Women's Federation for World Peace USA wishes you a most

HAPPY THANKSGIVING 2019!

There is so much to be grateful for...

Reflecting on the Plymouth beginning of this nation, Rev. Dr. Linda Nishikawa, who is WFWP's West Coast Regional Director and a member of the Pueblo and Lakota tribes, told me that:

"To me, the beauty of the first Thanksgiving lies in the fact that both the Pilgrims and the Natives centered it on and offered it to God." She also said, "To me, therein also lies the true beauty and heart of the founding of America."

With that in mind, please enjoy this **song by Josh Groban** by clicking [here](#), and celebrate with your family and loved ones, thanking our Creator and thanking one another for the many blessings we receive!

Have a wonderful and blessed Thanksgiving Season!

**Angelika Selle, President WFWP USA
Regional Directors, State Chairwomen, National Board of Directors and
WFWP USA Home Office Staff**
