

HJ International Graduate School for Peace and Public Leadership: President's Message - Annual Report and Fundraising

Thomas G. Walsh
May 2, 2024

Dear Members of the HJI Community,

Thank you for your encouragement, support and generous contributions toward the fulfillment of our HJI mission that is securely rooted in our Founders' vision, one that underscores the essential significance of religion and academia in the noble effort to establish a world of universal peace.

We can all recognize the challenges our world is facing on all fronts at this time in history: spiritual, moral, geopolitical, economic and cultural. These challenges form a context that heightens our awareness, our sense of responsibility and indeed our commitment to our mission at HJI. The direction our world takes in 2024 and beyond will be governed by many factors. HJI may play a modest part in the larger scheme of things, and yet we live and work each day with a strong faith in both the importance and the impact of our efforts on our students, our community and the wider world.

This 2023 Annual Report provides a record of many of the highlights of the year, a very momentous year in the history of our institution. It was on July 1, 2023 that the name of our institution was officially changed, and our Charter amended by the University of the State of New York; Unification Theological Seminary was renamed as HJ International Graduate School for Peace and Public Leadership. This change was the result of a series of discussions and consultations among stakeholders of our HJI community, including our Co-Founder, Dr. Hak Ja Han Moon, our Board of Trustees, Past Presidents,

Alumni, Faculty, Staff and Students.

We also bid a fond farewell to our beloved Barrytown property which served as the home for our institutions for more than four decades. With our main campus having been officially relocated in Manhattan, at 4 West 43rd St., the Board of Trustees approved the sale of the property to Bard College. As much as we cherish and honor the legacy and history of the Barrytown campus, we are grateful that our 43rd St. campus offers the opportunity to build and expand on the foundation established over the past 47 years.

The Annual Report offers a review of many of our programs convened over the course of the past year, including Faculty Roundtables, Chapel Services, and Special Events. In addition, we honor our Founders, Trustees, Faculty, Administrators and Staff, our Students, Alumni.

We are deeply grateful for the steadfast support HJI receives from the Family Federation for World Peace and Unification USA. Over the course of our entire history, Family Federation has always been there to provide spiritual inspiration, prudent counsel and financial support. We also thank the many donors who have offered their treasure to strengthen HJI. We all know that everyone faces financial difficulties these days, and, therefore, your generosity is especially appreciated.

In closing, I assure our readers of our commitment to our HJI mission, and our resolve to continue our proud traditions of academic excellence, ministry and public leadership in service to building a world of lasting peace.

With appreciation,

A handwritten signature in black ink that reads "Thomas G. Walsh". The signature is written in a cursive, slightly slanted style.

WHAT STUDENTS SAY ABOUT THEIR EXPERIENCES STUDYING AT HJI

My experience at HJI has been amazing because I am slowly learning how I, too, can be part of the movement to bring about everlasting peace. I am learning skills which can allow me to be part of the solution.

MYOGA MOLISHO, SOUTH AFRICA
MA IN PEACE STUDIES

This curriculum has helped me to understand the academic, theological, political, diplomatic, and historical concept of peace. Being able to truly understand the meaning of peace has helped solidify the HJI founders' vision in my life.

MANHO WOO, SOUTH KOREA
MA IN PEACE STUDIES

Certainly my HJI education contributed both to my work as a chaplain and to my work as a pastor. There is a weight you get from the courses you take at HJI by having the words and the background behind what you know. You're never going to regret taking a course at HJI no matter how many you take or how long it takes you to finish.

BARBARA ROBERTSON, USA

INTERRELIGIOUS PEACEBUILDING

2023 ANNUAL REPORT

HJI founders Rev. Sun Myung Moon and Dr. Hak Ja Han Moon

HJI HISTORY

HJ International Graduate School for Peace and Public Leadership (HJI) was founded in September 1975 by Rev. Sun Myung Moon and Dr. Hak Ja Han, and its main campus was initially located in Barrytown, New York, approximately 100 miles north of New York City in the Hudson Valley. Interreligious encounters have been a central component of the school's history and vision and in recent years HJI has been committed to interreligious peacebuilding.

In 1984 HJI received a provisional charter from the State of New York, and on January 17, 1990 it was granted its Absolute Charter. On November 21, 1996 HJI was granted initial accreditation by the Middle States Commission of Higher Education. This accreditation was reaffirmed in 2003, 2010, and 2016. HJI offers four degree programs: a M.A. in Religious Studies, a M.A. in Peace Studies, a Masters of Divinity degree, and Doctor of Ministry degree. In 2019, HJI relocated its main campus to 4 West 43rd St, New York, NY.

These developments went forward under the leadership of Presidents David S.C. Kim (1975-1994); Theodore Shimmyo (1994-2000); Tyler Hendricks (2000-10); Richard Panzer (2010-15); Hugh Spurgin (2015-19); and Thomas Ward (2019-22). Dr. Thomas Walsh was appointed the seventh HJI President in May 2022.

MISSION STATEMENT

HJ International Graduate School for Peace and Public Leadership provides advanced academic and professional education for current and future leaders of the Unification community and all faiths, that seeks to enhance their relationship with God, their effectiveness in ministry, public leadership, and interreligious peacebuilding. As a home of thought, we strive to foster deeper understanding, contextualization and application of the Unification worldview within a world of diverse faiths.

MASTER OF ARTS IN PEACE STUDIES

“ *The Unificationist vision, and its restorative practices, offer needed hope...[HJI] and Unificationism offer an alternative [approach to peace] with a vision that is relational, biological, comprehensive, and holistic.*

DR. THOMAS WALSH AT HIS INAUGURATION AS HJI PRESIDENT

THE MASTER OF ARTS IN PEACE STUDIES IS A GRADUATE DEGREE PROGRAM THAT PROVIDES STUDENTS WITH THE KNOWLEDGE AND SKILLS NEEDED BY PEACE PROFESSIONALS

Kaeleigh Moffitt First to Complete Peace Studies Internship

The MA in Peace Studies dedicates particular attention to the study of conflict analysis and transformation and pays special attention to the impact of religion and culture on intra-state and inter-state relations. The program is designed for individuals who intend to pursue careers in public service through intergovernmental organizations, government agencies and non-governmental organizations. The faculty and staff in the program work collaboratively with the Universal Peace Federation, a Unification-related NGO with more than 120 national chapters, which holds general consultative status with the Economic and Social Council of the United Nations.

“ *Dr. Walsh comes to [HJI] to represent [Father and Mother Moon] and represent their ideal and prepare a new generation of highly educated men and women who can understand, explain and internalize the culture of peace that they have pioneered*

GRADUATION 2023

“ Through Father and Mother Moon's teachings, “we can understand ourselves as part of a providential history, a history that has a goal and a purpose directly linked to the purpose and meaning of our lives. What Father and Mother Moon have taught us is that it is our understanding of, and our relationship with God that is the most fundamental “root cause”; the root cause of goodness, justice, and peace. ”

CONGRATULATORY REMARKS BY HJI PRESIDENT DR. THOMAS WALSH

On Saturday, May 27, 2023, HJI held its forty-seventh Commencement in New York City to celebrate the class of 2023.

Special remarks were offered by Dr. Yong Cheon Song, recently named to be the International President of the Family Federation for World Peace and Unification International, and Dr. Chang Shik Yang, newly appointed as the Chairman of the Universal Peace Federation International.

In recognition for his service to religious freedom worldwide, the Doctor of Humane Letters was awarded to the Hon. Ján Figel', former European Commissioner and Special Envoy for Religious Freedom, who also delivered the Commencement Address to the approximately 200 people assembled, both in person and online, which included HJI graduates and their family and friends.

Former European Commissioner and

“ Freedom of Religion and Belief is a “very central human right – defining issues of personal conviction, lifestyle, the basis of cultural and spiritual life, identity, the principle of belonging to the community of the like-minded. [Freedom of Religion and Belief] is a litmus test of all human rights” However the reality of religious freedom in the 21st century is that “79% of the global population live in countries with high or very high obstacles for religious freedom...Evil is widespread today because it has strong allies: indifference, ignorance and fear. If we don't care, if we don't know if we are scared to say something or to do something on behalf of the voiceless or the defenseless. Like this noble institution, let us nurture allies of the common good: quality education for all, active engagement, and simple but decisive courage.”

NAME CHANGE

ON FEBRUARY 14, 2023, UTS RECEIVED APPROVAL FROM THE NEW YORK STATE DEPARTMENT OF EDUCATION TO CHANGE ITS NAME TO HJ INTERNATIONAL GRADUATE SCHOOL FOR PEACE AND PUBLIC LEADERSHIP.

“Although our name will change on July 1, 2023, our basic mission does not change. The emphasis on religion, peace and peacebuilding have been hallmarks of UTS over the years. At this time, we are making that core aspect of our mission more visible. At the same time, we expect that the name change may allow us to reach a wider market of potential students, attracted not only to our strong Doctor of Ministry and Master of Divinity programs but also our Master of Religious Studies and Master of Peace Studies programs.

Be assured that we remain fully committed to the Founders' vision and the tradition of UTS, even as we go forward as HJ International Graduate School for Peace and Public Leadership.”

Robert Torok

"The studies help me enhance my relationship with Heavenly Parent which is the basis of my life and actions. I am also happy to meet people from all over the world. HJI provides the platform where we can come together and reach a common denominator."

Jacques Marion

"It has been a great experience. I have done one course at a time because of my mission. The courses are extremely useful and rewarding, and I am very grateful to be here. "

David Wurzer

"I always wanted to study at HJI to broaden my view on the Divine Principle and in general. To study at HJI is a great opportunity and I really enjoy it. I have broadened my view of the bible and the courses have given me confidence to speak with my Christian friends and it added so much to the Divine Principle."
