

# CARP Team Building Travel & Challenge

Bucharest, Romania  
3. June 2017

By CARP Romania

Dear Brothers and Sisters,  
At the beginning of this month Romania CARP organized one-day trip to Brasov, a beautiful city near the mountain-side.

CARP members and STF members took the train on Saturday morning to Brasov and decided to spend one day together for team-building, mountain-climbing and action tasks.

Divided in teams we had to accomplish together action tasks such as taking picture with large group of people, climbing up to Tampa and MMBK(FR)

Every team tried to create unity and support its members to get the best out of this experience.

Some of the CARP members experienced for the first time Fundraising and with the help of STF members it was truly an unforgettable memory.

We were happy to get to know each other better and work together for the same purpose: Growing our heart.

Upon reflecting on the experience, we concluded that there is so much we can

learn from each other and from what God offers to us every day.

We hope that this small trip was good preparation for members regarding Romania summer activities, when we will start again with Romania Tour, 15 days Divine Principle Workshop and Europe Tour.

We are grateful to our Heavenly Parent and True Parents for always supporting young people around the world develop their character!

Romania CARP Family.
