

Nepal Earthquake Relief Fund

Angelika Selle

April 28, 2015

Just a couple days ago, images of a horrendous 7.8 magnitude earthquake in Nepal flooded our TV screens. Our hearts go out to the thousands who have been injured or lost their homes in this tragedy. The death-toll has already reached 2,500 and there is no telling how many more victims will be unearthed.

WFWP USA immediately connected with our counterparts in Asia and Nepal to see if anyone got hurt and how we can best be of help.

Here is what Mrs. Lily Lin, President, WFWP Taiwan, responded:

"Warm greetings from WFWP Taiwan!

Thank you very much for your love and care for Nepal.

The President of WFWP Nepal Ms. Blessie Gadon Dhakal and the Director of Nepal Republic Media, Ms. Shova Gyawali are now in Taipei. We just completed two very successful events: the "2015 GWPNI International Forum on Women's Economic Empowerment" and the Inauguration Ceremony of "Asian Women Entrepreneurs' Peace Alliance" right after which the earthquake happened. Mrs Blessie's house has completely collapsed because of continuous small earthquakes yesterday. However, her children and our WFWP members are all okay. They are all living in tents outside..."

WFWP USA will raise funds through this website and will join with WFWP in Nepal via our direct WFWP liaison to provide emergency humanitarian assistance to families in need. We will stay in close communication with Nepal and give you updates and reports as we receive them.

Thank you for your heartfelt support!
