Recharge is meant to give the space for brothers and sisters to connect and bond through a fun outing (i.e. ice skating, hiking, paintballing, canoeing, etc.).

Two of the youth took initiative to invite their school friends. E. Rissanen, co-youth pastor of Capital Family Church, commented "I was moved and I realized youth ministry is the best space to naturally witness to new people.

Our goal moving forward is to create events that are friend-friendly, so that our youth can invite their friends with no fears or hesitations, and we can grow in our faith and community.
