00:00:03

and welcome to this special program entitled The Tenth Anniversary of Reverend Sang Yong Moon's passing a special tribute by unification Theological Seminary.

00:00:16

My name is Stephen Boyd and I'm the Dean of Enrollment management here at UTS, and we're delighted that each of you can join us from many parts of the United States and from all around the world.

00:00:27

This is a special event for us today, as you know,

00:00:32

many of you are aware that very recently, under the inspiration and guidance of Dr. Hawk Johanmo, our true mother leaders from all parts of the globe, from the heavily parents,

00:00:44

as well as noted figures and dignitaries from many disciplines and backgrounds gathered in South Korea to pay homage to the work of

00:00:59

that is my grandson visiting from Reno, Nevada on a special trip. If you heard him in the background. There, I apologize. It's our joy. But I apologize.

00:01:10

Many dignitaries gathered in South Korea to pay homage to the work of Reverend Sam Young Moon, our true father, on the tenth anniversary of his passing

00:01:20

for those of us who were physically present, and for those of us who were enjoying the program from a distance. The past days have been a time of joy, celebration, and honor,

00:01:33

work of Reverend and Mrs. Some young woman, as well as serious deliberation, and planning to address the important challenges of our time.

00:01:41

This evening the Unification theological seminary joins in the same spirit to offer a special tribute to the memory and legacy of our true father.

00:01:51

This tribute is a three-part program. The first segment was held on August nineteenth. The second takes place tonight, and the third and final program will be held on Friday, September seventh, at seven Pm. Eastern time.

00:02:05

But tonight we have a special opportunity to receive the personal insights and testimonies from a respected group of elder couples well known to members of the heavenly parents holding community, who have a common characteristic of having faithfully served UTS at some point in its history.

00:02:24

I know that many of you are already familiar with UTS, but those for those of you who are not. Later in the chat I'll drop my contact information, and I'll be happy to offer more explanation about what programs and activities UTS offers.

Unknown Speaker

00:02:39

As there was.

Steven Boyd

00:02:40

So for the duration of the program as we begin, please be sure to keep your microphones on mute, and we will have an opportunity. If time permits to address any questions you may have,

00:02:54

please feel free to put your questions in the chat during the program, and as appropriate, we'll be able to answer them as we proceed

00:03:02

to begin our program. I'd like to introduce Dr. Thomas Walt, the president of UTS, who's going to lead the conversation. Tonight

00:03:10

we had the pleasure of hearing Dr. And Mrs. Walls share their personal experiences with father in our first tribute to true father. Ah, recently and tonight we welcome Dr. Wal from back from Korea, after a hugely successful program of activities

00:03:28

where he represented the UTS and also the Universal Peace Foundation. So let's see a piece of federation. Let's talk about Dr. Thomas Wall.

Thomas Walsh

00:03:41

Thank you very much. Being Boyd. Thank you, together with Dr. Thomas Ward, my immediate predecessor as

00:03:51

President of UTS, and now our Provost,

00:03:57

for

00:03:59

organizing this three-part series to pay tribute to our true father,

00:04:06

and I had the honor along with my wife Lynn, to participate in the program, the first program, and this in the second in the series, and we have

00:04:20

two former presidents, Dr. Theodore Shemio

Evelyn Gasatan

00:04:27

and Dr. Tyler Hendricks, and their spouse in. We also have the current chairperson

Thomas Walsh

00:04:36

of the Board of Trustees of UTS, Dr. Franco and Mrs. Camillaro. So I think it will be an important and exciting program. As Dean Boyd said, we had a tremendous outpouring of support for

00:04:53

true father and his life and legacy in Korea. This was the tenth anniversary of father's passing,

00:05:02

and, as was

00:05:04

always the case, and as has been the case over these past ten years that these occasions are not so

much opportunities for mourning, but they are

00:05:17

times to pay respect, and the purpose of the respect is not just to reminisce or to look back, but to ah look ahead and strengthen ourselves and build our resolve and determination to go forward. So

00:05:35

the events in Korea were very much of that nature, and full of inspiration, as if the greatest way to pay tribute is to

00:05:48

it really expand and strengthen our efforts to work for the sake of advancing the Providence

00:06:03

without further ado. I want to just first state that we will have Ah! Each of the three couples presenting consecutively, starting with the trimio couple to the Hendrick Scuppel to the femalearo couple. Each couple will have ah, precisely

00:06:21

ah! Twelve minutes, and in twelve minutes I will rudely interrupt them if they go over the time, but I think they will be disciplined and stick the time also. The couples may allocate the time between themselves,

00:06:39

so that that's up to the couple of the length of time that may be taken. But the a lot of time is twelve each

00:06:50

each couple I will step back in, and in in most cases I will

00:06:59

ask a follow up question or comment, to draw out perhaps, a particular aspect of what they have said, so that we can keep it conversational in in nature.

00:07:15

Um, I'm. Reminded that the bios of our speakers will appear in the chat column, so I'm not going to give lengthy, elaborate introductions. But please refer to the chat column. Also feel free, and we encourage you to make comments in the chat column, and if you have questions

00:07:36

time permitting, we will address some of those questions after the three speakers have had a chance to share their

Evelyn Gasatan

00:07:47

inspirations and insights and experiences with true parents. So, without further ado, and again the bio will be in the chat column, and I think many of. You know these three couples, and Dr. Theodore

Thomas Walsh

00:08:07

is widely known throughout our movement. Globally. He was an excellent president of UTS, a student and alumni.

00:08:17

Ph. D from Drew University. So he is here, together with Mrs. Shimyo. So, Dr. Shimio, we turn it over to you and your twelve minutes begin now.

Theodore Shimmyo

00:08:29

Okay, Thank you. Thank you so much.

00:08:33

My wife will go first.

Unknown Speaker

00:08:38

Yeah,

Theodore Shimmyo

00:08:39

I did a one hundred and twenty declaration for UTS from January the first one thousand nine hundred and ninety nine. There were two purposes

Hyeyong Hendricks

00:08:49

was to be able to welcome through children as a UK student, to be able to serve a financial program of util.

Evelyn Gasatan

00:09:01

My husband was always staying in very town, but our family was living in Teletown,

00:09:10

so every day I was drive one and a half hour. This way I showed my Johnson

00:09:20

in the same year

00:09:22

we attended our for the day workshop in Java.

Theodore Shimmyo

00:09:27

During that summer. At that time, through funds are always paid attention to me, saying, Did you come from?

00:09:44

He grabs me and the UTS so much.

00:09:48

This I realized. True. Father was able to feel your Johnson right away. Thank you.

00:09:58

Okay, let me um

00:10:01

speak. Uh.

00:10:03

Thank you so much for this opportunity of being able to share my experiences of true father at the UTS

00:10:10

prepared a couple of slides.

00:10:14

So let me show this.

00:10:25

It's okay.

00:10:28

Experiencing to father at the UTS

00:10:32

actually back in one thousand nine hundred and eighty four.

00:10:35

I experienced a rejection

00:10:38

from Ats, or though to father told me to

00:10:42

that your

00:10:44

um

00:10:46

I must start

00:10:47

teaching at the UTS with the PhD. The

00:10:51

um degree.

00:10:54

Ah! In spite of that rejection I experienced, I pray to God

00:11:01

without being a negative

00:11:04

God.

00:11:06

There is someone else who is much more qualified than me. Much better me.

00:11:13

Please bring that person to UTS to let him teach.

00:11:18

If the UTS becomes a wonderful school of education, Heavenly education

00:11:24

that way. I am okay, for though I may not be employed,

00:11:31

I offer the prayer in tears. The

00:11:35

I felt that my prayer reached heaven

00:11:39

later on. True, father said,

00:11:44
Um!

00:11:47
How I denied myself

00:11:50
my denial, if Nile that way the

00:11:55
made me

00:11:57
the next president of UTS.

00:12:00
So apparently my

00:12:03
prayer

00:12:06
reached through father, who was staying in Dumberry prison at the time

00:12:11
Um.

00:12:13
From January

00:12:15
next year I was able to start to teach at the UTS in the capacity of a part-time lecturer.

00:12:23
But three years after that I had a very interesting incident.

00:12:29
There was an American sister who was a Staff member

00:12:33
Cool

00:12:34
made many problems.

00:12:36
She couldn't get along with anyone at all.

00:12:40
She would easily upset

00:12:43
you. Give any kind of advice to her. She will react

00:12:47
negatively.

00:12:49
So administration of UTS decided to

00:12:54
um lay her off.

00:12:56
In other words, kick her off,

00:12:59

kick her out.

00:13:03

The breakfast meeting one sometime

00:13:06

during that breakfast meeting decision was being made

00:13:10

to kick her out. Then I said,

00:13:16

Did we spend enough time to take care of her?

00:13:20

If not,

00:13:23

we cannot

00:13:24

do such a thing. We have to take care of her. Did we bring her to a restaurant to feed her? Well,

00:13:32

then, President Kim said, Now

00:13:36

right now she is under the care of Dr. Shimir,

00:13:40

although I was simply a faculty member whose responsibility was to take care of students in the classroom.

00:13:46

So I gave her a counseling. I was thinking about true father all the time to take care of her true father would never abandon her. That that was my, that was my feeling. But then,

00:14:00

Jesus, happy you are suddenly

00:14:02

my room right side about one meter high above my head.

00:14:08

I wondered what happened

00:14:10

Then that vision of Jesus came into my body suddenly, and he started speaking to her, using my mouth.

00:14:20

Don't, you know how much I love you,

00:14:24

don't. You know why

00:14:26

I went to the cross.

00:14:27

That was because

00:14:29

I love you

00:14:32

sitting in tears.

00:14:34

So she was surprised,

00:14:37

and her problem was solved.

00:14:39

She was not age, so UTS decided not to kick her out.

00:14:45

So that was my experience with Jesus when I was thinking about true father

00:14:52

also another occasion

00:14:54

in the early one thousand nine hundred and nineties. I was taking care of an African-American student.

00:14:59

He was complaining that

00:15:01

that because of his African-American background

00:15:06

you would not be promoted in the education movement.

00:15:11

But I told him

00:15:13

not to say such a thing.

00:15:16

Whoever you are,

00:15:19

as long as you love

00:15:22

people more than anyone else does, as long as you sacrifice yourself more than anyone else does, God will use you as His instrument, and through you

00:15:35

some kind of wonderful transformation will happen.

00:15:38

And He nodded, cheating tears.

00:15:43

At that moment both of us felt

00:15:45

the presence of a Holy Spirit.

00:15:47

I thought about your father through, father. I would say this kind of thing.

00:15:52

Then the Holy Spirit came down.

00:15:55

Both of us cried

00:15:58

unwept.

00:16:04

Another incident.

00:16:07

American brother, who was very much trusted by President Kim, went to the lead as a meeting of the East Garden

00:16:14

representing UTS. I really wanted to see through father at the reader's meeting. Because

00:16:19

okay, so that's everybody's desire. But President Kim

00:16:25

loves.

00:16:26

He's a mentioned visionary to America, so he loves American brothers and sisters.

00:16:32

So this American brother was picked.

00:16:36

UTS representative. Not me. Anyway. I have to teach at the classroom. The

00:16:41

so I complied with. I united with the

00:16:46

President Kim decision.

00:16:48

I missed true, father, but then he came back. Brother came back to make a report.

00:16:54

Then I saw

00:16:56

through Father's presence

00:16:58

this brothers, a reporter, was not perfect, because Father's speech was translated into English right,

00:17:06

and this is this brothers report was

00:17:08

from his or notes.

00:17:11

However, I was able to feel Father's presence

00:17:17

now. Spring one thousand nine hundred and ninety four

00:17:21

I was teaching the course. Systematic theology. After a class session was over, a student from Tofar family seriously asked me the question:

00:17:31

How can we solve the problem evil.

00:17:34

As you know,

00:17:35

there's so much evil,

00:17:37

whether inside or outside the communication movement.

00:17:41

You are theologian. You must be able to answer my question,

00:17:46

and I said to her

00:17:48

the very question I have been asking

00:17:51

for many years.

00:17:53

Now let me share with you my answer,

00:17:56

my answer.

00:17:58

You shoulder your evil or sin. The

00:18:01

Don't blame evil doors,

00:18:04

your shoulder. They are evil or sin on their behalf, out of love for them, instead of blaming them, then God is so moved

00:18:12

to exert His almighty power to intervene to remove evil.

00:18:18

No one, not even Satan, can stop it,

00:18:21

she said.

00:18:23

I have never heard of this. Come on, sir, but I think this is what I have been looking for.

00:18:28

So she went back to the Scotland and reported to true father through father.

00:18:40

Then that becomes a major reason why the

00:18:44

father made a decision to recommend me

00:18:48

the next President.

00:18:52

That's my experience,

00:18:53

you know. This is exactly the same as Jesus.

00:18:57

Second Corinthian, five, twenty, one,

00:19:00

Jesus became sin

00:19:02

for the sake of others.

00:19:06

Now,

00:19:15

just a couple of weeks before father passed away,

00:19:19

Doctor, said

00:19:21

River Moon. Mr. Moon, I call workers

00:19:26

problem right this in in his lungs.

00:19:30

When I heard that news I wept and cried,

00:19:34

True, father, sacrifice himself

00:19:37

in the prison of

00:19:40

nearly three years.

00:19:46

He did that for me.

00:19:51

Well,

00:19:52

he carried the cross for all of us.

00:19:56

This is the main point

00:19:59

I would like to convey

00:20:02

two,

00:20:04

all of you today,

00:20:12

just like some people say Jesus is my Savior.

00:20:16

Much confidence. We can probably say we

00:20:21

much conference doesn't fit with the

Unknown Speaker

00:20:23

world. Probably

Theodore Shimmyo

00:20:25

we can say much with much Providence.

00:20:28

Our your parents are our Saviors, the

00:20:32

You've got this picture Coal miners lung.

00:20:38

You have to breathe breath in

00:20:41

the chemicals

00:20:44

into his lungs.

00:20:46

To that degree he suffered

00:20:48

for the sake of all of us.

00:20:51

So this is my testimony

00:20:53

to her father, and

00:20:56

thank you. Thank you so much.

Thomas Walsh

00:20:58

Well, thank you very much, Dr. And Mrs. Shemio, for a very well organized and deeply internal and inspiring reflections on your life under true parents. I like to follow up.

00:21:18

Maybe you can remember one or two kind of

00:21:22

experiences, either, while you were a student at ups when true father may have visited. Ah, the campus, and you have some profound recollection, or even during your time as President, I mean. I remember, for example, one story, Where?

00:21:42

Ah, if I have it correctly, you were at East guarded. And suddenly father asked you to go with him to South America. I don't know if that was while you were President or not. But

00:21:55

if you have one or two ah kind of anecdotes.

00:21:59

Ah, yeah, I said at the time I made a report in that it was one thousand nine hundred and ninety seven

Theodore Shimmyo

00:22:07

before the summer vacation started,

00:22:11

made a report about UTS to father this garden.

00:22:15

But, he said,

00:22:17

you are working so hard you need a vacation,

00:22:23

so come with me to South America.

00:22:27

So ten day trip are the maid without mother. Mother was staying in Korea in her speaking tour

00:22:36

in major cities in Korea,

00:22:38

so I was able to occupy father's first-class seat of the airplane.

00:22:47

Two mother's seat was given me,

00:22:49

so it was like a dream.

Unknown Speaker

00:22:52

Okay, it's

Theodore Shimmyo

00:22:53

a

00:22:55

but I had to serve him,

00:23:00

you know. Um.

00:23:02

I decided to represent

00:23:06

Judah is carried out.

00:23:09

Judah was unable to serve for the Messiah,

00:23:14

but I was I. I really wanted to

00:23:18

lamify what Judah did to Jesus the

00:23:23

I prayed. I asked Judah to stay with me

00:23:29

to liberate him.

Unknown Speaker

00:23:33

That was how I was able to

Theodore Shimmyo

00:23:36

become myself.

00:23:39

Truly myself.

00:23:41

I was able to serve to father sincerely.

00:23:47

Um,

00:23:49

you know, giving him knives and forks, and during the meantime, and speaking,

00:23:57

then Paula looked so happy,

00:24:01

you know in any occasion I really want to represent,

00:24:06

not necessarily outside,

00:24:09

but rather

00:24:11

evil side, if you will,

00:24:14

because of my desire, is to

00:24:17

liberate

00:24:19

evil side

00:24:21

to make it closer to God.

00:24:24

I think that's something which is

00:24:28

true. Father would appreciate

00:24:31

That's why I'm willing to carry the cross all the time. Just like true Father Breeze in

00:24:39

chemicals into his lungs, you know, going through suffering for the sake of the liberation of the evil world.

00:24:48

Thank you so much.

Thomas Walsh

00:24:52

Oh,

00:24:53

this is shimyo! So you talked about your prayer condition, and you were driving up to Ah, I know the drive from Terrytown to Barrytown. It's ah up. The Taconic is about dining

00:25:06

ninety minutes. And did you ever have time to spend directly with father, that you recall? You want to comment about briefly,

Unknown Speaker

00:25:19

Germany:

Theodore Shimmyo

00:25:20

Yeah, Charity.

00:25:23

Sometime where I could chomp on.

00:25:26

Yeah. And also each of them, we I attend the right. Okay, at that time. Yeah, just sing a song or,

00:25:34

Yeah, I'm syndicate.

00:25:36

Yeah,

Thomas Walsh

00:25:37

no

00:25:38

beautiful. Anyway, You're really an exemplary couple, and I think, especially this time our brothers and sisters in Japan are really going through

00:25:50

challenging time. So I think your courage and fortitude an example as an inspiration to all of us, and I think also to brothers and sisters in Japan. So thank you, Dr. And this is

00:26:06

we'll. We'll have some time after the other couples speak to reflect further, so I'd like to invite our next couple. This is Dr. And Mrs. Tyler

00:26:24

Hendricks. I lived together with Dr. Hendricks, and even with Mrs. Hendrix for a time together, when they were in Nashville, and really enjoyed, and have so many fond memories of that time, as well as

00:26:42

our time at UTS we were overlapping,

00:26:46

and the

00:26:48

in the classes. Dr. Hendrix was in the second class of UTS, and I was in the third

00:26:55

class, but we ended up at Vanderbilt University together.

00:27:00

So Ah! Again, Dr. Hendricks and Mrs. Hendrick. Their bio will be in the chat column if you're not familiar with them. But they've had a tremendous Ah! Career in so many areas of our movement with family fed

00:27:15

with the nonprofit and the interface fields of work. The

00:27:21

youth and I think Dr. Hendrix has covered all the all the territory, and ah! As well as academia. So ah, Dr. And Mrs. Hendricks, you have the next twelve minutes, so you can divide it up as you as you like. You have the floor.

Hyeyong Hendricks

00:27:53

One of my testimony. Experience with the to father is not connecting a UTS,

00:27:59

So

00:28:00

that's fine.

00:28:03

So I'm. Very humble and

00:28:06

very honored to share one of experience with the to father. I have to explain about my father. My father

00:28:17

was Presbyterian Church elder. He became elder when he is forty. I saw this very unusual,

00:28:25

but he joined,

00:28:30

and his precious mother is Lady Dr. King, and I got blessed one thousand nine hundred and sixty eight previous. As previous Mary's

00:28:41

coupled blessing,

00:28:43

he led me to the blessing,

00:28:47

and but and also he was a businessman, and after he joined he got mission by father to lead a business like a toile industry and meet him with the fish. Bitterness like that. But

00:29:03

he, I understand. I understand he really didn't understand about the

00:29:13

Providence of restoration. So he struggled with time, news, path,

00:29:19

and he was he

00:29:24

a Christian theory, so he couldn't understand. The father's life caused more humanistic way. So he struggled, and finally he resigned and left church,

00:29:39

so it's very painful for me. But I was very,

00:29:46

always so humbled by how true, father even that, because in Korea dynasty, if the father and someone who

00:30:17

or his family even try to up to seven generation. They cannot be involved Government law

00:30:27

that long period.

00:30:29

But I, through father, I know through Father, forgive him a song and overture. Not only he love enemy and forgiven? No; but he invests so much his love to save

00:30:47

North Korea and Soviet Union, Russia.

00:30:51

And so, even to my personal level, you

00:30:54

how through father even he knows my father, because our house was used as a church, and he had a leadership conditions. But personally my father and two father visited my house to time,

00:31:13

but then he personally kicked my husband to give him any mission

00:31:20

really care, even more

00:31:24

so through that I was really humble, because I know true Father's love is because we can't even imagine beyond the humans

00:31:35

level just is like a parents. We forget children's fault, but they did wrong, but we remember only a good thing,

00:31:45

so far as I, Father, look at

00:31:48

good side, and my father provide and help

00:31:58

such personal care and love. And suppose, though, that in my heart there was always

00:32:07

ah, really so grateful and just so humble, by how through parents, is the parents of really for everyone humankind, and no matter where we stand with but position and fall, and it's just

00:32:26

he is um

00:32:29

our true parents to everyone.

00:32:32

This I want to just hear one of these that I cherish. I kept in my heart. Yeah, this

00:32:41

that's my experience. Thank you.

Tyler Hendricks

00:32:52

Very beautiful, Dr. Hendricks, please. Thank you. That was really beautiful, and I remember many times, Father, I don't know father himself, or people right very close to father would ask me, How is your father

00:33:10

like that. Um

00:33:13

I met taking off from Dr. Shinyo's Point. I met father. I saw his poster one thousand nine hundred and seventy two, but I didn't go to the speech. But after that father came to my room three times in the spirit.

00:33:29

He had very greasy and dirty hair, and I asked Lady Dr. Kim later, when I met her,

00:33:38

I joined the church. After that. This is before I joined the church. Father came three times greasy, dirty here? I asked Lady Dr. Kim Was that father? She said, Yes, but why the greasy, dirty hair? She said, that is your sin that he took on himself

00:33:55

so,

00:33:56

and that's experience. I had a father was through a slice picture in the open center. I didn't know who he was, especially. Oh, he was the founder. I saw a man who's totally one with his mind and body. I never saw a human being like that just in the picture,

00:34:11

and I had a revelation. Shortly after that

00:34:16

I Won't. Get into the details. I had a clear revelation.

00:34:21

Reverend Ruin is God, reverend, is God.

00:34:24

Okay? So I relate to father like that. Okay, I want to show. And as my as my wife said, I was like a fish on the line on Father's fishing line,

00:34:37

you know. He just grabbed him, pulled me around, pulled me around and pulled me around. I was on the

hook, but I wanted to show you because I was inspired by Dr. Shimo

00:34:47

using the Powerpoint. I want to show you some pictures. This was true, father. Speaking at Barrytown to the missionary training in the year the UTS started. We also have the missionary trainees. So there's your father.

00:35:05

Their father would come to the campus.

00:35:08

Oh, yeah, unpredictably. We get an hour's notice father's coming, and we would gather, and father would take a walk, and we'd sit on the he'd come and speak to us. He would start out in the founders dining room and then take a walk,

00:35:22

and then the students had to struggle, or should I go to class or walk with father, and then he would choose a place to sit down and talk and or ask us to sing. So those were always very beautiful as Dr. David Kim there many beautiful students, Dr. Wilson,

00:35:41

Jack Harford, beautiful brothers, and these are beautiful experiences with your father just

00:35:48

feeling so close out in the countryside singing song for father. There's Dr. Park.

00:35:55

There's me singing us off her father. Well, okay, sometimes it's very serious. A father would really speak to it seriously about the future, and pray prayerfully guide us.

00:36:08

Yeah. Then one time, of course, there was a fireside chat. Father sat above the lagoon, and we roasted potatoes for dinner, and we stay. He talked until midnight as a beautiful picture that Jack Torn joke. We made a little band by Jim Boffman, dog, Finn, Kevin Brennan and me. Um. Papa's father loved it.

00:36:31

Yeah, me and Bob Boss concert in Father's dining room, and then there's of course, the fishing Providence. One day three students used a tennis net to catch carp in the lagoon on the edge of the campus. Father heard about it

00:36:46

Within days Father was there unloaded that the car he didn't see a word He

00:36:54

The staff unloaded the materials. Father started making a net,

00:36:59

P. M. Three, P. M. Four, P. M. You know we're gathered around there. I am we on the far right? Okay, You see me

00:37:08

go to class or say so. We all have this existential challenge, go to class or say with father.

00:37:15

Father didn't say a word. He kept fixing that net into the night at dinner time he

00:37:22

oh, father didn't stop,

00:37:25

go for dinner or stay with father. It's getting dark. Father didn't stop,

00:37:30

write a paper, or stay with father. He started to rain. Father didn't stop, go inside or stay with father. He,

00:37:39

father, never said a word. He just kept working on that net.

00:37:44

Finally I retired at two. A. M. Father kept working until four A. M. This, and then he went back. He took a shower, went back to East Garden. This was nineteen spring of one thousand nine hundred and seventy seven.

00:37:57

Pretty soon we were out making that, of course,

00:38:00

And in the lagoon. Okay, Father brought global leadership there to catch carp, and I believe his father just in the regular conventional fishing there at the Lagoon, Hudson River, showing the students There's our sister Beatrice, and others there, the Esteban.

00:38:19

This is the roots of the ocean. Providence. Okay, let's see here. I want to

00:38:24

find my

Unknown Speaker

00:38:27

Oh, here we go.

Tyler Hendricks

00:38:29

Okay, Stop. Share.

00:38:30

Okay. I've got a one minute left. Okay, father, His personal care for me is what I really feel. And so he just as soon as I finished, got the Ph. D, he says, Okay, you're the national leader of Ocean Church. And then

00:38:46

after that he says, Okay, we're going to go to Alaska. Do you want to come? Hatricks say Yes, and all that. I want to go, he said. Okay, You graduated from Motion Church, not even national. The assistant as a director of

00:38:59

you know, like a fish on the line to Boston National Headquarters, Vice President, President to UTS and father prophesied I won't even get in no time for this, but I had experienced If her father could see the spiritual world and gave prophecies

00:39:16

that that came true, I mean, I really believe two fathers absolutely connected.

00:39:21

Okay to God.

00:39:24

Come on. Do you want to say something? We got ten seconds.

00:39:30

Okay, Thank you.

Thomas Walsh

00:39:33

Very, very beautiful. Thank you. Dr. Hendricks.

00:39:38

And This is Hendrix, the

00:39:42

both of these, the shimyo couple in the Heinrichs couple. Ah, you know, bizarre, you brought up your father. I could never forget. I think it was around. It might have been at the time of the Icos in Korea in eighty One

00:39:56

I stayed. I think I stayed overnight in your home. Your father's home, you

00:40:03

Ah! And we had dinner there, and your parents were so loving, and I think we went to a public bath from there and in the Korean village.

00:40:18

So it's interesting. Ah! Your reflection on your father! On the other hand, you know, I think of my memory of your father and mother is nothing. But ah, my really my first experience of a Korean family was just so moving and

00:40:36

and ah, beautiful, and serving us like we were Ah, royalty. So I felt, whatever your father's course, he was

00:40:49

fully guided by heaven and true parents in so many ways.

00:40:55

And uh, uh,

00:40:57

Dr. Hendricks, that's really great. I mean, I heard stories about you in the lagoon, and you know the freezing water. And thank you.

00:41:06

You almost got frostbite or something at one point, or at least was terribly, terribly cold, frigid waters in the early spring, so I think, bringing in that dimension of the Father visiting the campus is so beautiful and wonderful, brings back so many memories for me.

00:41:32

Ah! During the time when of your Presidency? Did you have much chance to interact with true parents? Anything stand out during that period?

Tyler Hendricks

00:41:44

Uh, when I was President?

00:41:46

Um.

00:41:50

One thing. He told me

00:41:52

I should be on the radio

00:41:55

number two. I went to him. Did your father?

00:42:02

I think I think my wife we were together. It was after I was President for three years, and I said, your father I've been to President for three years. You know It's my third year

00:42:14

anniversary, something like that. And I said, if you want me to do this for the rest of my life,

00:42:20

I'm a I'm good. If you want me to stop tomorrow.

00:42:25

I'm good. I was like that. That was my attitude. Then father told to mother,

00:42:31

and I think when,

00:42:34

anyway, one of the heavenly daughters

00:42:37

we went shopping. That was nice.

00:42:46

Ah, when I, you know this is a spiritual experience. Just very quickly. When the hometown Providence came I was Vice President, and the hometown Providence came, I was really struggling, so I go to my hometown, which I say here in headquarters, and so at East Garden. During breakfast I really there was a report being told

00:43:04

in Korean, and I didn't understand. I went into this deep prayer, and I very asked deep prayer. I asked God What shall I do? What do you want me to do personally? Father stopped the report, and father

00:43:18

told me what to do, father, there, and he told me exactly what he wanted me to do. There's more to the story.

00:43:26

I didn't end up doing that at that time, as things worked out with your parents, but that's what I'm doing now. So Father's prophecy True, true mother has been realized. Thank you.

Thomas Walsh

00:43:40

I mean as you've now seen true mother's leadership. Ah, you know, How do you Do you see continuity? Do you see unity? Do you see differentiation? How do you kind of see how things have developed?

Tyler Hendricks

00:43:55

Yeah, the answer is, Yes,

00:43:57

I see continuity. I see unity. I see the same word, the same principle, the same heavenly parent. And I see differentiation, because, hey? Well, mother's a woman and a father's a man, right? A man and women are men and women. Okay?

00:44:14

Ah, so I see both. But I see a higher, a higher principle is being revealed, a greater, deeper, fuller dimension of having a parent and of human reality of the social world. The man and woman together create the social world,

00:44:31

and fate has happened as I really appreciate. Again Dr. Shimiu's photograph of Father's lungs. I never heard about that. God took Father to Heaven

00:44:41

have people working together. And um

00:44:46

we're in a very critical time right now. So

Unknown Speaker

00:44:49

yeah, thank you.

Thomas Walsh

00:44:50

Well, Dr. And Mrs. Hendrik, that's

00:44:54

really very profound and moving, so I wish we had more time for each of you, as well as the Shimyo couple. But let's. Ah, Let's move on, and we'll have some time to come back around. But I now want to

turn to Ah, dear friend, from

00:45:13

Ah, north of north of the United States in Canada. He and his wife live in Montreal, and he's served in many capacities there in Canada as national leader as the UPF.

00:45:27

Ah, leader, and he is currently the chair of the Board of UTS, his board of trustees and alumni, and a great friend. He was working side by side with me

00:45:40

for two weeks in Korea, and we went through a lot of challenges. But we did our best to serve Ah, true father, by working to create a great conference. Ah, so it's a delight to know him and his wife. So. Ah, Dr. Familylaro and Mrs. Family, you have the floor.

Franco and Chizuru Famularo

00:46:00

Well, thank you, Dr. Walsh, and it's truly an honor to be here with you.

00:46:07

Such an illustrious group of people, and especially we've had Dr. Shemio, who was the President for the last for the last two weeks of my term at Ups

00:46:18

great President, for that was David Kim, as you know, and Dr. Hendrix and the illustrious audience that we have.

00:46:28

So um I know I have about seven minutes altogether now, because time is running out, so I've got the stopwatch on there. Just a hint here.

00:46:40

But you know Ah, today. Ah! Our chronology team, led by Dr. Mickler, actually put the final touches on the chronology of true parents Life in America,

00:46:53

and this is a twenty five-month project that we've been working on twice a week

00:46:59

Ah, with Ah! Other people like Ah, Thomas Mcdavitt, or Mike McDonnell rather, and Dr. Kaufman and the Talzer and Tyler Hendricks was on this team as well, initially,

00:47:15

so I want to mention that you know two pants having visited Canada Bay much, just eighteen times a total of forty, two days.

00:47:25

But for your information, true parents were in in the United States more than nine thousand days, and I'll leave it to the chroniclers to tell you the exact number, which was nine thousand one hundred and some.

00:47:38

So the time in Canada was short, but for us who were here it was intimate, because,

00:47:48

other than when they came on an international speaking tour, we were very close up, and my wife and I were privileged, especially on those occasions, where they came quietly and privately in the middle of the night, to attend them, to cook for them,

00:48:05

to drive for them to be their tour guides, and also to fish with father.

00:48:11

But since this is um Canada, and we're a daughter nation. My wife will speak first.

Thomas Walsh

00:48:20

Very good.

Franco and Chizuru Famularo

00:48:21

I prepare five extraord of his true father, but I noticed no time. So this morning I told my husband. Okay, two episodes.

00:48:30

So now I notice I have only one excel of the Shia,

00:48:34

but related to UTS um went through parents visited recently in one thousand nine hundred and eighty, seven and eighty, eight on the one thousand nine hundred and ninety, one twice the

00:48:50

then,

00:48:52

probably some of you know we had a

00:49:08

and went through there in the came in one thousand nine hundred and ninety one, the

00:49:21

harbor medicine doctor

00:49:24

then,

00:49:45

anyway. So then

00:50:05

in the end

00:50:12

Us. You have to go to UTS. If you don't go to the UTS, I cannot use you as a leader.

00:50:20

They also father really pushing him. You must go to you, Ts as soon as possible,

00:50:33

and

00:50:37

the he thought, when he goes to the

00:50:50

Pioneered pioneering, so I accept it.

00:50:54

The true mother told the father the

00:50:58

they have no baby yet.

00:51:05

She has to stay in Canada,

00:51:08

so I accept it.

00:51:11

And um,

00:51:13

then

00:51:21

that was the end of

00:51:23

yeah, like this is the end of December. The

00:51:27

seven days before his departure

00:51:32

I found that I was prevalent,

00:51:36

and then

00:51:38

I really think it

00:51:40

to the parents into being,

00:51:43

we deceive the

00:51:45

so

00:51:47

I was so grateful.

Unknown Speaker

00:51:49

Thank you,

Thomas Walsh

00:51:52

beautiful.

00:51:54

God bless you!

Franco and Chizuru Famularo

00:51:56

Thank you. Anyways, this is an important story for us personally, because true parents intervened with us personally, and during that time

00:52:10

this was, you know, I claimed to my wife that we conceived on the bay that, for parents met kind of song, because it happened during that week,

00:52:21

and we just heard the news that the father was in North Korea at that time, but

00:52:26

I'd like to share about times with true mother, but tonight my focus will be on true father,

00:52:34

you know um

00:52:38

the visit in one thousand nine hundred and ninety. One father arrived in the evening,

00:52:45

and I remember we gathered in the living room about twenty or thirty of us. Most of these visits were very quiet, especially in the eighties. We weren't supposed to tell anyone report about it, because father was being concerned about his security,

00:53:03

and as we gathered in the living room. I was sitting there about, you know, five feet away from father, and father looked at me, and he said, How long have you been in the Unification Church

00:53:17

almost sixteen years at the time the

00:53:20

he said. So what have you accomplished in all this time that you've been in the church,

00:53:27

and I folk like sinking through the floorboards. But I had to come up with an answer, and he said, and I said to him, not enough, father, not enough, father, and he said, that answer is not enough.

00:53:42

From the next morning, and we went to go fishing. You know we were scrambling Bob Duppies on the call tonight, so he'll remember he's asking us Why aren't you fishing for this and for that.

00:54:01

But we take the boat into Lake Ontario we have the small twenty-five baco and we're on the shores, and the bolts late fathers talking to us. He said a few things

00:54:12

which I won't go into great detail tonight.

00:54:15

But you've been to UTS already, haven't you? I said, No, father. I haven't finished my undergrad yet, he said. Okay, finish by September and go to UTS.

00:54:31

I was a couple of months late. I finished by November the December of that year, and I attended you gift. But I want to say you

00:54:38

father didn't, but he kept reminding me on the boat every single day, and we were on that boat for several days, and then I went with mother for three days to tour Montreal, Ottawa, and Toronto, and she kept reminding me about the same thing.

00:54:55

So I'm going to show you one picture by me. This is the kind of situation we were in.

00:55:03

It was a small boat.

00:55:06

Oh, where is it? Hold it a second.

00:55:11

It should be on screen Number one, right? The

00:55:14

there we go. Can you see the picture? The:

00:55:18

Yes, you can. Okay. So those three people there, you know the two big guys are Robert Dappy and my tumbleman. The skinny guy in the blue is made in this kind of circumstance

00:55:35

every single day, and father would talk for talk with us for sometimes six hours

00:55:43

at a time. Non-stop because the fish weren't waiting

00:55:47

But when they bet

00:55:49

you know he went after the fish.

00:55:52

But um!

00:55:53

During this time I was wondering, and on my hallucinating, this is this for real,

00:56:01

and he talked to us in English, and anyone that's listen to father. Speak in English, you know it can be challenging sometimes, but his English was great.

00:56:15

So one experience I'd like to share with you

00:56:19

at the time. Peter Kim, like McDavid, Robert Duffy, the skipper and myself, were on the boat.

00:56:26

What's fathers

00:56:28

and my wife, who was preparing the picnic lunch that we would eat on the boat, gave me it that morning, and said, Make sure this is fathers, and we pray for it, and so on.

00:56:43

So, not knowing what to do, and we're all flabbergasted. I asked Peter Kim what should we do with the lunch? And he looked at me, and he said, Well just

00:56:52

go and bring it to him. So I bring father his lunch

00:56:57

and open it up for him, you know.

00:57:01

And he said, you'll sit down

00:57:03

and I'm sitting there, and he's like doing two feet away, and he says, we'll try this. Try that. We're eating from the same plate and drinking from the same glass.

00:57:19

You know I have a Christian background. There's many of you do. My concept of the Messiah is that

00:57:26

he's coming on the clouds, or he's coming as a supernatural being, and I also had visions when I first met the church, and the vision was of Jesus and Father's face kind of blending into each other.

00:57:43

But that experience, even though I had to pinch myself, I thought to myself, really he's a real man. He's a real father, and during the course of that time with him.

00:57:58

Ah! Many intimate situations that I can't even remember now. I wish I had a camera where I wish I had a tape recorder to take everything he said.

00:58:09

Ah, father was so concerned about us. He wanted to know about our personal life. He was asking us about different situations. How old we were, what our background was. He was really working on the ground of the leadership

00:58:26

in Canada at that time.

00:58:28

So

00:58:29

you know, given all this, we

00:58:33

that at that time in one thousand nine hundred and ninety one. Her father was preparing himself

00:58:39

to go to North Korea. He was on the phone every day with Japan, with the leadership of Japan, to talk about the circumstances of the financial situation. We don't

00:58:51

so all in all.

00:58:54

Ah, no matter what father was very natural with us, he was really like a father. He sat on the floor with us on the boat. We were really taking care of, like his two children, like his real children.

00:59:11

If there's anything I can remember about father as that he was really a man of A.

00:59:18

Thank you.

Thomas Walsh

00:59:21

Beautiful testimonies. Yeah, thank you, Mrs. Bami Laurel. That was very profound. And Dr. Family Laurel, you had really wonderful experiences.

00:59:35

Ah, I remember you sharing testimony. Ah, I think when Dr. Kim and Kevin Dunkley were during a series, and I remember one scene, it might have been from the Deer farm, or something, and where you were just sitting around in a small circle with particularly, I remember, a true mother. In the end

00:59:54

one of the deer came up

00:59:57

right next to true mother, kind of like drawn to her

01:00:01

spirit. Um,

Franco and Chizuru Famularo

01:00:04

just Ah, I'd like to ask just as a follow up if there's anything. Ah, during Okay, and I'll give you two options. Or if you're going to be quick, you can say something a little bit. One would be just anything. Why, you read you test it. Ah, true parents visit at any time that was particularly memorable for you. Secondly, ah! Having worked on ah! The history project with Ah,

Thomas Walsh

01:00:30

Michael Mcdivitt and others, and Dr. Micler.

01:00:35

Oh,

01:00:37

did that

01:00:38

kind of

01:00:39

overwhelm you in trying to understand something about true parents life.

Franco and Chizuru Famularo

01:00:45

Well, Okay, I'll try to answer briefly the first point. The God's Father's visits to

01:00:53

Father's visit to ups we definitely had father visit several times

01:01:08

when father came several times while I was there, always on a moment's notice.

01:01:15

One time everybody had gone out fundraising. It was a Friday, but I somehow had work to do, and he came on more, much notice. Another time he came, and he spoke for eight hours. We took our classes off,

01:01:30

but the one special time was when he came right after graduation in ninety four.

01:01:37

This was the time when he had just introduced the family pledge, the

01:01:44

and we went back and forth over each point, discussing every point of the family pledge. I don't know if Dr. Shimil will remember that. But this left the very strong impression on me that he wanted our input.

01:02:02

Now, about the history project. You know, we have chronicle to gather with Dr. Michael, Mike Mcvet and others as Dr. Walsh mentioned

01:02:14

every single day of father and mother's life in America, from one thousand nine hundred and sixty, five to two thousand and twenty two May the fifth, which was the last time Mother was there, and from February the twelfth, one thousand nine hundred and sixty five. My father first landed in America.

01:02:33

What is amazing to me

01:02:35

that every single day father and mother's life,

01:02:43

if anybody just looks at their daily calendar, and fortunately Mike Mcdevitt kept the date timer, and knew all the different things that they were doing for most of the time that he was there. It's simply amazing.

01:03:13

It was always on the goal, always taking care of things, always doing thing. And it's just amazing.

01:03:23

There are so many stories I'm sure that you will remember by looking at this chronology eventually, and writing up stories about each and every day, because all that, as the service of framework for our brothers and sisters, especially the veterans who live with Japanese America

01:03:42

to share about their story, and I encourage you all, especially as some of us are not as young as some others that we do this soon.

Thomas Walsh

01:03:56

Thank you. Ah, Dean Boyd, I'd like to take just a couple of minutes to invite Dr. Shimil's couple and Dr. Hendricks couple, and Dr. Famula just to

01:04:11

just offer any closing reflections. And if you want to refer to anything that you heard said that sparks something in you. Ah, but because we're, I think we're

01:04:25

past the one hour of time. Please limit your remarks. Ah, but we'll kind of wrap up by inviting each couple to share some closing thoughts.

01:04:37

Uh,

Theodore Shimmyo

01:04:39

yes.

01:04:40

Well, one day at one time to father

01:04:46

visited UTS. At the time you

Unknown Speaker

01:04:49

spoke to us

Theodore Shimmyo

01:04:57

he joined

01:04:59

the meeting with your father.

01:05:02

He was among us, listening to him, listening to her father.

01:05:08

True, father was aware of the presence of Dr. Bosluper, so he thought. Your father talked about how the blood lineage,

01:05:17

What's chain changed from my

01:05:20

evil lineage to go into it. Referring to a Biblical story of Tamar

01:05:26

and Mary,

01:05:30

her father was trying to teach theologians about the divine principle

01:05:35

I was so much inspired, so that

01:05:38

still remains in my mind.

01:05:42

I really want to do the same thing

01:05:45

I want to reach out to theologians.

01:05:49

How wonderful divine Crisp is!

01:05:53

So I'm trying to publish a unification theology.

01:05:57

Ah, two

Tyler Hendricks

01:06:01

uh good question,

Theodore Shimmyo

01:06:04

Miss Kem already did the first one now. So this is my real passion.

Thomas Walsh

01:06:14

Thank you.

01:06:15

Yeah, this is Jimmy or anything.

Theodore Shimmyo

01:06:19

Yeah, anyway.

01:06:20

Yeah, every day I'm a member of the true father, and before morning and devotion to,

01:06:26

or, as I'm doing right to meditation and doing exercise every day thinking it through. Father.

Unknown Speaker

01:06:32

Yeah,

Unknown Speaker

01:06:32

thank you,

Thomas Walsh

01:06:35

Dr. Mrs. Hendricks.

Tyler Hendricks

01:06:37

Now,

01:06:38

Mrs. Hendricks.

01:06:46

Okay, Okay. There was a big rally before Madison Square Garden about a week before matters in Square Garden, in a big Christian church in one thousand nine hundred and seventy four, so we didn't have any big property at that time. So we were just. We rented whatever this Sunday morning church

01:07:04

thousand members all from all over the world. Father was just,

01:07:12

and it was going over time. So this very tall. I think it was probably an Anglican church, which all handsome, you know. Frock

01:07:23

clergy Guy, with clergyman, priest of the church, walked on the stage, and father was looking this way, and this the priest walked from the other side. Father didn't see him, and finally it was just,

01:07:38

you know,

01:07:40

Thunderous! And then father turned around. And There's this big guy. He's about six radians. He's taller than father, and he's like looking down at your father like you're out of time, you know. Come on, get up! And

01:07:54

and father, except at him, and just

01:07:57

he turned into a gentle,

01:08:00

loving

01:08:08

Thank you. What can I do for you?

01:08:12

What Please let me serve you. I was like, you know, way in the back, but I could feel father was just. He just switched like that protecting so much love to this clergyman, this priest,

01:08:27

the priest, is was taken just didn't know what to say.

01:08:32

He was just.

01:08:34

Ah, you know just

01:08:36

it's a it's

01:08:45

she's quite like that again. I was just amazed by this morning and body

01:08:53

really in the moment,

01:08:55

and completely full of love.

01:08:58

It was amazing. Okay,

01:08:59

thank you.

01:09:00

Beautiful. Many of you may might have been there, and you might remember that

Thomas Walsh

01:09:08

this is the Zendricks

01:09:10

any closing you're muted.

01:09:14

You're on mute.

01:09:16

There you go.

Hyeyong Hendricks

01:09:21

I just realized how much, and it's not only you now, it's all over the world. It's true love.

01:09:44

He puts a heart

01:09:46

where it you

Thomas Walsh

01:09:54

uh drew.

01:09:57

Uh, Dr. Mrs. Pamelaro.

Franco and Chizuru Famularo

01:10:11

We were all during the charge,

01:10:26

because he really thinks

Unknown Speaker

01:10:29

here. Thanks

Franco and Chizuru Famularo

01:10:30

responsibility for us actually.

01:10:33

Then he tried to give us a blessing. So

01:10:36

it's really

01:10:38

just. I'm so grateful to him.

01:10:43

Now, do you?

01:10:45

I believe? Uh, my wife said it all. What can I add

01:10:51

but to say that we are so fortunate to

01:10:55

to be living at this time with the true parents. There's no greater privilege that any human being could have.

01:11:05

Thank you.

Unknown Speaker

01:11:06

It's a

Thomas Walsh

01:11:07

how beautiful! Beautiful! And anyway! Ah, ah! Some of you have referred to your being elders and seniors! But you're still remaining. Dr. Shimio's writing

01:11:19

a new version of unification theology, and Dr. Hendricks has a couple of research projects that he's doing from Korea that are of extreme importance, and

01:11:34

that Dr. Formula already mentioned about his work on the History Project, not to mention all the other tasks he's doing so. We never retire in this movement.

01:11:45

Ah, I'm sorry we're out of time. Um, I'd like to invite back Dean Boyd to give some closing remarks, but I really am honored to be able to moderate this session, and it was a pleasure and inspiration to hear from each of our couples. And I really thank you,

Franco and Chizuru Famularo

01:12:04

audience, for joining and Dr. Family. That was a good recruiting message for our audience out there. Thank you.

Steven Boyd

01:12:26

Thank you very much, Dr. Walls, and thank you to all three couples, but to also just reflecting on Ah, having participated in the first Ah, segment the first session! Now this one,

01:12:39

everybody's comments are a little bit different. Everybody's focused is a little bit different, but each one has been able to share with the audience today some special aspect or some special experience of our true father and her true, mother, that is different one to the other,

01:12:55

and it just goes to show how universal our true parents are, and how much our true parents have been able to touch

01:13:04

so many different kinds of people in so many different kinds of way. In many places around the world, all cultures, all backgrounds. And Really, we are here together, Dr. Washington. I'm. I'm thinking because of our true parents ability to do that.

01:13:19

If I feel less and thankful that we have been able to put this program together. This inspiration I'd like to really acknowledge. Dr. Wore Dr. Thomas Ford, As this is real inspiration from Evans. Well, Thank you, Dr. Ward, for initiating this, and thank you, Dr. Wal, for supporting this.

01:13:38

I'm getting. Ah chat messages that are directly to me. Ah, about how good the program has been, and how this kind of thing we need to do more often, and I think that echoes the feeling of what we had last time at the conclusion of our program.

01:13:54

So thank you to our wonderful couples. Thank you very much. You're very brave to come on. I know there's some trepidation in the beginning. I know I would feel that, too, but it's just been wonderful for me.

01:14:04

Also. I want to thank Yoshi Manaka, who is behind the scenes, helping us with the invitations. And uh put in the publicity out for this program. Also. Samuel Dennis, our doctoral student here at UTS, has been learning the zoom platform behind the scenes, All of you. Thank you, Sam, for doing that.

01:14:22

And then finally, thank you to each of you for attending tonight. It's really a great opportunity to bring brothers and sisters together here in a same hard and same spirit, to discuss in this spirit the greatness of our true parents.

01:14:37

Our third and final tribute to father will take place on Friday, September sixteenth, at seventy and Eastern time. So if you're interested, please be on the lookout for an invitation in your email, and we'll soon in the next couple of days have an advertisement up to register on our UTS website. So look for it there.

01:14:59

Our speakers at our third program will be Dr. And Mrs. Malcolm in the UK. Dr. Thomas and Alexa Ward and Mrs. Marie on, will come on to represent both herself and her husband, Dr. Edman, on who

01:15:15

played such a pivotal role in the historic development of UTS, particularly its accreditation as a recognized institution.

01:15:24

Ah! So finally one final invitation, Dr. Walts, I like to invite everyone. Ah! Was on the call tonight to participate in the first of the this coming semesters Faculty roundtable series. This is a series that is held monthly or sometimes twice a month, by which members of the UTS administration and faculty share on a topic of interest.

01:15:47

Ah! For UTS staff ah! Faculty and students, but also for a greater UTS community in our first session this ah semester will be led by Dr. Walt,

01:15:59

Uh. Who is going to share a report on his recent experiences at the Ups Conference in Korea. It'll be held on Wednesday, September twenty first, and also look for the advertisement that we would love to have join us September twenty-first also coincides with the international day of peace which is established by the United Nations, and so we hope, celebrated next year. I will see all over there,

01:16:23

So thank you again, Everyone, Sam, if we can ask everyone to it unmute, and we'll put on Gallery View. Ah, if any of you like to just say hello to our panelists for a couple of minutes before we go before we sign out you're free to do so.

Unknown Speaker
