The prudent sees danger and hides himself, but the simple go on and suffer for it. Proverbs 27:12

He said to them, "But now let the one who has a moneybag take it, and likewise a knapsack. And let the one who has no sword sell his cloak and buy one." Luke 22:36

If you look at Chinese characters constituting Korean word for "church" you can see that a church is a place where a dutiful son lives together with his father. That's how it should be. Without it you have not other place to go. There are your brothers representing father. In America you have a president who represents father. In the Heavenly Kingdom God is the center.

America is supposed to be a model of a world nation, because you have everyone in this nation. People unable to maintain subject-object relationship and adjust to the environment of the eternal world fall down to hell. They go to the darkest place. Sun Myung Moon, We Are All One Family, Kodiak, AK, August 27, 2007

Greetings!

In Sunday's Service, Hyung Jin Nim explained that preparing is a biblical value. Events in the Bible included floods, natural and manmade calamities. Popular media often mocks those who prepare for those, but each of us has an [amygdala to prepare us to deal with predators](#).

Countries can devolve into chaos. Venezuela was once the most prosperous country in Latin America. Now, many are starving to death and looking for food in trash cans. Look at the devastation in Houston from Hurricane Harvey.

Noah was a doomsday prepper who tried to warn the people of his time. He built a "floating bunker" for 75 years. When the rains came, people were not prepared and were destroyed.

So much preparation was required for Noah's ark. In addition to building it, he needed to create accommodations for animals for an extended period of time and tools to make repairs.

Joseph prepared the nation of Egypt for 7 years of drought and famine. He was able to rescue his family who moved to Egypt. But the Israelites became enslaved to a culture which does not honor God.

God asks us to prepare not only for provision, not just for survival, which can lead us to become slaves. Our purpose is to be a blessing to others and to honor God. So that we have resources and leverage to do the work of God.

Our country has seldom been more divided. The mainstream media portrays all faith-based conservatives as racists and minimizes the violence of leftist groups like Antifa. Conservatives are not perfect, but they are standing up against totalitarianism and those who advocate more centralized government.

Hyung Jin Nim warned Mother that if she rebelled against Father's will, Korea would be judged. She and church leaders laughed. Now there is an imminent danger of a North Korean attack and leftists in power in South Korea.

The American Revolution was a rejection of centralized power by Abel-side elites. Poverty is not a problem of classes as Marxists say, but a conflict of predators of any class vs. normal people who want to earn an honest living and provide for their families.

The coming time of tribulation will not be easy. We can never be completely prepared, but we can take steps to be better prepared.

What is True Mother Currently Teaching?

\*\*\*\*\*

Here are just a few of the profound things that Rev. Yu taught about on the 4th day of the OSDP workshop held at the Unification Sanctuary three weeks ago.

**Highlights of Rev. Jeong Ok Yu's OSDP Workshop (continued)  
Day 4, Lecture 3**

Today's education is knowledge education, but lacks preparation for preparing the sons and daughters of God.

In the 1st Blessing, I attend the Creator within myself. If we lose Absolute Sex, our shimjung cannot mature.

The pain of one person's mistake will be felt by God and the entire world, like pain in one part of the body.

For the family, we need an education of norms. We must protect the family. An order where the Father, Mother, Eldest Son, etc. sit. Even where to put shoes. The mother should follow her son after the father goes to the spirit world. The best filial piety is demonstrated by the sibling who helps his brothers and sisters.

The first to know who is the Messiah is Satan, who wants to kill him. In order not to be secularized, read HDK every day. Knowledge alone will not make my

shimjung explode.

The mother has to teach children that their father is a great man. If not, God cannot dwell in that family. True Father could not educate his children. God could not educate Adam and Eve, that was the Archangel's responsibility. Leaders should raise members to follow True Father's representative, not themselves.

All of God's sons and daughters are geniuses from God's point of view, with unique abilities. Find out your child's interest. If we know God, the spirit world and the True Parent, we will not make mistakes.

If Adam and Eve had not fallen, their language and culture would have been followed by the whole world.

The slogan "Love heaven, love humanity and love the nation" was posted on the gate of every school established by Father. The final revolution will be that of humanity. Previous revolutions tried to change externals through military force and power, but the final change starts with internal mastery, shimjung, true love and character. Absolute love can create true families.
