, who themselves should submit themselves to God. This is the orthodox Christian view for 2,000 years, that he is criticizing.

On average, women are more emotional, what Jordan Peterson describes as chaos realm. He points out that female neuroticism helps babies to survive. Men have to protect and provide for the family and lead/raise their wife and children when they are older. Male psychological rationality is valuable and needed. Showing your husband respect is definitely better than constant nagging. Feminism is "Marxism in pink panties," creating division.

Millions of men follow Andrew Tate, the former professional kickboxer who became Muslim. This generation is sick of lukewarm churches and looking elsewhere. They need to understand Islam has very different values than Christianity. When it takes over a nation, it creates utter tyranny.

Hyung Jin Nim is not doing ministry for himself, so he doesn't care if he is attacked. We should transcend

desires for fame or regard. The world says your job/career is your primary identity, but men should be the priest, husband, and father in the home, not just a provider. Only Christ's purpose can fill the hole in our hearts.

Two weeks ago his main speaking event was in Yeosu, which True Father called his hometown. Brothers and sisters overflowed the room even though the meeting was held in the middle of the week.

The 1st Generation in the church had heavenly "military" training including fundraising, street witnessing and a sacrificial lifestyle. There is value in that kind of activism training, with a chain of command and communications. Modern Christianity has lost this.

Both sons and daughters benefit from having a strong father. Feminism makes many women feel angry and resentful. Marriage and having children are labeled as a type of "slavery." The feminist narrative ignores the reality that women who are single mothers often become dependent on welfare and slaves of big government.

Men have a tendency to desire sex with unlimited partners, but out of submission to God they are called to be faithful to their wives. Divorce is permitted for 3 reasons, but it is considered the worst-case scenario. If a woman chooses forgiveness for her husband's porn habit or adultery, she has to practice love and respect for her husband. The same for a man choosing to forgive his wife's adultery. He has to show Agape love. If you invest with sincere love, you have a better chance of restoring the marriage. Your husband may not be that romantic because he stayed away from

women, but he will learn.

Training can feel like torture, but you are doing it for a higher purpose. This was the message, "Mind Body Training," that True Father wrote on a plaque that Hyung Jin Nim treasures.

There is a danger of an obedient child doing religious rituals out of obligation and burning out. It's important to cultivate a personal relationship with Christ/True Father. If you don't have love, your words are like clanging cymbals. When your children become teenagers, focus on relationship over requirements/rituals. Put on your "counseling hat." God's focus is to raise us up.

He spoke about the analogy of 1 divided by X. as X increases, the total value gets closer and closer to zero. In the same way as we make efforts to reflect God's nature, it is possible to get closer and closer to God, but of course never becoming God Himself.

The predictions of Hak Ja Han proved to be false. She had the free will to follow after Father's passing. At the beginning of 2012, 70,000 church leaders and members came from around the world to attend the Completion level Blessing in Korea, but Father canceled it at the last minute, saying it would take place the next year, for reasons that are now clear. But then he passed away on September 3, 2012.

In 2013 and 2014 Hyung Jin Nim called the Han mother every week. When she came to the U.S. he flew to Las Vegas to meet with her. He flew to Korea to meet with her at the

Cheon Jeong Gung. But then she sent 40 guards to stop him from entering. She told her secretaries to stop accepting his phone calls.

Of the True Children, only he lifted up True Father. He did not ask for the crown. It was True Father who made him wear his royal crown and robes. He did not choose money, power or fame. He accepted mockery and rejection.

She made prophecies that everything she did would do better than Father. That he had an embarrassing "tail." True Father explained about 6 representative women, "back-up" brides. He was teaching about this many times. Everyone knew about this, including Hak Ja Han.

Was True Father unable to control himself, or the Lord? Was Jesus a liar, or the Lord? In the parable of the ten virgins in Matthew 25, Jesus accepted 5 of the 10 brides. Transferring the lineage of God is not easy.

Hyung Jin Nim made the prophecy of macro-level judgment. Worldwide tyranny came within 7 years, with the bio-plague Covid lockdowns starting in 2020. In comparison, it took 40 years for the judgment to come to Jerusalem after Jesus was crucified. We now see the empowerment of the satanic dragon, Communist China, which represents the model of what the top-level global elites in Davos want to emulate.

We see the miracle of [January 6 videos being released](#). Capital police pushed an elderly woman down the stairs. We see police in service to totalitarian leaders. Police throwing concussion grenades into the crowd while laughing. Forcing the crowd to move towards the capital police who were waiting with batons. Now conservatives in the U.S. understand about police brutality.

We see the division between Abel and Cain type leaders. A civil war among elites is necessary. 2024 will determine whether the world regains freedom or goes further into tyranny. But Christian men must be strong. Americans must abandon secularism and re-embrace Christianity. Jesus spoke about men and women being one from the beginning. Pray for people to come to their senses and to return to Father's loving fatherly guidance.

The USA is not prepared to be self-sustaining. It has outsourced the production of computer chips, antibiotics, munitions, etc. Gavin Newsome cleared San Francisco in preparation for Xi Jinping's visit as if he were a god. He received bows from hundreds of corporate CEOs. In half a generation (10 years) the world order has collapsed. We also see the collapse of the FFWPU.

Revelation 12 describes the miracle of the woman who escaped to the wilderness with the signs in the heavens. It's fascinating that [NASA reported](#) about 12 stars in the crown in the skies. In Newfoundland, PA, the True Parents perfection level Blessing took place 9/23/2017. All those attending were reborn through that.

In Rev 18:7 the queen of Babylon, says "I am a queen. I am no widow." In Korean, the usual word for Queen, 왕비 means "wife of the King." But instead, there is the Korean word, 여왕 for female King. Hak Ja Han shows herself bedecked in purple robes and jewels, with little said about Father.

When Tim Elder left the Family Fed, church leaders told him "we have resources for 200 years of living

well." But billions have been lost within 10 years, leading to precious, historic church properties being liquidated. Many church members chose to follow leaders who led them away from True Father, to separation from God, to hell, which is psychological torment where you are not able to breathe the love of God.

This was the 1st time to celebrate Children's Day in Korea. Many traveled for several hours to share love with Father's heir. You could feel God's spirit and get high on the love of God and for the Father. Mrs. Cho is preparing a new building that can fit 500 people. Hyung Shil Kang loved Father the most. She was and is his #1 fan. Don't worship her as a goddess.

[Roots of Hamas Oct 7 Massacre, Clash of Worldviews?](#)

In Japan, emails and phone calls came in to the Sanctuary headquarters during the service. One said "I'm coming back to True Father." One was from a grandmother, saying "I cannot pray in front of Hak Ja Han's photo. Please send me a photo of the 3 Generations Kingship. I am coming back to True Father's authority!"

Another said "I cannot deal with all these owls! There are even owls on the Family Fed offering tables!" They should realize that owls are symbols of Moloch and Illuminati because it can see at night.

The national government of Japan is now mobilized to end FFWPU in that nation. This is powerful evidence that True Father is on the throne, bringing judgment to the woman and her followers who rejected him.

Many are coming to repentance. Many Christians say that once saved, they are always saved. That is what many in the FFWPU also believe, that once blessed, they are always blessed, regardless if they disobey Christ. They portray Hyung Jin Nim as angry and disrespectful, but he is just about sharing love about True Father, praising the Father. He was shouting to warn them to get out of the burning building!

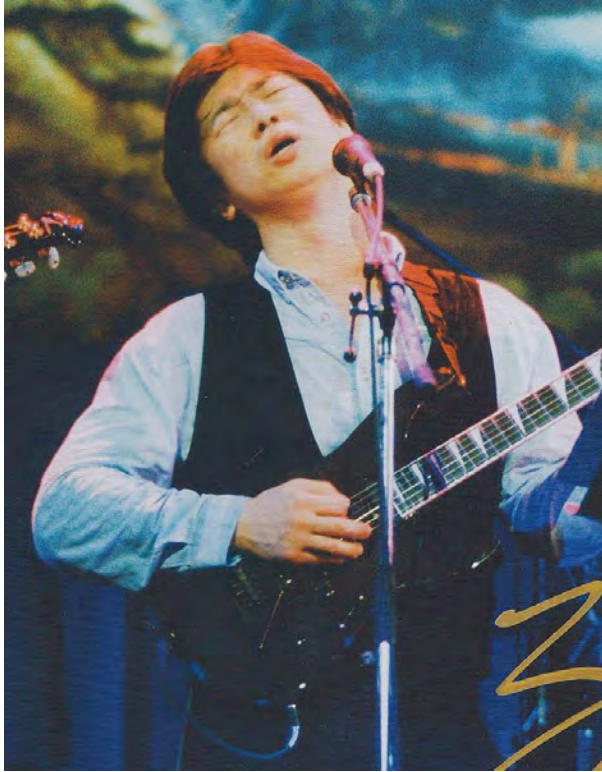

My Time with Hyo Jin Nim

by Kenneth Koh,

My wife and I worked exclusively for Hyo Jin Nim for the last decade of his life. I was with him daily at the Belvedere Studio in Tarrytown. I received a link to the King's 'Breaking the Silence' video, after which my family returned to True Father's authority in 2015. We are very grateful for the Second King and Queen.

Hyo Jin Nim passed on March 17, 2008. One month later, as you know, on April 16, Father publicly stated, "Today, at this time, there must only be one line of authority. The center, centered on Korea or the world, over the entire Unification Church, will stretch out and become larger. From now on, I can leave

someone in charge of my work on my behalf. Currently, there is no one among our church members who surpasses Hyung Jin in his standard of faith or in any other way. Do you understand? I am appointing him."

During my time with Hyo Jin Nim, True Father had asked Hyo Jin Nim to "take the lead" after Father passed away, but Hyo Jin Nim declined. True Father asked him three times; however, Hyo Jin Nim turned down the offer three times. When I asked Hyo Jin Nim why, he explained that he wanted to support his siblings from "behind the scenes" (Verbatim). He also said that his younger brothers were more qualified to lead the church than he was. He felt that church members would not accept him and they would not love him. It was sad to hear such things. I was there when Hyo Jin Nim heard that Hyung Jin Nim was chosen by Father. Hyo Jin Nim said, "Good choice" (verbatim).

Hyo Jin Nim was loyal and dedicated to True Father during the last decade of his life. He was all about Father and was nothing like the mistakes that are often spoken of by members to this day. He did not like the fact that mother was doing whatever she wanted; in fact, one time, Hyo Jin Nim fought with Father over Han Hak Ja saying, "why do you let her do whatever she wants?" Father replied, "She doesn't

listen to me."

For whatever it's worth, Hyo Jin Nim is the most beautiful soul I've ever known personally. Before his untimely passing, he told me he wanted to love his siblings more by spending time with them so they would get to know him better.

Sincerely,

Kenneth Koh
