

Ukraine Members Celebrate the New Year

Mykhailo Ilin - December 31, 2019

Exciting New Year's Eve celebrations were held by our members in Kyiv and other cities of Ukraine.

In Kyiv, more than 200 people, including international guests, gathered in our Training Center. We even had to put tables outside, as there was not enough space in the dining room for the festive dinner.

After a short concert and the giving of gifts to all the children, the participants could choose between different activities. There was a dance competition with a money prize, karaoke, a darts tent, and other games and competitions with many prizes.

After a midnight prayer, Rev. Chung conducted a ceremony of giving an envelope with a small gift to each child.

Similar but smaller New Year's Eve celebrations took place in six other cities of Ukraine for our full-time members and guests.
