On January 9th, 2014, Rev. Kyeong Seuk Lu, president of FFWPU Korea presented a speech to some 300 family members of the Yeosu Ocean District, as well as employees of the Ocean Resort, during his tour at the Yeosu Ocean Resort convention hall.

Under the title of ‘Rebuilding the Korean Family Church with holy spirit and truth,’ he mentioned True Mother’s providential position and significance. He also mentioned that Yeosu is a providential landmark on which True Parents eventually focused for the Ocean Providence after they had completed most of their providential work. He also emphasized that we should strive toward the 7- year providence leading up to ‘Vision 2020’ with a heart of strong desperation, recalling True Parents’ tremendous efforts and

passion as they conducted over 23 hours of continuous Hoon-Dok conditions with Yeosu district members in the past.

Chang-Joo Jeong, president of Ilsang Ocean Development, said in his opening remarks, “We need earnest and proactive support from the members of the Yeosu Ocean District for the growth and development of The Ocean Resort.” He continued, “With that, we will be able to bear good fruit here in Yeosu, where True Parents’ sincerity resides.” Also, The Ocean Resort is where Rev. Kyeong Seuk Lu officiated a True Parents of Heaven and Earth heavenly blessing ceremony last December for the Jeonam, Kwangju and Ocean districts.
