

## Update on the Sisserson's and our support for the nation of Palau

Dear Colorado and Utah Council and Families,

Hope you all had a good gathering for the 3rd Memorial of True Father Seong Hwa. With the money you sent, we were able to help buy a used van to get around with while staying in the Charlotte Family Church. Sorry it took time to make the report.

Please see the attached reports made while we were in Charlotte.

We tried to get jobs and it was difficult, but we managed to prepare our son get into Hiram College in Ohio.

We just arrived in Honolulu a few days ago. Tim will stay and continue to look for jobs and resources while I will prepare to go back to Palau.

You have heard in the last meeting of the Foundation Day Anniversary this year that Palau is not a "Strategic Nation now. Special envoy Rev. Seo reported that the population is small and the membership as well so it is not a strategic nation for the time being.

The Sisters states were picked I think because of the strategic nation status. If this is the case, on behalf of Palau, we would like to thank you for your prayers and support.

This means then that you are not obligated to support us now because Palau is not a strategic nation. I did not hear anything official but I would assume so.

Once again thank you for your quick response and support when we asked. Let us all work for God's providence in our respective nations. God bless America and the world nations.

In our BCF's names,

Tim and Margaret

Takamitsu (Steve ) Sakuwa)

Sharing about Journalism and PR work at FFWPUI in Korea at the center.

The Media environment in Korea has significantly changed. This is largely due to True Parents foundations. It used to be that reporting in the news, the old negatives from the past will appear but that environment is changing. It helps that there are more young journalist and keeping with accuracy of reporting. Lessons learned in the media world is that developing good personal relationships with journalist and maintaining a high standard when spending time goes a long way. Profound experience Takamitsu emphatically expressed, “ I witnessed True Mother respond to the large press conference where she so confidently expressed her parental role not only to media people but to the rest of world population. In expressing her position as the *Only Begotten daughter of God* was taken very well and even reported word for word in the media outlet in Korea.”

Emily Small's 20th birthday celebrated at the center  
Friend Orianna and her daughter came. Auntie Elise came. Uncle Pastor Klaus brought a bonsai gift.

## Chuuk Group

This is Senior Soryz being introduced by his son Pastor Handle. Senior Soryz was educated by German Protestant missionaries back in Chuuk island. When he moved to the US to be with his children, he quickly began family worship with all the families starting from 2 families to now almost 50 people from Chuuk Charlotte including children.

Pastor Handle praying after his son collected the offering from all. In the blue dress is Mrs. Emmy Soryz, the wife of Pastor Handle. She is a nurse and does caregiving in Care services. They have visited Charlotte Family Church and are eager to know more about abstinence and family values education we can offer. We had mentioned of preparing couples to receive the Blessing if they can study with us. They are most welcoming to have Pastor Klaus give a sermon to their Sunday Service as well.

Senior Soryz with two of his grandsons on each side, who are also married.  
The wives are sitting on the floor.

Two older granddaughters do the music and care for the younger ones.  
Pastor Handle is very keen for the older teens to learn pure love mes-  
sage and to teach it to the younger ones.
