

# UC Moldova Activity

*Moldova, Mihai Calestru, May 14-19, 2018*

Last week UC of Moldova was invited to share about the good practice of interreligious dialogue at three international events.

On May 16 the Minority Youth Forum II edition was held, in partnership with UN Human Rights Department.

This edition was dedicated to minorities and the media.

UC representative Andrei Esanu was invited to speak on its experience of realizing interreligious dialogue and creating the Interreligious Harmony and Dialogue Platform in Moldova.

Based on this we were invited to a session where we shared in details about the recommendations and suggestions to media representatives.

On May 17-18 the International Development Ethics Association 2018 Conference was held on the topic of "MARGINALIZED PEOPLES, HUMAN RIGHTS, AND DEVELOPMENT ETHICS".

Again UC representative Andrei Esanu shared on its experience of realizing interreligious dialogue and creating the Interreligious Harmony and Dialogue Platform in Moldova.

On May 18 we along with other two representatives of the Interreligious Harmony and Dialogue Platform attended a meeting with the UN expert in minorities' rights Mrs. Belen Rodriguez de Alba.

It was a short and bright meeting. In all three events we could meet representatives of churches potential to join the Interreligious Harmony and Dialogue Platform in Moldova.

Developing interreligious dialogue in Moldova is a necessary mean for creating the environment for witnessing in our country.
