

Appreciating Bjorn Ottosson, St. Louis Missouri Family Church

Pastor Ottosson is a very humble example for all of us here in St. Louis. He is always looking for ways to push himself to live in the way True Parents have taught us, to live for the sake of others. He expresses his support and appreciation for our beloved True Mother many times, and works hard to better himself to fulfill his responsibilities as our Pastor. His relationship with his children is very respectful and caring. He and his wife have taught me so much and our community depends on him for thoughtful guidance.
