Reflections

Khamsee Akkasee, Village Headmen of 7th village, Lamnongsean subdistrict, Nong Gung Sri district, Kalasin: There is one village leader from Nong Gung Sri district of Kalasin who attend 6 days Heavenly Tribal Messiah coordinator workshop one week before CheonBo workshop. He learned about how to become successful Heavenly Tribal Messiah, Divine Principle, True Parents' life course and CheonBo providence. He was so inspired and decided to work hard to support and expand Heavenly Tribal Messiah and YSP project in his sub-district. This 2 day CheonBo workshop, he brought many blessed families from his villages to attend CheonBo workshop. They all got amazing spiritual experience of grace and heavenly fortune. Now this group of villagers determine to fulfill mission as Heavenly Tribal Messiah and collect money to go to pilgrimage Chung Pyung Holy Ground and meet True Parents in 2020. He told us that he already believes and experience so much Holy Spirit of CheonBo Holy Ground at Pak Chong since 6 day Heavenly Tribal Messiah coordinator workshop. His decision to bring many Heavenly Tribal Messiah members from his village is correct. They all got very good spiritual experience and love from True Parents and Heavenly Parent. He feels so grateful.

Senior lady from Heavenly Tribal Messiah area of Nadun district, Kalasin Heavenly Tribal Messiah area: One participants from Kalasin Heavenly Tribal Messiah said that anybody who can come here is really so lucky. She dreams that evil in my bodies was get rid of from my body. The wickedness and mistake that I did in the past was squeezed out from my body. This make me feel lighter and comfort. I feel so grateful to FFWPU that invite me to participate here, I will go back to expand this CheonBo to my friends who cannot come. Hopefully, they can attend in the near future.

Manassapon Naksa-ing, 19 years old, SG: I have very good and deep experience. I was so moved and gained so much power when Cheonbo staff (uncle Prasert) came out and lead chanyang. My tears flow down as if those are my ancestors' tears with sorrow and pain. Through this time chanyang, I feel closer to my ancestors. I got a special experience and inspiration that move my heart and strengthen my inner energy to do my very best in my responsibility and duty. I was so inspired by a lecture from Dr. Kim. He mentioned about True Mother's motto which I really love that is be grateful today more than yesterday, tomorrow more than today. These words make me feel that we should be grateful here and now and every moment. I was inspired to do something to make True Parents happy and feel that I don't want to wait any longer or delay.

My special experience was in the time when I communicate with my ancestors after chanyang. During that time I felt my ancestors sit in front and listen to me. I felt the love of ancestors and after that I went to the small prayer room for the first time. From the very step as I stepped in the prayer room, I could not control my tears at all. I felt the love from True Parents comforting me. It is a very difficult feeling to describe. Thank you so much for a lot of blessing that we could receive. I will always keep this kind of energy and inspiration and use it in every day of my life.

Janipa Suai-luek, 16 years old, second generation: When doing Chanyang, I don't feel tired at all but full of energy and don't afraid to be hurt. After finish Chanyang, I feel I receive ore energy and feel lighter like a receive liberation. After finish first session Chanyang, I pray to God to please reveal the inspiration to me. After that there are two more sessions of Chanyang. Suddenly I feel in my brain that God speak to me that Chanyang is like life line, even though hitting is make us pain but after finish I can feel very good. Like a when we confront with many problems if we continue to invest and endure that the

achievement is waiting at the end and we will be full of happiness after we can pass. I have experience when I did Chanyang of ancestor liberation ceremony, I feel that many ancestor really hold my right arm and sit beside me.

Phattarat Lam, New Blessed Family who had completed 3 days ceremony from Buriram Heavenly Tribal Messiah, 56 years old: 4 days before CheonBo workshop, I was in Pak Chong training center at the last night of 6 day HJ Leadership Training Program for raising Heavenly Tribal Messiah coordinator. The last lecture in that evening is CheonBo Providence. In that night before I slept, I could smell the death bodies of people come to me. I truly feel that they are my ancestors who came to request to me to attend 2 day CheonBo workshop in order for them to liberate. So, I decide that I have to come back to Pak Chong training center again to liberate my ancestor.

3 days later, I came back again in the group of 10 people from Buriram. During the period of Chanyang ancestor liberation, when we hold hand ancestor, suddenly, our group of 10 people can feel the good smell of Jasmine flowers. We wonder and ask in our mind who use the Jasmine flower perfume, but we know that nobody use, all 10 people from Buriram really believe that the good ancestors really come to us to celebration ancestor liberation ceremony to release the suffering of our ancestor. After finish workshop, I went back too late, so I slept in FFWPU Buriram center. That night I had dreamed that I had offered Wish Paper to True Parents. In that dream, there is the huge snake surround my wish paper that I wrote. Then, that snake pour out fire from its mouth till wish paper become ashes and fly to the air. Then, I suddenly wake up and pray to True Parents to please accept this wish paper. I feel really connect to Heavenly Parent and True Parents. This is my good experience with CheonBo workshop that I would like to share to everybody.

Ms. Patchaya Thongpan , CARP member , 22 years old: By attending Chanyang session, atmosphere is very holy. I feel touched with the grace from heaven through Chanyang feel like many angels surrounding me and embrace me up and sanctified bad spirits out of my body. My heart felt like receiving very warm embrace from heaven and I cannot express by best gratitude. I, daughter of Heavenly Parent, receive so holy atmosphere as I never feel before from anywhere. It made my heart feel so moved and my tears of gratitude down so much. I feel so grateful to Heavenly Parent and True Parents for the grace that they bestowed to me.

Throughout this 2 day workshop, I receive so much love and grace from heaven until I cannot explain. The atmosphere is very heartistic and my heart is much closed to God and Heavenly Parent more than any time. Atmosphere of our brothers and sisters are very holy. I feel like a Pak Chong Training center are full of Holy Spirit dwelling here. It is like an Ideal 2 Day that we all brothers sisters spend time together, practice Heavenly Tradition together centering on Heavenly Parent and True Parents, and every second is like a my heart receive warm embracing from Heaven and giving so much energy into the heart of me, your daughter.

Mr. Nantapat Panamatang 53 years old, from Buriram province Heavenly Tribal Messiah: I am happy and inspired to know the teaching of True Parents. I will expand this in my family, community and society. I

really want to do tribal messiah as a gift for True Mother. I am so happy and so lucky to come here and received inspiration to offer myself as filial child for Heavenly Parent and True Parents who have given love life and blood lineage to me and my family.

Mrs. Wanida Ya-luem-dee, 25 years old, CARP member: I join Chanyang team, my responsibility is main Vocal which has to use my feet a lot, however during rehearsal I got pain at my foot. I became so worry that my foot got pain too strong until I cannot endure. So, I come to pray room and pray with utmost sincerity to request that my foot will getting better. I pray seriously request for help from Heavenly Parent, absolute good spirit will come to carry my feet to get pain. Finally, until the end of workshop, even though it is serious injury at my foot but because I pray with utmost sincerity and strongest determination, I don't feel pain at my feet at all. I truly know that Heavenly Parent and True Parents never abandon me and I have the strongest wish to become filial daughters that can make True Parents can feel proud. This is what I truly want to fulfill.

Every time I go up on the stage, I always pray with spirit of love and heart of salvation. Even though the body feel very tired but my heart always said to me that I am the daughter of Heavenly Parent. I want to be legs and arms for Heavenly Parent, even though I am tired but I will never give up. I really wish that one day I can join Chanyang team in Korea to gain more experience. I really wish to develop my heart and love. I become full of smile when I saw people in front of me invest for Chanyang and at the same time I cannot stop tears from eyes.
