

Korean Students Graduate from English Camp in Ukraine

Mykhailo Ilin - July 21, 2019

The Korean students who came to Ukraine a month ago for an English camp attended a closing ceremony on July 21. The four-week English camp program was organized by the Korea Multicultural Peace Federation.

At the same time, it was the opening of an English camp program for 15 Korean high-school students. The new students' group came together with Korea Multicultural Peace Federation head Mr. Son and his wife.

Graduates of the English camp program expressed their feelings about their month in Ukraine through testimonies, presentations and even entertainment. The most moving experience for everyone was the three-day witnessing campaign in the cities of Odessa, Dnipro and Kharkiv.

All the graduates received certificates and gifts. They surely also received good memories that will last all their lives.
