

WFWP USA Giving for Good Auction: Supporting Earth, Our Home, All Life

Angelika Selle
January 22, 2021

What is Giving for Good?

Giving for Good is an educational fundraising project of WFWP International, that addresses the issue of global climate change through circular fashion—buying and selling secondhand to extend the life of clothing and reduce how much is sent to landfill!

The Giving for Good project was initiated by WFWP International Senior Vice President Dr. Sun Jin Moon, as she felt strongly compelled to preserve our planet and care for the well-being of our future generations.

Did you know that the clothing industry is the second largest producer of pollution in the world? Globally 20% of textiles are recycled or reused, leaving 26 billion pounds of clothing going to landfill each year. This means your efforts to move from fast fashion to circular fashion makes a world of a difference.

JOIN THE GIVING FOR GOOD CHARITY AUCTION

In just two days, Giving for Good International will be kickstarting the "Earth, Our Home. All Life, Our Family" charity auction.

This auction spanning three weeks will feature clothing and accessories graciously donated by WFWP International Founder Dr. Hak Ja Han Moon, WFWP International Senior Vice President Dr. Sun Jin Moon, and additional family members. All proceeds from the charity auction will go to projects of Women's Federation for World Peace, International, a 501(c)(3) nonprofit.

Bidding will remain open for three weeks, starting January 24th until February 13th, 2021. Now is the time to look through the 200+ items and see what catches your eye! Both women's clothing AND menswear are up for auction.

Free shipping is included for locations within the United States and Canada. Additional charges will apply for other shipping locations or specially shipped items.

To learn more about the Giving for Good project, and the humanitarian impact it has already made throughout the world, visit givingforgoodinternational.org.
