July 29, 2017

**Get your Civic Action Game On!
Come to Melford Monday Night**

Maryland Republican Party **Black Republican Council**

Meets (Rents) at New Hope Family Church at Melford

**Monday July 31st
State GOP Party Chair Will Attend**

**Prince George's County GOP Chairman Brandon Cooper, The Maryland
Republican Party & The Republican Black Council will hold their mid-summer
"Listening Tour "**

Monday Night July 31st at New Hope Family Church in Bowie.

**Meeting at New Hope Family Church Melford, this Monday night 7- 9:00 pm .
Refreshments Will be Served . About 100+ Expected**

They are building their party statewide . And in particular in PG County looking to recruit more African Americans (And people of all races 100% welcome according to the County Chairman)
Maryland Black Republican Council - main sponsor. All NHFC members are of course welcome as all demographic groups.

Public meeting at Melford Monday 7/31, at 7pm .If you want to be engaged in civics and governance - this is a good start.

Their goal - increase **African-American, and general , over all GOP activity in PG County and MD!** In particular he would like to contact and meet moderate and conservative folks who are, or lean Republican.

Let me hasten to add, again this is NOT a NHFC event. NOT. Rather we are simply *renting* our Bowie church facility to them at their request.

Individual members who are of the sponsoring political party are of course engaged -as individual citizens. Same absolute same rights and friendly welcome , olive branch is extended to Democrats and Independents if they want to rent our facility . We are encouraging all members to get involved in your community, meet your legislators, elected officials and be aware of whats happening in the county.

They apparently seek more GOP activity and a more balanced political environment in PG county.

Brandon Cooper is the new 30 something year old African-American GOP chairman of the newly resurgent Prince Georges County Republican Party. A rising GOP star, affable, friendly. With a church background.

Again, lest anyone misunderstand - to be clear, this is **not** an event sponsored by NHFC. Rather through folk's personal tribal messiah work, the GOP asked to rent our facility . Council approved that. And in which individual members as citizens are involved . And we would rent to the Democrats or Independents as well If they asked ! Our job is to influence and work with *all* public officials. .

All under the rubric of our ongoing "Civic Engagement " - Civic Activism " mandate and Tribal Messiah outreach.

Have any MD African American GOP-type contacts you think needed connected? ? They'd love to hear about them.

See his attached flyer, for the Monday July 31 - 7-9 pm event .They expect about 100 to attend .
