

Dr Pak and Dr Moon's visit to Spain

Madrid, Spain, 4. – 10. November 2015

By Maryvonne Jamois

We are so grateful to True Mother to send Dr No Hi Pak and Dr Lan Young Moon to our country, as special emissaries for Europe.

Dr Pak and Dr Moon arrived on Wednesday afternoon coming from Lisboa (Portugal). It has been a wonderful time with them. On Thursday they visit Tongil company where some of our members are working. They were amazed how this company could develop.

On Friday morning we went to visit Toledo with Armando. First of all we went to El Parador at the top of the hill which is dominating the city, where True Parents have been in 2011 just a few hours before their public speech, and going down a little bit we took a picture at the same place where True Parents have been. We entered then the city, going through a synagogue and the cathedral. Armando could explain them many details about the history of this city.

On Saturday morning we went to the Holy Ground in Retiro Park. It was a very beautiful autumn day, with blue sky and very nice temperature. They were so amazed how True Father could find this tree 50 years ago when he

came to bless the holy ground on July 13th, 1965.

We had lunch outside as the weather was very nice in Plaza Santa Ana, a popular meeting point in the centre of Madrid.

In the afternoon they met with a group of 20 young people (2nd gen and 1st gen). Dr Pak and Dr Moon explained a little bit about their life and their mission of special emissaries, and then had an opened question and answers which finished singing a song together "Saranghe Cham Pumonim".

On Sunday service, Dr Moon shared her testimony and Dr Pak gave us internal guidance how we can respond to True Mother after her visit to Europe. They created a very high-spirit, uplifting. They offered pizza for everybody and we shared lunch all Madrid community with them.

On Sunday night the Japanese community offered them dinner in a Korean restaurant whose owner is a friend of us, an artist who exposed in our center Espacio Ronda.

On Monday morning we took the High Speed train "AVE" from Madrid to Barcelona. At their arrival we went directly to the hotel ARS where True Parents have been in 2009 at the time of Peace Cup. The hotel allowed us to enter one of the suite similar to the one True Parents were staying in at that time, so that they could experience the nice view of Barcelona and Mediterranean Sea from the 34th floor. We had lunch facing the sea.

In the afternoon they met Barcelona community and had dinner with the community in a Chinese restaurant. Tuesday was the day of their departure from Spain, but they could not live **without passing by "The Sagrada Familia"** following the steps of True Parents.

We are so grateful for this visit, showing us an example of dedication and love for so many years to Heavenly Parent and True Parents. Thank you True Parents, thank you True Mother for this opportunity to meet this "Lovely couple"! We could really feel through them True Mother's love and care for Europe and Spain.
