December 31, 2022

Standing on the achievements of the last 30 years, and looking forward to the flowering of new successes, we can't wait to see what we will create this new year together!

Our mission continues of empowering and equipping women to be the voice for peace. As one WFWP donor says,

**"WFWP is leading us in the heartistic healing of the wounded soul of mankind."**

**In 2023, we plan to raise up and educate the next generation of young women peace leaders. We will also expand and improve our outreach to high-level women leaders through our Global Women's Peace Network.** To make these projects successful, we

need your help!

**Will you help us build a genuine Culture of Heart?**

Yes! I want to support WFWP projects in 2023

**Education and inspiration reaching across the nation and the world!**

**Sharing strengths, skills, sisterhood**

***Your kind donation today will make a difference in 2023!*** You can raise up women sharing the Culture of Heart through the arts. You can help women peace leaders network and learn new skills. We have currently made over 50% of our goal amount for 2023 projects! Will you help us reach our goal?

**\$10,661 raised**

**\$20,000 goal**

Donate today to make a big impact!
