

WFWP USA feels sure that this New Year will be quite extraordinary

Angelika Selle
January 15, 2019

Dear beloved friends,

Happy New Year 2019 again!

I don't know about you, but I and all of us here at WFWP USA feel tremendous excitement, hope, and confidence that this new year will be quite extraordinary! WHY?

First of all, because our dear co-founder, Dr. Hak Ja Han Moon, announced in her New Year's address, which was live-streamed to friends and acquaintances worldwide: "Don't even think for one moment, that something is not possible! With God and working together in harmony, anything is possible!" And we totally affirm and confirm that!

Our 2019 WFWP USA Motto goes right along with that:

Lead with Heart: Uplift - Collaborate - Transform

What that translates to for me is that it is time to change our current mindset and heartset to a higher frequency, closer to that of a divine mindset, and a wider and deeper heartset, which will allow us to affirm what we have in common rather than see and complain about what separates us from each other. The Hindu greeting "NAMASTE" truly sums it up beautifully! (NAMASTE: "The God in me sees the God in you"). This is how we Uplift ourselves and each other!

That new mindset and heartset will then also allow us to Collaborate more effectively to solve real social ills and problems that affect all of us, instead of using or rather wasting our time in arguing, competing, judging, etc.

We are excited to also launch more prominently our "Leadership of the Heart" educational curriculum, to empower, raise, and nurture young leaders -- including both women and men -- to Transform themselves into leaders who sincerely care for others and use their gifts and talents for the greater good. As we know, real change comes only when I myself change, as "Peace Starts with Me" -- and change and positive development start with ME ... and US!

Our work of education and service will continue to focus on the local and regional levels, and it will have a global influence, as we continue to count on your support in whatever shape or form you are able to contribute.

In 2019, we will also seek to get the message of "Living by the Logic of Love" and "Living for the Sake of Others" out on networks and airwaves and collaborate with others who deeply care about strengthening the spiritual fabric of America. We would therefore be very happy to hear from you if you would like to assist with that in any way.

Here is to continued and even better collaboration to manifest the motto of this year in all we do. So, Fasten Your Seatbelts!

Sincerely,

Angelika Selle
