

WFWP Ukraine works with the Boutique of Good Things and the Family Center

Mykhailo Ilin
July 27, 2020

WFWP Ukraine continues to work actively with Yulia Burda, the head of the Boutique of Good Things, and the Rodni Nyvky Family Center to help their local community. These efforts are all a part of the WFWPI project, Giving for Good.

Through Giving for Good, the chapter wanted to use this platform to help solve environmental problems. On July 27, WFWP Ukraine volunteers brought a new batch of clothes and toys to the "Boutique of Good Things" and met with families.

The organizers felt that this event was a great chance to help communities and to further spread the word on the "Giving for Good" international project.
