

## FFUWP Central African Republic hosts Cosmic Blessing Ceremony 2016

Noel Mathias Salogba  
February 20, 2016

**By FFWPU Central Africa Republic:** On the night of February 19 to 20, 2016, the Temple of the Family Federation for World Peace and Unification of Central African Republic which is located 5km from Bangui (capital of CAR) hosted two important events. More than 40 couples and other members from other districts gathered in this occasion.

These two events were preceded by the Holy Wine Ceremony, which was officiated by the national leader couple, Rev. Noël Mathias Salogba. 3 matched brothers were involved in the ceremony: 2 brothers from Zongo (DRC border town across from the capital Bangui) and one brother from the Central African Republic.

These two events were described by members of the Family Federation for World Peace and Unification of Central African Republic as "the national blessing for a new start" because this nation as the Central African Republic just comes out of the war and elected a new President to form a democratic nation.

For this event pastor Gere-Kombwangajeau Paul was the MC. And Reverend Noël Mathias Salogba explained about the deep and providential significance of the event.

The ceremony took place in two phases: the First phase was the Holy Wine Ceremony which took place on February 19, 2016. And it was officiated by the National Leader.

The second phase was the main blessing ceremony which was part of the 3rd Anniversary of Foundation Day. In this event we followed the live broadcasting program from Korea which included the Musical event as well.
