

Topic of the first hour

As you have encountered God's will and work to raise up the people you meet in the church, guiding them toward God, what is the thing that has worried or distressed you most?

What words would you want to use to describe the oneness in heart that you would feel if you walked the path of the messiah?

Scripture readings

Exposition of the Divine Principle

Resurrection 1.4

The changes a person experiences when he is resurrected and enters the governance of God take place in his heart and spirit. These internal changes also purify his body, transforming it from a haunt of Satan into a temple of God.

Romans 8:6

The mind of sinful man is death, but the mind controlled by the spirit is life and peace.

East Rome-Emperor Diocletian & Galerius (same position as Moses) allowed Christian worship; in West Rome, Emperor Constantine learned of Christianity from his mother Helena. During the Battle of the Milvian Bridge against Maxentius, Constantine had a vision instructing him to fight with the power of the cross. In 313 his Edict of Milan legalized Christian worship.

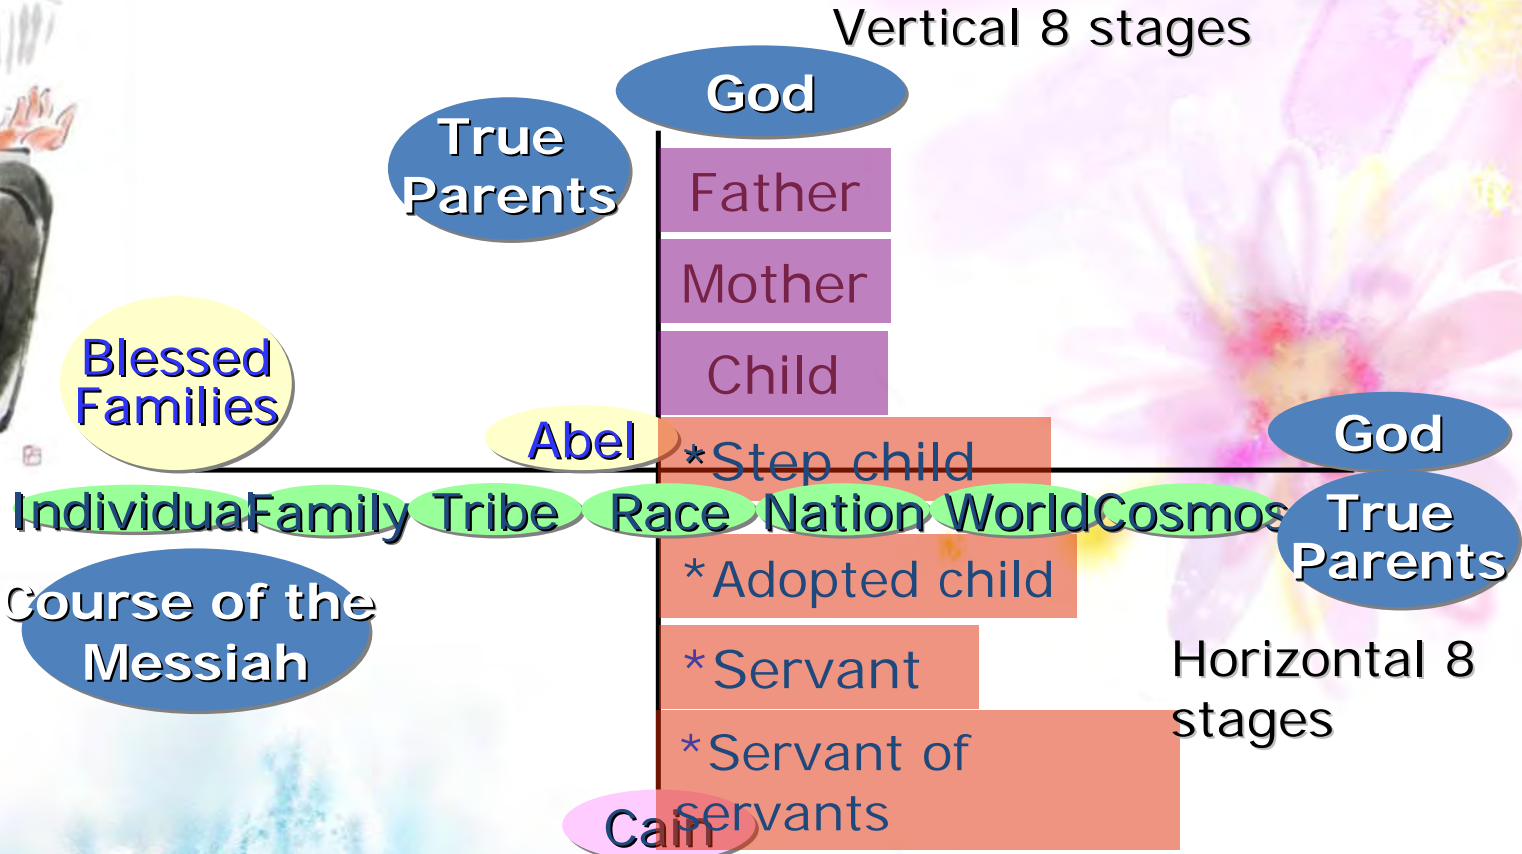

7 deaths & resurrections and Father's victorious life

Father, you walked the messiah's path, going beyond death again and again, in the shoes of a servant, shedding blood for heaven, bearing Heavenly Father's heart. You turned over your body to Satan, descending even to the bottom of hell to save mankind, to save the world, to save the nation.

**Gyeonggi Police Dept.

External reasons

Independence work during studies in Japan

Enemy ideology of Japan

Internal reasons

Responsibility to find the chosen people suffering in the servant of servants position under 40 years of Japanese rule (same position as Moses)

Process to begin public life as messiah and establish tribal level movement

Before you seek to control the universe, first control yourself.

Record of worshipping the Japanese Emperor

Sent to Japan by the providence

1. The failure of Jesus and Barabas to unite was restored by the unity between Father and Kim Ku. After Korea's liberation from Japan, it was necessary to make a central group around which patriots could unite in protesting against worshipping the Japanese Emperor. (Reason for Independence Movement)
2. At the same time, groups were organizing which would later represent the opposing forces of communism and democracy, and after Korea's liberation from Japan, an ideological movement was needed.

The Independence Movement - facing life and death

If you say you can offer your life for your nation and world, the nation and world will always be indebted to you, and if you honor somebody by offering your life for their sake, they will offer their life for yours, facing death.

At first, Sun Myung Moon and I were friends. We started out from the same place, but later, when I understood his position and heavenly mission, I began to attend him as father, not a friend. When he was studying in Japan, he always had his English Bible, Korean Bible and original Bible open, and they were covered with red underlines and tattered from being read so many times. When he prayed, he would pray for hours, completely losing track of the time.

2nd Resurrection

**Confinement at Jeongju
Police Substation
(mid Oct 1945)**

External reasons

Suspicion because of salary paid in South Korean money
(symbolizing future struggle between materialism and theism)

Internal reasons

Missed opportunity for tribal restoration after seven years.

(failure of those in John the Baptist position to fulfill their responsibility at the start of Father's public mission)

Expansion of the original conflict between Cain and Abel.

Vertical Stage

Horizontal Stage

blood lineage

Overcoming hardships at the verge of death

1. Satan's attack on the messiah's family as condition for the start of the course of public life. (indemnity for the expanded course starting from Adam's family)
2. Division between democracy and communism as an extension of the separation of Cain and Abel. Chance to feel Heavenly Father's heart.

The sacrifice of True Father's family

Even though he was just a short distance away from his hometown, Father did not visit his parents. He never sent them gifts—even a pair of socks. Rather he supported Rev. Sangsun Cha, and explained that this was the path he must walk as a public person.

Love of Resurrection

“It looks very difficult from a normal point of view, but if you think about Heavenly Father, from the point of view of heavenly law, this is the path the messiah must walk.”

True Father endured the pain of cutting off the blood lineage in his family to comfort the heart of God, the ancestor of mankind, for the loss of his family and the sorrow of the conflict between Cain and Abel, which had expanded to a conflict between communism and democracy.
