

## 5th Anniversary of Father's Seonghwa & Cosmic Blessing 4300 Couples

Richard A. Panzer

September 12, 2017

World Peace and Unification Sanctuary - USA

But the day of the Lord will come like a thief. The heavens will disappear with a roar; the elements will be destroyed by fire, and the earth and everything done in it will be laid bare. Since everything will be destroyed in this way, what kind of people ought you to be? You ought to live holy and godly lives as you look forward to the day of God and speed its coming. That day will bring about the destruction of the heavens by fire, and the elements will melt in the heat. But in keeping with his promise we are looking forward to a new heaven and a new earth, where righteousness dwells. So then, dear friends, since you are looking forward to this, make every effort to be found spotless,

blameless and at peace with him. 2 Peter 3: 10-14

All levels from the individual to the cosmos must connect with the ideology centered on the Heavenly Father in order to restore right of kingship based on the family; this signifies the restoration of cosmic right of kingship. It cannot be achieved without the family, for that is the center. Through the foundation of Adam's united family, the harmonized tribe of Adam must be established. Wouldn't Adam have had a tribe? Based on the foundation of the unified family of the Adamic figure, his nation has to be unified and extended to the cosmos. Only thus can the right of kingship be restored through the foundation of the unified Adamic family. CSG 1568

Greetings!

On September 7, participants from all over the world gathered to participate in deeply moving ceremonies at the Unification Sanctuary in Newfoundland, PA to observe the second anniversary of Foundation Day, the fifth anniversary of True Father's 5th Anniversary and the Cosmic Blessing of 4300 Couples, Third Phase.

[Cosmic Blessing of 4300 Couples 9.7.2017](#)

In the afternoon, the newly blessed couples enjoyed captivating performances during the entertainment including an awe-inspiring break dance by Victor Moon, a relative of the True Family. Hyung Jin Nim also shared deeply during a Question & Answer session.

[4300 Couple Cosmic Blessing Performances](#)

[Q & A with the Second King, 9.7.2017](#)

In September 10's Sunday Service, Hyung Jin Nim explained that currently there are 6 Hurricanes and an 8.1 earthquake in Mexico in the world. These natural disasters have the silver lining of bringing people together beyond politics or ideology. It's important for sons and daughters of Cheon Il Guk to stand in their sovereignty during these times of tribulation. Another reason why the right to bear arms is so critical.

[Unification Sanctuary Service 9/10/2017](#)

The majority of Muslims are peaceful, but for those who are serious about Islam, the Koran does justify the use of violence against non-believers. Mohammed himself was a jihadi, who approved the [beheading of 800 Jews of the Banu Qurayza tribe](#).

Hyung Jin Nim spoke about a Korean minister who spent 20 years in Iran who witnessed parties for 9 year-old girls who could legally be married. He criticized the [Sharia law requirement](#) of 4 male witnesses to confirm a rape and the punishment of the victim if she cannot provide those 4 male witnesses.

Islam is not only a religion, but also a political ideology. True Father said in front of 400 Muslims in Istanbul that "Mohammed is a devil," a statement that was not translated from the Korean, for obvious survival reasons.

We must not think that Christians are our opponents. They are definitely on the Abel side. They will understand better later.

In Cheon Il Guk the average citizen should have military training. Since it is practically not possible for the police and military to protect all citizens, this would be the only practical way for citizens to protect themselves. An empowered and self-reliant Christianity is required. Through Peace Police Peace Militia training young people are forced to learn about their own limits.

At the anniversary of Foundation Day and Father's Seonghwa on September 7, Hyung Jin Nim had to disappear and let True Father speak. We must no longer hold on to the slave mentality. It is a good thing that Japanese brothers and sisters are putting up photos of couples with their crowns and replica AR15s even if most citizens are not allowed in Japan to own and use weapons. Hyung Jin Nim did not give up his crown, because he did not want to dishonor my Father. And he crowned brothers and sisters so they would realize the reality of their own sovereignty.

3 Generations Kingships Painting by Suwon Hadjamar on left

He discussed Cheon Il Guk constitution with his children. We should invest in our own families and protect our dynasties, and train our children in the tradition of the CIG to be inheritors of the Kingdom of God.

Rev. Sang Yeol Lee shared Father's words about the importance of uniting North and South Korea, and of defeating Communist thinking and practice. If not, then a free South Korea could disappear like South Vietnam since North Korea is ruled by the devil's ideology. If North and South can be united centered on God-centered ideals of human rights it would pave the way for the whole world.

Here are just a few of the profound things that Rev. Yu taught about on the 4th day of the OSDP workshop held at the Unification Sanctuary three weeks ago.

**Highlights of Rev. Jeong Ok Yu's OSDP Workshop (continued)  
Day 4, Lecture 5**

Marxists teach a Hegelian thesis-antithesis-synthesis dialectic with conflict as the source of development. They ignore development through positive give and take action through common purpose.

For instance, Marxist theory gives an example of the embryo and egg yolk, with the chick fighting against the oppressive shell to get out, drawing the conclusion that only with struggle can something new be born. Unification Theory points out that the embryo is being protected by the shell, which has the same purpose, and weakens so that the chick can more easily break out.

Democracy has no ideology, it is a group of institutions. Without a set of values and beliefs such as God-given rights and individual morality it can easily degenerate

into warring factions vying for power.

True Fathers says that even one word can change the battle. That is why we should not change even one word.

Jesus asked 3 disciples to pray with him in Garden of Gethsemane. Praying together in 4 position foundation would have changed the outcome. The fact that Moses and Elijah met with Jesus means he converted them.

People don't receive grace through sermons because they don't use God's words. Father only spoke about Biblical content, not about secular philosophers. The World Mission Center should send videos of Father's words around the world. Presidents of the countries need to study Korean so they can read Father's words. Need to cover the world with Father's words.

The right of inheritance is not equality. Mother claims she is equal meaning that she cannot be taught. Father said there will always be a representative body of his on earth.

May God bless you and your families!

*Ephesians 5:33 teaches us that God wants wives to live by respecting our husbands. However, can I respect my future husband even when he is acting unreasonably? When you get blessed, give birth, and raise children, it isn't easy to always be a loving and respectful mother. What should I do then? Let's think about it together! Let's study the words of the Bible about love and respect, cry and laugh together, and be filled with the Holy Spirit of God.*
