Dear Family Members,

Thank you for your love and dedication to Heavenly Parent and True Parents. It has been 40 days since the inauguration, during which time we have been praying with leaders at the Cheon Shim Won in order to capture the essence of Heavenly Parent's Will for America at this time.

As I alluded to in my inauguration message, my sincerest desire for the American movement is to help facilitate a deep connection of heart directly with True Mother. I strongly felt Heaven's guidance directing us towards rebirth and revival.

Having dedicated the Cheon Won Gung on May 7, True Mother opened a new era, a new history, and she is beckoning us to become new sons and daughters, reborn in the Cheon Il Guk Era through True Mother's love.

It has already been 11 years since True Mother strongly encouraged our worldwide movement to capture the heart of the early church that was led with spirit and truth. While truth can be explained, the spirit that True Mother is referring to, needs to be experienced, and True Mother gifted us the Cheon Shim Won for our deeper prayers to be caught up in that spirit.

I myself have been having a great experience at the Cheon Shim Wons, both in Korea and here in America. The Cheon Shim Won in Las Vegas is a sacred gift that True Mother gave to the American movement, and it is now being multiplied throughout the nation. It is my hope that every community can settle their local Cheon Shim Won, and together with local leadership, initiate a daily prayer vigil as they have done in Korea for over 800 days. Deep insights and miracles are springing forth from this devotion. This is the spirit part of the spirit and truth that True Mother has been referring to all this time. And it is from this spirit, that our leaders and members find themselves much more eager and better equipped to witness.

True Mother is guiding us to witness, witness, and witness. Witness while we are awake, and witness while we are asleep. To be successful in that, I need to first witness to myself, then I need to be a witness to my family and community, and finally I need to witness to those around me in my sphere of influence to bring them into the fold of Heavenly Parent and True Parents' love in a local Family Fed community. These three acts of witnessing are not sequential, but rather simultaneous. I suppose that when True Mother refers to witnessing in our sleep, she means witnessing in our dreams. If we are thinking of witnessing constantly, and acting on it daily, then I'm sure several of us will start to testify about witnessing in our dreams, while we are asleep.

Over the course of the next six months, True Mother is looking closely at the activities within the three providential nations. There are many challenges that face each of these three key nations, but I am confident that with prayer centered on unity and action, we will be able to overcome everything.

Based on True Mother's guidance, we will be making some changes to church structure in order to better support local communities to be successful in witnessing. Together, we will be monitoring progress over the next six months.

The Cheon Shim Won rebirth workshops that I've been conducting in Las Vegas have been a source of great revival for the leaders attending there. These workshops will be opened soon for general membership to participate in. Furthermore, I am planning to visit communities throughout the nation that have established their own Cheon Shim Won, and it is active with members in attendance. It is simply my desire to spend time with you, and to convey to you the deepest sense of True Mother's heart and essence. I look forward to seeing you all in the near future.

We now start a new 6-month course to totally unite with True Mother's direction towards church growth. Today, July 7, we start a 40-day condition. During this time we will settle our new structural changes and establish Cheon Shim Wons throughout the nation. As mentioned in a previous memo, our previous condition of morning devotion will move to the Cheon Shim Won prayer vigil, and we ask every location to utilize True Mother's Memoir, The Mother of Peace, as your Hoon Dok Hwe material, so that we can deepen our resonance with True Mother's essence.

May Heavenly Parent Bless you and your family,
