

Why leaders close to True Father follow Sanctuary Church

How would you explain Rev Eu or some other leader who was very close to True Father who follow Sanctuary Church?

See spiritually and you'll understand: Those who reach to the top of the Growth Stage and are to pass into the Completion Stage of growth, need to undergo resentment, where Satan's feelings and logic will try to subjugate them. If they succeed, gladly enduring, they victoriously subjugate Satan, thus qualifying to enter God's realm of dominion. If they fail, they become resentful, critical, disappointed... objects to the control of the evil spirits; which will express in their way of rationalizing and in their actions. As you see in Sanctuary Church.

It is truly shocking to see how many members had a relationship with True Father, but not True Mother! Yet, Divine Principle is clear; The same holds true for all fallen people, (and even those born of the pure lineage) they can become the

ideal people God has foreordained them to be only when they complete their own responsibility. (Which in this age of attendance is to attend the (perfected Messiah, that is the perfected image of God, male and female.)

"In 1993 in Seattle Father said, "many of you are physically close to me and can touch Father, but are you spiritually close to me". And he went on to explain the difference, asking which is more important, being physically or spiritually close. He said, "because if you are heartistically close to me then you are protected from Satan accusations and attacks"... prayer life is one of the keys in humbling our hearts also being like a child and believing and following your parent direction always". -- Connie

Dr. Panzer's video -- full of such childish, even ridiculous twisted reasoning that only the physical mind can produce.

In his video response to Dr. Hendricks, Dr. Panzer explains that True Mother doesn't like Hyung Jin Nim's haircut, whereas True Father is okay with it. They claim this as evidence of Mother's disunity with Father and which makes her unqualified as the True Mother of Mankind recognized by God. You see how external is their logic.

And let's say the truth, I heard Father ask Hyung Jin Nim, "When are you going to grow your hair back!?" -- indicating that Father in fact was not "okay" with Hyung Jin Nim's haircut." and Mother was united. But that's such a low, immature level to start arguing such external things and use them to devise accusations, judgments, negativity, doubts, disrespect, division; All treats of immaturity and lack of spiritual growth.

Let me point just few such manipulations Sanctuary Church uses. They take Father's words and reverse the meaning upside down; For example, Father said, "the successor" should be "recognized by all" and you'll know who he is, because all Unification Church and the TFamily will approve and support him. Look at Richard Panzer's video, Sanctuary Church changed the words, to sound like everyone must "accept" him, no matter what. Which is unprincipled statement. Because even Father was obligated to follow the Principle. He said many times, if he does not follow the Principle, we should not follow.

Twisting the actual meaning of words and events

In fact, if you check carefully, all of the Sanctuary Church rationalizations and claims are based on clever twist of the actual meaning of words and events. Read, [HYUNGJIN'S EVIL PROPAGANDA: HOW LOW A SON CAN GET](#)

Sanctuary Church also says, Father anointed [Hyung Jin as successor](#). But the text they wave around does not say such thing. Instead it says that Hyung Jin's family will be [taken by the resentment](#) of 3 ages and may move to Satan's side, but we should not worry, because eventually he will be back.

If Father ever anointed Hyung Jin to be above True Mother, why did he say in 2011 that Mother is the Center, "The responsible person of Unification Church is not Hyung Jin nor Kook Jin. On the top of Hyung Jin there is Mother.. Do not forget this." If Father wanted to put Hyung Jin as successor, why he clearly instructed him never to proclaim himself 'a new center'.

Of course, [Hyung Jin's trapped emotions](#) led him to such a resentment, that he denied the very essence of Father's work, teachings and victory. For us it's clear, without True Mother there is no True Parents. Without True Parents, there is no Salvation. Read, [True Parents are GOD'S SUBSTANTIAL IMAGE](#)

But we should also understand that there was a group in our movement already working actively to destroy True Parents.

And Father warned us, to beware of manipulators implanted in our Church with evil intend. In his resentment Hyung Jin became their pray. They surrounded him and Kook Jin, aiming to accomplish their vicious aims through True Parents sons.

This reflects the group of evil spirits that I see working through them. They misled him further and further in his fantasies of glory and power. But don't you see, this only leads to something positive. The evil is being relieved and separated from our church. The position of True Parents is being affirmed more and more theologically and otherwise, so that it can stay unshakable for all the future generations.

Satan and his allies always used manipulative ways to redefine the most precious terms for God

Same like the secular humanists redefined the term 'family', now Sanctuary Church is doing everything to redefine the term, "True Parents". Whatever speech you open, from True Father, you always read about True Parents; "Salvation is through True Parents", "Sharing our lives with True Parents", "have faith in True Parents", "become people who can obey the True Parents." Unable to unite with Mother, Hyung Jin had unresolved feelings in his heart that led him to rebel against her. Luck of unity automatically gives a base for Satan to invade. Open disregard of Father's words and directions

True Father clearly warned Hyung Jin [not to proclaim himself a New Center and deny True Parents...](#) If he was a true filial son, he will sacrifice his life to support and protect Mother, thus protecting Father's legacy, fulfilling his [responsibility 'to become hair'](#) and [overcoming Lucifer's rebellious nature](#).

In his videos Hyung Jin teaches that Father's tradition of tithing is wrong and 'satanic'; Father's followers are "bozos" (meaning: "stupid and insignificant"). That shows how highly he estimates Father's achievements, putting them bellow zero point.

If you translate the actual meaning of Hyung Jin's description, you'll see how horrible, ugly, scary picture he makes of Father. It means that Father failed to restore wife, so he could not establish True Parents. Read how [Hyung Jin was teaching against Father's directions](#) even when Father was still alive and how he neglects and reverses Father's clear directions to make his [FALSE CLAIMS of SUCCESSION](#)

Sanctuary Church are in clear denial of basic Divine Principle and Father's explanation. Read of the meaning of God's Day, Father's words about True Mother's victory. True Parent's entered the Direct Dominion of God, which happens after the 3 stages of growth and then "Return to One Body With God" in the 4th stage. "One Body With God" is return to the Origin Stage and is the meaning of iLshim + iLshin = iLChai, which Father explained on May 1, 1998 at the 44th Anniversary of HSA-UWC that we could forget everything else, even Divine Principle, but to never forget this.
