

Hyung Jin started the Period of Divided Kingdom

Our Providential Time:

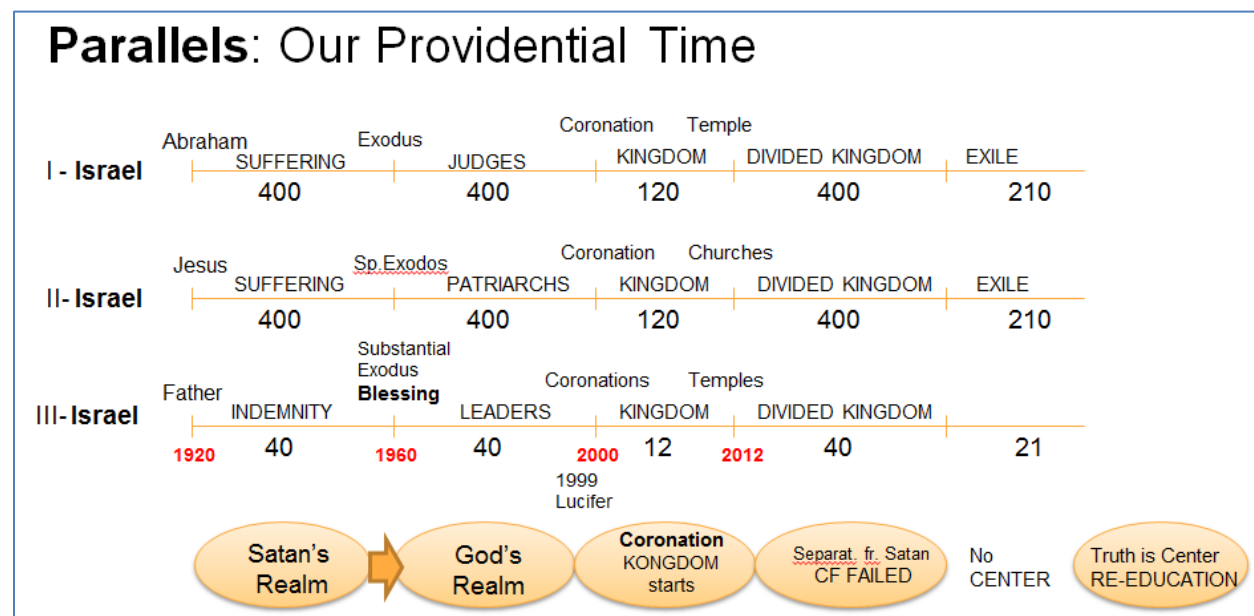

I gave presentation in 1999, that TC will divide the church, according to the Parallels of History. If they don't unite and overcome the historic-spiritual burden from OT and NT, they will repeat it and create divided kingdom. Unavoidably these feelings have to come on them.. it's a spiritual law!

In 1999, when I received that revelation, I believed that it's enough clear in the Principle, so even if it comes they will recognize easily and overcome. But as we know, when historic resentments come on us, we easily forget the logic.

We are in the Period of Divided Kingdom

Once **Christianity failed to accept Father** as the Second Advent, the 6000 yrs of preparation were taken by Satan. The 3 periods of 2000 years are to be restored again in 200 yrs from Father's birth. The exact providential periods and their essential meaning prove that, beyond any possibility of doubt.

We cannot deny, that we are going through the exact Parallel periods, with the exact internal meaning. Look at the exact numbers; 40 yrs (1920-1960) | 40 yrs (1960-2000) | 12 yrs (2000-2012) | From 2013 is the Age After the Coming of CIG, started Division.

In the Period of Divided Kingdom the **kingdom was already established in the midst of the satanic culture**. Thus, separation of good and evil was necessary. Since they failed to divide the evil ideological influence from their faith, they were invaded by the satanic ideologies and practices. God was obligated to carry the course of separation on good and evil, thus the kingdom divided.

We are at the same point, CIG started, but we live in the satanic world. UC has to cleanse itself from all unprincipled influences - all the influence of Humanism, Selfishness, Negativity, Criticism, Gossiping and other practices that give common base with low spirit world.

On the other side, we now carry a **substantial course of restoration**, thus members unavoidably have to divide; those who reached Foundation of Faith and Foundation of Substance (their Sp.M. liberated) from those who failed in FF and FS (their Ph.M. still dominant). Also those who liberated their ancestors from those who still have many ancestors in lower realms, who can influence them. That's absolutely needed. We cannot start Ideal Society, if low spirits can freely interfere and influence in it.

This is how it works. Members who are themselves in low spiritual state, because of the above conditions, feel disillusioned and become negative. Instead of repenting, they looking form the spiritual perspective of the low spirits who influence them and blame their own negative state on external factors, like the Church or its leadership. Hyung Jin stands as a king of this group. Their worldview is based on the low spirits who influence them, who need resurrection.

THE FRUITS clearly reveal the two divided sides. Sanctuary Church is not blessed by God - no witnessing, no providential work, involved only in gossiping and criticizing (practices of the low spirit

realms). While FF and True Mother are moving the providence with amazing speed. God's love and blessing is totally over them. True Mother keeps the heart of loving and not criticizing. SO OBVIOUS FROM THE WT RESULTS Read: **THE MODEL FOR THE IDEAL PEACEFUL WORLD**

Parallel with the United Kingdom 120 yrs

Parallels of History seems to apply for our course too. After the 12 years (2000-2012) of **Coronations and establishing the Temple**, according to Divine Principle, True Father has to go to be in the Spiritual World.

These 12 years correspond to the 120 years of establishing the **Jewish Kingdom** and 120 years of establishing the Christian Kingdom. After this 12 years starts the Divided Kingdom, where the children divided it for the sake of separation of good and evil.

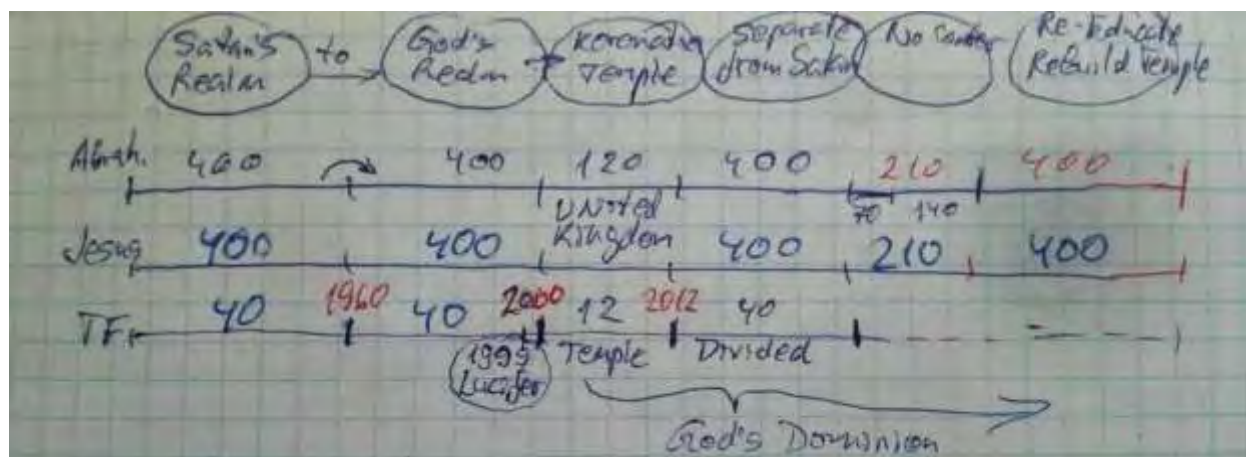

Why was Hyung Jin Inaugurated 3 times? Read **Hyung Jin and Solomon** - It represents the 3 kings, who failed. Did Hyung Jin restore that failure? No! HE REPEATED THE FAILURE he showed disbelieve in TP!

Parallel between Solomon and Hyung Jin

Same like Solomon, Hyung Jin was crowned with the responsibility to build the Temple and "serve God's will", thus, "enabling the Messianic ideal to be realized". Replace Solomon with Hyung Jin in DP p. 429 and you'll read:

"If at that time King Solomon (H2) had served God's will to the end, he could have unified all the Eastern countries.. he could have formed a worldwide territory enabling the Messianic ideal to be realized. However, due to the fall of King Solomon (H2), God had to work.. tearing down his monarchic society."

Thus, because of Solomon's (Hyung Jin's) failure the period of Divided Kingdom started. But what exactly was Solomon's (Hyung Jin's) failure? We read, that he "was to realize God's Word... erect the temple... and exalt it" (DP p.413). "But because King Solomon (Hyung Jin) worshiped the gentile gods.. the Kingdom was divided" (DP p. 416). If Hyung Jin was invaded by these evil angels, believing their lies, we can see the parallel with the 'spirit worshipping' in the Period of the Divided Kingdom.

In the **Period of Divided Kingdom** the kingdom was started, amidst the satanic culture, so separation of good and evil was necessary. Instead, they were invaded by the satanic ideologies and practices. We are at the same point, **CIG started**, but we live in the satanic world. UC has to clean up all unprincipled base in itself, all influence of Humanism, Selfishness, Negativity etc.

Father Blessed HJN to take the resentment of all ages

This is an important fact; When **True Father** prayed over **Hyung Jin's Inauguration**, he prayed that their family course would involve gaining victory over resentment. True Father literally said,

"With this blessing prayer.. I am letting you know that.. when you become the owner of the word and.. approach its deeper content, you will discover the words "**achieving victory over resentment.**" True Father prayer

Why Hyung Jin's couple has to "achieve victory over resentment"? It means, they have to experience it and overcome it. True Father clearly directs him; resentment will come.. "You have to overcome... resentment of three eras - OT, NT, CT":

"Whose bitter pain are you relieving? It is the **bitter pain of the cosmos**, of heaven and earth.

You have to overcome the bitter pain in the root, trunk and shoot, the **resentment from three eras** -- the Old, New and Completed Testament Ages.

"Later you **must go beyond the bitter pain** of the realm of the heart of the fourth Adam." [True Father prayer](#)

True Father foretold in his prayer that all the pain and resentment from unresolved past sins will come upon this couple and they have to "achieve victory over resentment." Of course it doesn't sound easy to do, but "you must go beyond this bitter pain", Father told him. Note the words, "Later you must go beyond," signifying that it will take some mathematical period of time, while these feelings of resentment are upon him.

God warning Cain as True Father warned Hyung Jin

In a similar way God said to Cain, "sin is crouching at your door; it desires to have you, but you must rule over it." God foretold him of his part in this indemnity and said, "If you do what is right, will you not be accepted?" *Genesis 4-7*

The very same way True Father blessed Hyung Jin.. "the pain of this sin will come upon you, but you have to achieve victory over this historic resentment. I'll not be in the physical world to help you with that." Meaning, True Father already has to be in the Spiritual World, but it's required Indemnity you will have to go through.

We have to understand Hyung Jin's heart. He and Kook Jin did so much with great heart. We love them. But going through the rejection, experiencing unresolved historic resentments, they **had to keep faith**, "If you do the right thing".. "gaining victory over resentment".. you will be accepted, you will be blessed, you will be allowed to enter the realm of God's Heart. The rejection was "God's Blessing in Disguise". If they knew the Principle well, they had to recognize, that's what they are going through, it's God's love and blessing for them.

However, as many great lecturers in the church, who faced such rejection (required by the Principle, before entering the realm of perfection - dominion over the angels), they lost faith, looked externally - **blaming those who rejected them** and thus failed. So, what was supposed to turn as their blessing, allowing them to become divine spirits, became their downhill, connecting them to Hell (bitter unresolved feelings of resentment in their hearts). Now, controlled by those feelings, they were invaded by Satan, twisting and struggling to find the path out, yet projecting the resentment from their hearts to those around them; with every effort bringing more and more disaster for God's providence.. dividing the church and making members to resent each other. We cannot serve two masters, it's our responsibility to overcome the resentment in our hearts. But why was this failure possible exactly at that stage?

Influenced by other religions H2 deviated from the Principle

There are enough signs that Hyung Jin was **influenced by other religions** and deviated from the Principle, not understanding True Father's words:

* **Influenced by Christian historic misunderstandings**, Hyung Jin talks against the Muslims - instead of uniting with True Father's reaching and work to unite religions. Also, his sermons are centered on the Bible, rather than the Principle.

* **Influenced by Buddhist misunderstanding**, Hyung Jin was teaching against the Four Realms of Heart - suggesting we should look at the opposite sex as funny, ugly, stupid so that we don't get tempted. How can that help learn pure brother-sister love? What kind of preparation is that for our attitude towards our spouse?

* **Hyung Jin was to exalt the Word**; Instead of **exalting the Principle** as his guide and Subject, he puts himself over the Word and started changing and neglecting it. Even Father many times repeated, that he has to follow the Word absolutely as his Subject, and cannot deviate from it. Yet HJN claims title of a King and Central Figure, while denying all core Unification Principles; of Love, Unification, FPF etc.

* **Hyung Jin was to exalt True Parents** (the Messianic Ideal) - yet, he invests all his energy to destroy the position of True Parents, by excluding True Mother from it. Teaching, she will not go to Heaven, but True Father will erect another wife. In this way Hyung Jin neglects and destroys all True Father's accomplishment and teachings. Can you accept that True Father now hates True Mother from the sp.w.? They actually hesitate to answer if that means, True Father is only on the level of Paradise. Gradually they are heading in direction to completely deny True Father's position and ideal.

Hyung Jin goes so far, as to **deny the value of the Blessings** True Father has given, and use fear and

treats to trigger the fallen nature of members, pushing them to doubt and be confused. Hyung Jin invests all his energy to **destroy and divide UC**. How is that good?

* **Hyung Jin was to exalt goodness** - yet, he multiplies; **Resentment, Fear, Threats, Confusion, Accusations, Division, Gossiping, Manipulation, Disrespect to Parents, Rebellion, Changing Tradition and Principles...** these are the characteristics of Sanctuary Church. Is that good? No! Good is the opposite; Love, Unity, Harmony, Obedience, Respect. The Principle is clear, "History developed towards good by constantly... separating good from evil." (p. 426) All negative members, with unresolved Trapped Emotions are attracted to Sanctuary Church.

Separate Good and Evil within the Church

When I ask God, "Can I solve Hyung Jin problem?", He says, "No!".. And I feel his pain.. and tears start dropping my face! Whatever I ask Him, from then on... I only feel God's Heart is crying and crying. I only hope you can feel His Heart too.. because, otherwise it's difficult to tell you His final answer, concerning our responsibility as a Church.

Read carefully the Principle. **After establishing the Kingdom** we are responsible to expand it's ideal in the Satanic world (establish substantially CIG). To do that, the chosen people have to separate themselves from any ideological deviations. Centered on the Truth, UC has to win ideologically and assimilate the fallen world culture.

The 1st, 2nd and 3rd Israel faced the same problem in this period - **being invaded by satanic ideologies**. Today's fallen world ideology is **Humanism (Relativism)**. Humanistic books influence so many of the members. How can God work? Even in our church, when someone states what's principle, he is so often attacked by Humanistic members. Many of our lecturers started openly mixing the truth with self-loving humanism, because it sounds good. We are invaded!

Many members don't even understand **what's wrong with Humanism**. In short, Humanism is the Ideology excusing reversal of dominion on all levels; (S over O, Horizontal over Vertical, External over Internal, Children over Parents, Man over God). That's why True Father always said, Humanism and Communism are our biggest enemies. Yet so many UC members are invaded by the false, self-centered love of Humanism and the Resentment of Communism, without being aware of it. Sanctuary Church represents both and drags like a magnet UC members with such common base.

HJN don't See the Spiritual Perspective

It is clear that all Sanctuary Church does is find **common base of resentment** and multiply it to the point when nothing principle is left. Question is why Hyung Jin, a pure Heavenly child, is so full of resentment, which no UC member should keep in his heart? Read **Sanctuary Church: Freedom of Resentment** and find out.

Few times **God asked me to open my senses** to understand different providential things. I could see spiritually the situation of the Blessed families.. how man spirits are inside their bodies, working constantly for Satan's will; whispering in their ears and manipulating their feelings and actions against God's will. It's painful to see how much **that hurts God** and prevents the good sp.w. to support us. In our ignorance and spiritual blindness we often fight for Satan's will, believing this is the right thing.

CONTRAST WITH GOD'S IDEAL

*"Gossip is idle talk or rumor, especially **about the personal or private affairs of others**" - emotional multiplication of evil, bringing distrust, divisions.. unity with Satan's heart!*

DP 259: "Instead of trusting.. joy.. innocent.. without concealment.. inseparable oneness.. without any negative sense.. from same position and heart as God.. This shows us that we need patience and obedience to go the way of Heaven.. However, Satan invaded the family through Ham's mistake."

In this story Hyung Jin feels self-righteous for protecting Father's life. That became his fixation. In his mind 'Mother killed Father'. Fixated on that, he cannot see, how his actions are leading do destruction of all Father achieved. He was invaded. As DP says, "Satan, who had been watching to see if there was any condition for him to invade in Noah's sons as his objects.." DP: 260.

How ignorant of the reality of the spirit world and the providential timing. We all wanted True Father to be with us on Earth, but we cannot go against God's time-table. Father proclaimed 2 important things at Hyung Jin's Inauguration: 1st - Hyung Jin has to gain victory over resentment and 2nd - True Father has no much time left in the physical world to help with that.

"However, they (Hyunjin's couple) must surmount the hill that is the realm of the heart.. yet I do not have

much time left to do that with you." True Father

Yet if we understand the Principle correctly, no matter how much we miss Father, it is obvious that 2012 was to be his last year on earth. Why?

Why 2012 was True Father's Last year on Earth

First, God's Kingdom cannot start without the unity of the spiritual and physical worlds. True Father is the only person who can enter and open **CIG realm in the Spirit World**. Father had to stand as the center of the spiritual world and Mother as the center of the physical world, so that the Age after the Coming of CIG could start 2013.

In 2011 True Father proclaimed **what will happen in 2013**; Rev. Moon told his audience that from Jan, 13, 2013, "the Union of the Spiritual and the Physical Worlds" will be established on earth for the first time" and that "[the world] will enjoy tranquility and happiness in the sacred reign of peace."

Without True Father in the Spirit World, this **realm cannot open** - no one else is on that level; No one else had achieved it in his physical life. How to proclaim in 2013 something, that's not open yet in the spirit world? True Father was preparing us that he has to go there.

By 2013 True Father was already in the spirit world. It had to be, so that the two worlds will start uniting. According to the message from spirit world, received from **Nelson Mandela, 2014** the spirit world was preparing centering on True Father, to substantially come and start working with the physical world, from 2015. Many have experienced that and many have started to open their spiritual sensitivity, including me.

After 2013: Age of unity between physical and spiritual worlds

In 2014 True Father mobilized the whole sp.w. to start working with the Earth. In 2015 that happened. At that time God asked me to allow Him, to open my sp.senses for 100 days. He showed me how painful the situation looks spiritually. DMN and some other Elder brothers and sisters from the sp.w. cam to teach me. I had to undergo the attacks of evil angels and manipulative spirits until I've learned to deal with them.

It was a painful experience similar to the one DMN described, when she saw the stuck spirits in our bodies. There is a constant spiritual influence around us. I could see how evil spirits enter and talk trough people, change their mood into negative - to provoke misunderstandings, struggles, accusations and divisions. Some of the experiences were with Hyung Jin. I saw him fighting the evil angels, being invaded again and again by them, yet trying his best to stand up...

Than God showed me how tricky these evil angels were, how much they can twist persons mind and perception, to the point where unprinciple can seem principle, and vice verse. It was scary to see, how they block some parts of the memory, so reality and truth become sifted. Now, when I talk to Sanctuary Church members, I'm socked how many of these fallen angels' believes have entered Sanctuary Church. Already few members, dealing with Sanctuary Church, compared their state with possession. But why it all happen?
