

Belarus Members Give the Blessing at Maslenitsa

Vitaly Maksimov - March 10, 2019

On Sunday, March 10, Belarus members held a celebration of the pre-Lenten holiday Maslenitsa in the Brilevichy district of Minsk, at the invitation of the head of the local administration. The celebration was held in the local offices of the Bahá'í Faith.

Due to bad weather conditions, just a few adults came to the celebration. Three couples received the Blessing, completing three stages. As a result of this event, our members established good relationships with the Bahá'í community and will promote the Blessing for them.
