KING HYUNG JIN Calling Father's Organizations 'Fraud'

Did Hyung Jin listen carefully

In SC video, Hyung Jin calls FF members 'bozos' (stupid and insignificant). He also labeled them, 'weak and cowards'.. while Father's organization he repeatedly called, 'Fraud'. (Watch after Mrs. Kang's talk about unification and pioneering.)

Compare Hyung Jin's hate talk with TF's explanation about Heaven, ".. a world of harmony brimming with love, where everything is imbued with love." Calling Father's disciples 'punks', meaning 'worthless people' (a general term of abuse) only reflects the level of Hyung Jin's own heart, which attracts like minded people.

We see Sanctuary Church repeatedly confusing love with the joy of ridiculing and accusing others - which is evil give and take, producing evil energy. But we should see that as a result of a global change in humanity's heart resonance. Disturbance in the geomagnetic field makes humanity feel more anxious, confused. Those who cannot cope succumb to negative feelings and outlook. As a result we see similar trades within the church and in outside society, reflecting the providential spiritual changes.

As True Father said, "It is important for you to understand the spirit world.. learn about what your ancestors.. are doing in the spirit world... understanding clearly that you will inevitably face the same fate.. on this earth." (CSG p.702) Read [my spiritual experience with Hyung Jin and Mother](#)'s realm in the spirit world, to understand the restorative meaning of the Sanctuary Church phenomenon.

HYUNG JIN AGAINST FATHER

When you hear Hyung Jin calling Father's organizations 'Fraud', Father's wife 'Whore' and 'Lesbian' and his hard working witnessing members, "weak and cowards".. becomes obvious how much king Hyung Jin actually loves Father.

Pretending, with intend to manipulate others (triggering their fallen nature with hate-speech), is one thing, but his actual words and actions show his real disunity with Father. Hyung Jin does everything possible to destroy Father and his spiritual and physical foundation.

HYUNG JIN CALLING:

Father's organizations - 'Fraud'

Father's tradition - 'Satanic'

Father's wife - 'Whore' and 'Lesbian'

Father's members - 'Stupid and insignificant'

Witnessing members - "Weak and cowards"

Yes, these are Hyung Jin's actual words. In his videos Hyung Jin teaches that Father's tradition of tithing is wrong and 'satanic'; Father's followers are "bozos" (meaning: "stupid and insignificant"). That shows how highly he estimates Father's achievements, putting them below zero point.

If you translate the actual meaning of Hyung Jin's description, you'll see how horrible, ugly, scary picture he makes of Father. It means that Father failed to restore wife, so he could not establish True Parents. Read how [Hyung Jin was teaching against Father's directions](#) even when Father was still alive and how he neglects and reverses Father's clear directions to make his [FALSE CLAIMS of SUCCESSION](#)

The lovely part is, that Hyung Jin thinks such hate talk is normal in CIG... and Kook Jin nicely explains that his kingdom tradition is '[to arrest and execute his mother](#)'. DON'T Sanctuary Church members just LOVE THAT. They say they are Uplifted by such hate-talk! Wow!

In Hyung Jin's mind, Father is so bad, that he could not raise his wife, while Hyung Jin could make his wife perfect just with one prayer. Hyung Jin teaches that True Parents failed, so he now restored the

position of 'true parents'. Who cares that he and [his wife enjoy gossiping](#), hate talk and so on. In his kingdom values are quite different from those of Father.

HYUNG JIN AGAINST FUNDRAISING

Calling tithing 'satanic' Hyung Jin is actually proclaiming all FR sacrifice of the members as something evil that Father did. Instead of acknowledging the hard work and sacrifice of all the members, Hyung Jin is openly calling them 'Bozos' (Stupid, insignificant). So in his view those who most sacrificed for Father are stupid and insignificant. In his video he also called them 'weak and cowards'.

So who are the guys following and inspired such hate speech? Yes, of course, the negative, resentful against FR and Witnessing members. King Hyung Jin specifically went around the world to search for disillusioned, negative, complaining and accusing members. These are the guys who finally found their true king.

HYUNG JIN AGAINST WITNESSING

Mrs. Kang also Sanctuary Church, "Pioneering is a very difficult process". Yet, Sanctuary Church not only is not witnessing, but accuses vigorously all Family Fed. members who pioneer and witness so hard. Mrs. Kang even told them, "If you try to do it without God, it won't work", so it's obvious that God is on Mother's side, the side of Family Federation, while Sanctuary Church is out of God's grace. Looking at the fruits we cannot deny that God's Blessing is with the Family Federation.

Looking at the fruits we cannot deny that God's Blessing is with the Family Federation.

Family Federation now has incredible Tribal Messiahship results - even beyond the early church spirit. A sister just came back from Philippians, she witnessed and blessed around 600 couples. Another European couple also could reach 900 couples. Not like in the past, these couples get educated and do proper 3 day ceremony.

Thousands of Family Federation members invest their hearts like that. It's CIG now! Everything is possible, but Sanctuary Church are stuck in the past, feeding on negativism, fears and accusations. Hyung Jin is calling Father's organization 'Family Fraud', and its hard working witnessing members, "weak and cowards". Are they! REALLY

COMPARISON:

Sanctuary Church - No Witnessing, No Interreligious work - 1 incidental guest in years

Family Federation - Thousands of guests witnessed a day. Numerous World Projects

Even in Europe, witnessing with Second Generation, we had around 30 guests a day in each of our centers, spreading in several cities. Amazing results! Guests get so inspired; Hundreds of Second Gen. learning DP, lecturing and investing their hearts with such a enthusiasm. Wonderful! That's True Father's spirit and tradition, not [SC stagnation on negativism](#).

As Mrs. Kang also explained to Sanctuary Church, "Everything Father was doing was to unite humanity". But everything we see Hyung Jin doing is dividing and accusing the very organizations Father created to achieve that world unity. How huge sin is H2 committing.

[Spiritual testing of Hyung Jin's Resonance:](#)

		level of vibration			
Judicious	Derogating	Pride	175	Scorn	Justification
Vengeful	Antagonistic	Anger	150	Hate	Aggression
Devious	Disparaging	Desire	125	Grieving	Enslavement
Hostile	Fightback	Fear	100	Anxiety	Withdrawal
Unhappy	Tragic	Grief	75	Regret	Dispondency
Confusing	Hopeless	Worry	50	Despair	Abdication
Vindictive	Foul	Guilt	30	Blame	Destruction

In the [Heart Resonance chart](#), Truth is above 200, love is above 500. Under 200 we are dominated by the physical mind (animal nature). Such negative emotions are all toxic for our spirit and body. Father was clearly in resonance above 700; resonance that easily brings unity, harmony, peace and love among the people. The low resonance however results in antagonism and divisions.

With [spiritual testing we could calibrate Hyung Jin's](#) resonance of heart at around 180. This is the level of conscience of predator animals (170 to 180); feeling pleasure and enjoying in hurting others. Hyung Jin's boastful attitude, of 'I'm the king' my mom is 'whore', is in the resonance of Pride, Arrogance and Scorn (resonance of 175). In comparison, Father's attitude is seen in his words, "In the position of a servant I walked the path of a servant of servants."

Hyung Jin's emotions of blame and desire for vindication, fear and anxiety (seeing conspiracy everywhere) go further down to 100 and below. In his anger and hate he goes to [negative resonance and resentment](#). Let's realize we all have to clean up our hearts from such low emotions. There are spirits with such low heart that have be restored. [Read the complete text](#)

True Mother behaves and talks like True Woman.. SAME LIKE WHEN FATHER WAS ALIVE, so connected to Father. Hyung Jin is the one who talks so DIFFERENT FROM FATHER, H2 must be ultimately perfected. [Yeonah nim picked-up on GOSSIPING](#) - evil women habit, that needs to be restored.

Hyung Jin's vibration of 100-180 is the Resonance between fear and pride, way under the level of spiritual development. Or we can say, Old Testament level; "Eye for eye!" Obviously he is under some spiritual burden from the past, that has to be restored through returning resurrection. Read, [Historic Reasons for Division](#) and [Spiritual Reasons for Division](#)

To understand why children in the True Family are being attacked by satanic invading forces, read Father's words; "By sacrificing my family and relatives, God led me to love my enemies and their families. Drawing compensation from my family was God's idea; it is the teaching of Unificationism.. God sacrifices His own sons and daughters and those who are close to Him as He loves and strives to recover nations.." (CSG p. 352)
