Dear Brothers and Sisters
True Mother has recently emphasized the importance of loving

God, loving humankind, and loving one's country. Mother said, "We must demonstrate sincerity, truly love this country, and really have people see for themselves that we are working with deep love for Heaven." She emphasized that "Each person should witness. We must witness, whether we are awake or asleep." Mother also stated, "All members must return to the heart we had in the early days. While guiding our efforts in witnessing, I want to report your daily results to Heavenly Parent."

To uphold True Mother's earnest heart and call for witnessing, the International Headquarters has called for a special 40-day witnessing activity and devotional period to mark the 11th anniversary of True Father's Holy Ascension. During this 40-day period, we will convey True Parents' heart of true love to all.

You are all invited to join a special 3 - nights of testimony and sharing best practices about witnessing as our response to the call of True Mother. Let's all join in. Everyone's contribution is needed.

Thank you
