Dear Leaders, Brothers and Sisters,

We are very excited to announce that True Mother is coming to America soon, and she has specially requested to meet with the American youth.

We would like to gather all young people, high school to 40, for this special chance to meet True Mother.

We will host a weekend experience on October 7-8 in Las Vegas, including a special meeting with True Mother on Oct. 8 at IPEC.

More details and registration will be available shortly, but please encourage all youth and young adults from your communities to save the date and look into travel options for that weekend.

We want to welcome True Mother with Hyojeong and attend her well by showing up!

Thank you,

Tal
