

Bonhyangwon "Garden of the Original Homeland" Meaning

"Come now, and let us reason together," says the Lord. "Though your sins are like scarlet, They shall be as white as snow; Though they are red like crimson, They shall be as wool. If you are willing and obedient, You shall eat the good of the land; But if you refuse and rebel, You shall be devoured by the sword;" For the mouth of the Lord has spoken. Isaiah 1:18-20

You know very well that if human beings had not fallen, the garden of hope, the original homeland of glory, would be the world we would gladly welcome in our living sphere today. Because mankind fell, we have no relationship with this garden of hope today. In this moment, you have to think once again that the responsibility and duty to construct this glorious new homeland rests with us, even if we have to exert all the strength we have, pour out all of our hearts, and sacrifice all that we have. SMM, "Let Us Establish the Glorious Original Homeland," October 6, 1957, Chung Pa Dong Church, Seoul, Korea

Dear

Tim Elder, Director of International Missions for Sanctuary, was asked by the Second King to give a sermon about the meaning of the resting place for True Parents being constructed near the Kahr Arms property in Greely, PA.

He explained that the True Parents are buried in the Bonhyangwon ("Garden of the Original Homeland"). This could not be established on earth until the Second Coming of Christ.

Jesus established the way for us to leave our position as servants and to become adopted sons or daughters of God. The Blessing established by Christ at his second coming is not just a marriage ceremony. It is a salvation ceremony which allows us to change our lineage from Satan's lineage to God's lineage, offering physical in addition to spiritual salvation. No one deserves the Blessing. No one can say who is or is not qualified to receive the Blessing. It is the gift of God.

Protectors of the Original Homeland (Sunday Service 8/25/2019)

Many times it is the one who sinned the most, who is most grateful for God's forgiveness through the Blessing and may work the hardest to accomplish God's will. This does not mean that we can just do whatever we want. One example is someone who addicted to pornography who is unable to stop watching it even though it damages his marriage, work, relationships and connection to God. Even after going to the spirit world he will be separate from God and will not be able to be in God's presence.

There is no falsehood in the Bonhyangwon. It is the original Garden of Eden. It is the place before the Fall where unfallen Adam and Eve establish God's purpose of creation. To go there we need to be sensitive to, practice and receive true love, which is the "air" that is breathed in the spirit world. We all

need to prepare to enter the Bonhyangwon, the Kingdom prior to the Fall that God originally envisioned.

He finished by showing an artist's drawings of the monuments being created for the Bonhyangwon and the progress and the costs of the construction taking place at this time.
