*** Teaching the Principle to more and more new people figures as our core mission this year. The Saturday DP Seminar is emerging as a center piece of the re-igniting of growth in Maryland. Here, guests join **Dave Phelps, Shin Taylor Miilhan Stephens** and others at the first

Saturday DP gathering. Every Saturday morning at **New Hope Academy** the church’s main Divine Principle Seminar takes place. Reception, coffee and Danish and fruit is at 9:30am. ***Want to join the 7 Day chain fast? Purpose to support new members, lay foundation for growth. It’s already started , but you can still join and choose a day. It just one more way folks can contribute energy and sacrifice for the cause of teaching new people. It *Aaaaaaall* helps ! And it’s a group effort! Just Call Outreach intern **Rachel Boothby** or **Shin Taylor** to register for a day.

*** New guests **Peter Whitaker** and cousin **Kelly** are welcomed by **Sunwha Moffitt**. The **summer Open Mic** takes place Thursdays at New Hope , 7:30- 9:30 . Got an act? Got a song? Feel a poem coming on? Come on down. Call Open Mic coordinators **Shin Taylor** 240..... or **Zack Musiol** . Thursday's **Open Mic** is a program for by and about our Young Adult's culture and performance, but they graciously tolerate a few elders in the grandparent stage of life! Come on down. Next session Thursday July 25 7:30pm- 9:30pm.

*** The church's 9 meter Sailboat, "Amici" figures as a consistent hit with guests and members alike. Here shown with **Miilhan and Sayaka Stephens**, guest **Peter Whitaker** and **Jake Mas** and **Jim Boothby** Moored in Edgewater on the bay, the sailboat has been a real hit. Late afternoon sails into

dusk with sunsets and soft evening breezes speak to anyone's heart. Please let us know if you'd like to go out . a special treat for your guests, new friends and contacts. ***New this year an innovative program of Young Adults leading the charge in outreach and evangelistic work is off the ground. Four **Outreach Interns** play a key role planning and carrying out outreach events, witnessing in Malls, handing out literature and going door to door around New Hope. They bring guests to seminars, staff workshops and even teach. etc. Each one receives a small weekly stipend and valuable life training, resume building etc . From left, Summer Outreach Interns : **James Abendroth , Zack Musiol , Rachel Boothby and Shin Taylor** with **Outreach Pastor Jim Boothby** who coaches the program at their inaugural planning meeting at **IHOP** in Bowie.

***Accomplished guitarist **Gideon Herstein** knocks out “Two Coins” by *Dispatch* while **Outreach Intern** and Open Mic organizer **Zack Musiol** sings original creation “American Music”.

***Experimental summer **Open Mic** run by **Shin Talor** and **Zack Musiol** on Thursdays at 7:30 pm New hope appeals to young and old alike. Some of the guitar acts are incredibly talented. Great mood, great tunes, very chill. Amateurs invited! They even have “bartender” outreach intern **James Abendroth’s** skilled hand mixing combinations of healthy “mock-tails”and pizza has been served. Above, new member **Allie Karoma**, joins **Pastor Miillhan**, **Josh Hunter**, **Matt Holden**, **Sammie Miester** and others for **Zack Musiol’s** plaintiff rendition of “Stand by Me”.

***The Saturday Morning Divine Principle Seminar has developed into a consistent good experience. Actually, it's the first official regular weekly church sanctioned DP seminar anyone can remember. At least the first one **regular program** that enjoys the full, aggressive involvement of the Pastor Team. Here, new friend **Ameka**, met by **Hooi Poh Kureishi** at **Prince George's Plaza** is welcomed by **Outreach Pastor Jim** before an energetic Principle of Creation chalk-

talk. As part of TM's 40 day meeting new people effort, **Hooi Poh** faithfully meets new people for 1 to two hours every single day at the Mall. (We'll feature **Hooi Poh** in the next MD Outreach Picture News !) **Ameka** has attended the last 3 workshops and attended church twice now as Hooi Poh's most recent "new friend".

***Outreach Road Warrior- Laurel based **Tony Adamson** told us Saturday his success in bringing his old work friend "**Mike**" to the Saturday Seminar was rooted in the tug of his hope and conscience has been so strong lately he's been fasting every third day some stretches of time. On Saturday last, **Tony** actually "delivered " surprise guest "**Mike** " to the Sat Workshop by traveling all the way to Mike's home in **Abingdon**, way north of Baltimore, to pick up him up and carry him all the way to NHA to the seminar! That's dedication ! And then take him home again! Now that's how to get the job done !
