This is to inform you that a new online application system is live and available to you now! This will make the administration of the Blessing application more simple and efficient, both for you as users and for the Blessing Department staff as administrators. From now on, this is the way to apply for the blessing!

The new system hopes to speed process preparing for the matching and blessing, if you are a European Adult Second Generation Member. You can also use blessingapplication.eu if you are already matched, and preparing for the Blessing. This is for EU adult blessed children who are seeking to get matched, initiated by the candidates themselves, not parents (first generation).

Please register via this online system. It can be helpful to do it at an early stage in the process. Submitting a Formal Blessing Application is one of the requirements to attend the Blessing.

It fully replaces the previous system and you will be able to fill out all the necessary forms online as well as submit any required documents online. In the past, all those forms and documents had to be submitted to our office through email or by post. The online system contains the Application Form, the Family Form, the Matching Report an Overview of the Blessing Qualifications. It also offers some guidance related to Matching and Blessing and links to other useful sites.

If you are a European Blessed Child and are seeking to get matched, or you are already matched and you are preparing for the Blessing, please register via this online system. It can be helpful to do it at an early stage in the process. Submitting a Formal Blessing Application is one of the requirements to attend the Blessing.

Main features of the NEW online system:

- You create your own secure login and can update your personal application anytime.
- It gives you an overview of the status of your own Blessing Application, what you have completed already and what you still need to fulfil.
- Our staff can access it as well and are informed about your application as you make any updates.
- The database is confidential and only accessible to the staff of the European Second Generation Blessing Department.

FROM NOW, THIS IS THE WAY TO APPLY FOR THE BLESSING!
