

Meeting an Angel in Walmart!

Then Job replied: "Even today my complaint is bitter; his hand is heavy in spite of my groaning. If only I knew where to find him; if only I could go to his dwelling! I would state my case before him and fill my mouth with arguments. I would find out what he would answer me, and consider what he would say to me. Would he vigorously oppose me? No, he would not press charges against me. There the upright can establish their innocence before him, and there I would be delivered forever from my judge. "But if I go to the east, he is not there; if I go to the west, I do not find him. When he is at work in the north, I do not see him; when he turns to the south, I catch no glimpse of him. But he knows the way that I take; when he has tested me, I will come forth as gold. My feet have closely followed his steps; I have kept to his way without turning aside. I have not departed from the commands of his lips; I have treasured the words of his mouth more than my daily bread. "But he stands alone, and who can oppose him? He does whatever he pleases. He carries out his decree against me, and many such plans he still has in store. That is why I am terrified before him; when I think of all this, I fear him. God has made my heart faint; the Almighty has terrified me. Yet I am not silenced by the darkness, by the thick darkness that covers my face. Job 23:1-17

Freedom is not that valuable without love. Freedom is undoubtedly important and everyone wants to have it-yet without love, it is not great. Why is it so? That is because without love, its power cannot continue forever. It is limited, in other words. Without love, freedom will not last. It will change into something else. It may be good when you first get it, but after a while, you get tired of it. You don't want to be in it anymore. It is not eternal and unchanging. Power without love, money without love, anything without love is not that great-even freedom. Reverend Sun Myung Moon, "The Pride Of The Unification Church," December 10, 1989

Dear

Hyung Jin Nim started the service by talking about the riots in Paris and protests by 2 million French citizens. These were in response to the government's mandated rise in gas prices, already twice those of gasoline in many U.S. states, to discourage the use of carbon-based fuels blamed for causing "global warming." The "Yellow Vest" demonstrations are one more example of the rise of populist, sovereignty-based movements in Europe opposing the imposition of edicts and taxes that citizens have no control over. How would you oppose that? 89,000 policemen had to be deployed. Seventeen thousand yellow jacket protesters were arrested, but that will not stop their desire for freedom. Nations are being shaken. Consider that this is France, not some third world country!

He showed photos of combat veterans at the Vetstock award ceremony where an award was given to Kook Jin Nim, who said "if it wasn't for you (veterans), Gen. Douglas Mac Arthur and the U.S. soldiers in Korea, who saved my father's life in a Communist death camp, I wouldn't be alive." Veterans really understand the value of the 2nd Amendment, which can take down a tyranny or defend a nation.

It is sometimes natural to struggle about all the opposition, but God is working on the hearts of people. Those who attended the Support Trump GOA Benefit banquet last year were persecuted, but came to accept and even defend Hyung Jin Nim. We need their support. We cannot be safe as an isolated community.

**Sunday Service - December 9, 2018 - Rev. Hyung Jin Moon
Unification Sanctuary, Newfoundland PA**

Every believer goes through ups and downs, questioning God like Job did. Sometimes it's hard to believe when the whole world is against you. Job knows what God will say, "Trust and believe!" but he still wants to argue with God.

On Saturday, Hyung Jin Nim and Yeonah Nim were traveling early in the morning to New Jersey for Jui Jitsu training, Yeonah Nim saw 6 boxes of ammo from target practice lying on the floor of the car. If the car were stopped and the ammunition discovered it could have led to being arrested and being convicted and even sent to prison. He began to question why he is doing such a disruptive ministry to tyrannical government. The reality is that his whole family is endangered.

How many gun-owners would stand up to support if the government forces came to the Palace? Only 3% stood up during the Revolutionary War. In other countries, this kind of message would be even more dangerous for its advocates.

We are perhaps the only church in the world that is outspoken in giving a biblically-based message for local empowerment and self-defense for all people throughout the world. It's no accident that it came through a son of Rev. Moon.

He and Yeonah Nim turned around and returned to Pennsylvania. They went to Walmart, where they ran into someone, an "angel" from Connecticut, who said that he'd bought the *Rod of Iron*

Kingdom book. "Rev. Moon, I love that book! I'm going to come to your next festival. Your vision is amazing!"

He and Yeonah Nim were in tears, feeling "God just gave us a miracle." What a blessing. God sent that man to give us a word! Hyung Jin Nim realized that when God gives a promise, He keeps it!

If Hilary Clinton or someone like her who are rabidly against the 2nd Amendment takes power, we could be targeted. Our lives could be endangered, just like the Founding Fathers.

He invited S. Tashiro to share his testimony about attending the "Surge" Revival at the River Church in Tampa. S. spoke about his struggles between his secular self and faith self. He started shaking, but then he shouted out "True Father" and felt peaceful. He shouted again and felt more peaceful. He was escorted out of the room. Finally he told the representative, "True Father is the Second Coming."

His wife, K., also shared her testimony. The first three days she was negative and then realized that she was not hungry enough for an experience with God. She repented from her heart, not just her head.

Hyung Jin Nim spoke about the importance of sharing our testimonies. That doesn't mean that we are perfect. It's giving a gift to other people.

K. Raucci also spoke. She was feeling angry at her husband. Finally she hugged her husband and shed tears, realizing that not only was she hurting her husband's feelings but also God's! She felt free and began to have Holy Spirit experiences of laughing and speaking in tongues. She couldn't move her body and felt so much joy.

Misha Panzer had a wonderful experience even though she has been struggling since then. She felt waves of laughter coming from her belly and released from a lot of pain. She could feel so much of God's joy.

Hyung Jin Nim suggests keeping a spiritual journal. We are historical people, whether we realize it or not. Yeonah Nim created a prayer room where she has prayer lists and lists of answered prayers.

It's important to reminisce and remember the goodness of God, the victories. We gained from attending the River Church's revival and now they are receiving firearms training.

Hyung Jin Nim has been praying for God to work, but also struggling sometimes with the pressure. Many times we fear God because we don't want to expose our inner vulnerability. We want the blessing of God, but we also fear it. When we show our vulnerability, people trust us more. If we can't be honest and real, that becomes a burden we carry around.

The Peace Police Peace Militia is not about hurting others or showing our power, it's about repenting before the Lord, and protecting others. The motive is critical. For example we don't just look at the facts of a crime, but look at the intent. A mother who steals food to feed her starving children is different from someone who steals to buy drugs or to become rich.

God has given us many gifts, but we are often afraid to release them. If you hate someone, you should be praying for them. Be ready to defend them, just like Christ.

HJN says he doesn't always feel God's presence with him. Like Job, he asks questions even though he already knows the answer -- to trust in God. If Heavenly Father could turn around Paul (Acts 7), who was a murderer of Christians and present at the stoning of Stephen, He can turn enemies into supporters. In difficulties, we can look forward to God's grace and miraculous intervention.

The EU's War Against the Christian UK
by Marie Koh

The twenty first century has been brutal for Christians around the world, particularly in Africa and the Middle East. However, despite extreme persecution in these politically charged times, Christianity's flames of hope and revival are igniting once again across the world.

England is now recognizing her Christian heritage, once again refusing to accept the EU as their political representative which promotes Islam and the Koran over Christian values. Unfortunately, many have paid a heavy price for standing up for their beliefs and their free speech, facing hefty fines and even jail time. Patriots who have fought in recent wars for this government, but defend England's independence from the EU have been treated like terrorists and even required to give a mobility inventory to the police every week recording their every move. This is happening to British citizens all over the country. Some have been beaten down by the police, threatened, and interrogated; they go after you and the families, friends, neighbors, cousins, aunts and uncles, the grandparents and your friends at work. They try to defame you, demonetize, isolate you and destroy your business if you have one.

The EU's War Against the Christian UK

*And the keeper of the prison told this saying to Paul,
"The magistrates have sent to tell you to go:
now therefore depart, and go in peace."
But Paul said unto them. They have beaten us openly uncondemned, being Romans,
and have cast us into prison; and now do they thrust us privily?
nay verily; but let them come thrust and fetch us out!"
And the sergeants told these words unto the magistrates; and they feared,
when they heard that they were Romans.
And they came and besought them, and brought them out,
and desired them to depart out of the city. Acts 16:36-39*

by Marie Koh

Acts 16:36-39 tells the story of how Paul and Silas were beaten with wooden rods and stripped naked on the street and later thrown into the inner dungeons of the prison; their feet chained and clamped to the wall so that they could not escape.

Around midnight, while they were singing hymns to God, a massive earthquake occurred and the door of their cell opened, and the chains of every prisoner fell off.

The Roman soldier began to fear for his life thinking that the prisoners had escaped, he drew out his sword preferring to kill himself than to die at the hands of his superiors, when the disciples stopped him and reassured him that they were all accounted for. And the soldier fell on his knees and he believed in the man Jesus asking them how he could be saved.

As followers of the Lord of the Second Advent, Reverend Sun Myung Moon, we are familiar with the miraculous way in which True Father was freed from the gulag of a North Korean chemical plant by the U.S. Airforce that appeared like winged angels in the night and delivered him from a certain death alongside those who stood near him. Reverend Moon's biography is filled with such incredible stories of endurance, perseverance and a drive to live to fulfill God's will, overcoming death time and time again under imperial Japan, North Korea, Syngman Rhee's government in South Korea and the United States.

The twenty first century has been brutal for Christians around the world, particularly in Africa and the Middle East. However, despite extreme persecution in these politically charged times, Christianity's flames of hope and revival are igniting once again across the world.

England is now recognizing her Christian heritage, once again refusing to accept the EU as their political representative which promotes Islam and the Koran over Christian values. Unfortunately, many have paid a heavy price for standing up for their beliefs and their free speech, facing hefty fines and even jail time. Patriots who have fought in recent wars for this government, but defend England's independence from the EU have been treated like terrorists and even required to give a mobility inventory to the police every week recording their every move. This is happening to British citizens all over the country. Some have been beaten down by the police, threatened, and interrogated; they go after you and the families, friends, neighbors, cousins, aunts and uncles, the grandparents and your friends at work. They try to defame you, demonetize, isolate you and destroy your business if you have one.

Why? Simple—to demotivate you. Hoping you will break down and give up your cause.

Nine British citizens end up in jail everyday in this country for 'hate speech' or if you are caught saying something hurtful or offensive to someone in a public space. They literally report you and to jail you go. People are afraid to open their mouths in public and talk to each other. This is really happening! So people avoid debates. Nobody can have an intelligent discussion any more, at least not without reserve.

When you have politicians like Anne-Marie Waters from Britain First who gets thrown out of important meetings that concern the fate of the country, has her posts censored online and is prohibited from opening an account with a bank to fund her public activities, who can blame the British!

People are oppressed in this country and it is because of the EU and the UN making policies to control people that nobody wants!

When Tommy Robinson was arrested, everyone thought that would be the end of him: the Muslim gangs would certainly kill him or 13 months in solitary confinement would destroy his mind. The entire country lived in fear, shock and sadness. You could feel that energy everywhere. It was as though the whole nation was in mourning for her long lost son. Even people on the Left were protesting about his unlawful arrest and they were right, it was unlawful.

When his case finally arrived at the Justice Court in London, he was given an appointment and within 15 minutes the Justice Court Judge let him go, admitting the fact that the manner in which his case was handled, was indeed unlawful. Thanks to devout patriots and prayer warriors fighting for his freedom, he did 1 month in jail and 2 months in solitary confinement instead of 13 months.

Although Tommy Robinson's freedom was a victory for England, bad news keeps rolling down the pipeline for the U.K. Not that its anything new, but the UN wants to fill the demographic holes in Europe by sending 59 million migrants to Europe by 2025, and just to make things clear, the Global Compact for Migration is about to pass a law that will make illegal migration a human right this month, making it a criminal offense to speak against it. The UN is about to turn Europe into the third world and no doubt, the next new rape continent of the world. It is well known that mass migration leads to massive unrest and to a rise in crime and murder. The EU is doing this despite the peoples' choice to leave the EU, therefore leading Europe towards uncertainty and tremendous hardship in the near future.

A march for freedom took place on December 9th, 2018 in Central London. The people of England have been betrayed by their government who promised them Brexit, but are in fact doing everything in their power to override the peoples' vote. This will not go down well with the people of England and they have every right to be angry and frustrated. These are your everyday blue collar workers, trying to get by day after day. This is a Christian nation, a patriotic nation and the people are saying, 'Enough is enough!'

The Roman officers in the Bible story recognized their mistake. They had unlawfully beaten and imprisoned the disciples who were Roman citizens and they let them go in peace. This happened under one of the most ruthless regimes in history.

Will the globalist European Union prove itself to be the greatest tyrannical order the world has ever seen? I guess, we are about to find out.
