'GOP' 2019–2020 is accepting applications now!!!

[Sunhak Institute of Korean Studies]

Dear Unificationist Leaders and Parents,

How are you and how is your family and Church membership?

Thank you for your hard work and dedication to Heavenly Parent and True Parents.

We are warmly inviting you to recommend to blessed families in your church, district or region to consider sending their 12 to 15-year-old son or daughter to Korea to participate in the General Orientation Program (GOP) for International students.

Mr. Olaleye Isaiah Alao and his wife, Mrs. Takako are the International dormitory superintendent (dormitory parents) since GOP year 2015–2016. They had served as national leader of Nigeria for eight years, from 2007 to 2015. Mrs. Takako has experience as a teacher and counselor. They are doing their best to take good care of the blessed children, guiding them well in developing their life of faith, and providing a warm and stable dormitory life.

True Parents initiated the ten-month General Orientation Program in 1982, with the aim of encouraging students from around the world to learn the Korean language, Korean culture and the Unificationist way of life. Students live and study together with their peers from around the world, which allows them to broaden their perspective not only by encountering different cultures and languages, but also by learning to live harmoniously with different personality types. They practice a life of faith, with daily hoondokhae and evening closing sessions, daily writing of reflections, weekly attendance at Sunday services, and participation in major church events. Everyone who comes to GOP learns Korean, but also grows in heart and spirit.

At the end of 2014, True Mother assigned to us a new Principal, Yeon-Ah Nim, Hyo-Jin Nim's wife. She has since taken a deep interest in our students and our program, which has helped to strengthen it. Despite her busy schedule, she has spent time with the students, encouraging them in their studies. Yeon-Ah Nim points out that *"only for a limited time will our young people have the opportunity to meet True Mother and participate in her activities here in Korea. This is therefore a very precious opportunity for second and third-generation members."*

Our True Mother directed that the dormitory and school of the General Orientation Program now be in HJ Cheonwon from the beginning of the 2016–2017 GOP year. True Mother also gave us a new name ***SunHak Institute of Korean Studies***. We are now under the direct care and love of our **True Mother!**

Since GOP program moved from Seoul to the Chung Pyung area, which is such a pure and good spiritual environment, we have observed that Kids can concentrate better on their studies and happily go to nearby community sports center and to the Chung Pyung Training center to pray and sometimes just to walk around the beautiful environment of the Hyo Jeong Complex.

To apply, please read through the enclosed pamphlets and fill in the forms and send to [**gopdorm1@gmail.com**](mailto:gopdorm1@gmail.com)
The period of application acceptance is from March to the end of July.

You can anticipate that if your blessed child is selected to attend GOP, he or she will receive True Mother's scholarship for tuition.

Please feel free to contact us and our school staff with any questions you may have. We look forward to hearing from you soon!

May Heavenly Parent and True Parents bless you richly with Heavenly fortune as we pray for the success of

Vision 2020 in your family, church, district and region.

Sincerely,

Director of the Institute
