

## Two-Day Divine Principle Workshop in Colle Mattia, Rome, Italy

Giuseppe Cali

April 8, 2018

On 7th-8th April we held a 2 days Divine Principle WS in Colle Mattia, we had 12 people and 4 guests.

It was nice to separate ourselves for couples of days from our daily routine, surrounded by beautiful nature and share our hearts with each other.

Lectures were given by Ignazio Cabras and in addition to the classical topics: Ideal of Creation, the Fall, life and mission of Jesus, historical parallels, he explained Sun Myung Moon 's life until recent time and we received some insight on prayer to improve our relationship with God.

It was a very refreshing workshop and members could gain benefit.

Certainly, after this experience our lives will change in a positive way.
