

## WFWP USA: How many lives can you change with compassionate leadership?

Angelika Selle  
December 7, 2019

**Just one WFWP Leadership of the Heart seminar trains dozens of peace builders,** who take a new paradigm of leadership home to their communities, impacting hundreds more!

Recipients of Leadership of the Heart education gain the tools they need to create peace within themselves and empower others to do the same, to have their best life and to give back.

In the words of one recipient:

***"We have to take each other to the next level. You have my back and I have yours; you help me and I help you, and we can rise together. Empowering each other and lifting each other up is awesome!"***

A gift of \$25, \$50, or \$100 today helps change lives through Leadership of the Heart training, bringing people together as one family with united purpose.

WFWP works for sustainable peace, through our **Leadership of the Heart** education, through our **Cornerstone for Happiness** relationship education, and by networking with like-minded organizations to strengthen our impact.

## What the world needs now: the healing power of women leaders

*"How can there be any jealousy when all of humankind are brothers and sisters under one Parent? This would be the peace that humankind has been longing for since the beginning of time." - Dr. Hak Ja Han Moon*

Thanks to donors like you, over 9,500 women of different backgrounds have been educated and empowered to use their talents to Lead with Heart and create a more peaceful world, one global family.

Through leadership retreats, seminars, service projects and many more local and national programs, women are gaining the tools they need to take action and build genuine, sustainable peace in their families and communities.

Help Women's Federation for World Peace to Embrace the World and promote the vision of Leadership of the Heart!

This season of giving, our goal is to raise \$15,000 by December 31st. Your support will keep WFWP strong in 2020! Together we can continue to empower women with knowledge, skills, and a supportive community to discover their unique value and create lasting peace.

Comments from WFWP program participants:

*"I am looking forward to this happening growing bigger worldwide. It was fun and brought much happiness to everyone."*

*"I [am] inspired as a woman. I can't give up. I am a builder of peace that starts with me, my family, and society."*

I donated because every dollar put toward a goal of one global family, with one vision of helping those less fortunate, is money well spent.
