Hello everyone! This is the Scotland team, this past week we've been meeting students and doing the questionnaire at a different campus! The other campus's went on spring break so we've been meeting students of the Glasgow Caledonian University. It's actually a beautiful campus so we felt very blessed to end up here especially as spring begins here in Scotland, flowers start to bloom, bushes grow their leaves back.

For another first, after another record breaking attendance for both Tribe Talk and DeeP Talk, we had a little sports day on Saturday to spend time with some of the people who've been coming. It was a great way to break out of the norm and do sports for the first time in a long while, we played, Badminton, table tennis and ended by playing Basketball, we made friends with some Chinese students from the University of Glasgow who also came to play basketball and played for an extra hour with them, it was a lot of fun and we all felt uplifted leaving the court, taking a group picture together with our new found friends before we left.

Anyways, thank you for reading and we will be here next week!
