

Advanced 2 Days Divine Principle Seminar

Bucharest, Romania, 22. – 23. March 2014

Greetings from Romania,

We would like to report about the Advanced Two days Divine Principle Workshop during the weekend.

The purpose of the Workshop was to study again the Divine Principle with the guests that already attended the 2Days Workshop but going more deep content. So they can feel more God's heart and see from His point of view. They attended the lectures about Principle of Creation, Human Fall, Restoration, The Purpose of Messiah, Eschatology, Parallels of History and Second Advent. We hope that they could feel more responsibility for their life for their country and for God's providence of restoration.

Also in these 2 days WS, They could experience a family atmosphere and the culture of ShimJung that our True Parents are teaching us: HDH in the

morning, games of unity and harmony, practice of true love.

The guests were very enthusiastic and excited to hear again the Divine Principle lectures, they are really interested about study DO and SES(ShimjungEducationSystem), the 1 year program.

Here are parts of their reflections:

Ioana Dinca(20): *"This weekend has been again very inspiring for me. The Divine Principle lectures and the people here create the ideal environment where young people can rise properly in order to be able to create themselves and for the others a beautiful life under the care and supervision of God. (...) In this two days workshop I felt for the second time how the world would be if we were more united and we'd shared more love to the others. I never knew we belong to such a big family. From now on, I will be in research of my brothers and sisters that share with me the same desire of accomplishing God's Will, so we can spreading love and faith in God."*

Elisabeth(20): *"I can apply this Principle in my daily life if my thoughts and actions are connected in true love. But how? When a thought appears in my mind, first I ask myself if it is good for everyone, it is centered on love. If it is, I believe and I follow this thought. If it is not based on love, I just let it go and don't believe it."*

We want to offer our sincere heart with effort for Heavenly Parents and True Parents. Aju!
