

FFWPU USA Subregion 1 Heavenly Tribal Messiah Coordinators: Theodore Shimmyo, Atsushi Takino and Greg Breland

Demian Dunkley and Millhan Stephens
January 23, 2019

Dear leaders,

Thank you for all that you do to further the providence.

To help fulfill True Mother's desire to have America as the nation that leads the world into Cheon Il Guk in 2020, we appointed three Tribal Messiah Coordinators for each district in Subregion 1. They will support our families so that every blessed couple is a tribal messiah by the end of 2019.

Our Tribal Messiah Coordinator for District 2 is Dr. Theodore Shimmyo. Dr. Shimmyo and his wife, Mrs. Sumie Shimmyo, had blessed 130 couples before 2017. However, after much prayer and reflection, they decided to prioritize tribal messiahship, and in 2018 alone they blessed 300 couples, thus becoming a 430 accomplisher and victor with more than 43 spiritual children and grandchildren who are regular members. Dr. Shimmyo is an incredibly active member in his community and lent us tremendous support for the Nov. 12 rally.

Our Tribal Messiah Coordinator for District 3 is Rev. Atsushi Takino, who has recently become a 430 accomplisher with his wife, Mrs. Namiko Takino, this past December. In 2016, under Rev. Demian Dunkley's direction, he was appointed as District 3's Evangelism Education Coordinator and has since then helped many couples begin the journey of tribal messiahship by going with them out in the frontline to spread the blessing. He also provides very useful internal and practical guidance, and gathers active tribal messiahs in his community every month to share testimonies and celebrate victories.

Our Tribal Messiah Coordinator for District 4 is Mr. Greg Breland. Inspired by the weekly TribeNet calls, Mr. Breland and his wife, Mrs. Keiko Breland, began trying many ways to spread the blessing in their local community, from a table on the main street to going from door to door or speaking to acquaintances. Still, they felt there was not much progress being made. Then one day when his wife was let go from her job, she decided to retire and dedicated a few hours every day to this mission until they were able to reach their goal. Mr. and Mrs. Breland have now blessed 513 couples. Right now, they are focused on educating

the people they have blessed and are inviting them to many of the activities hosted by their local church community. They are also teaching the DP to a few ministers they were able to meet.

Here is the [job description](#) of the District Tribal Messiah Coordinators. Please connect with them, and let us all work together to bring victory of Tribal Messiahship in Subregion 1.

God Bless you.
