13. Q&A

Is it possible to start off by studying Korean for a year, and then decide to go for the 4-year program, or is it a 5 year commitment from the start?

⇒Students are required to make a commitment for 5 years however, there is no guarantee of admission to SMU after completion of the Korean language course. To enter SMU, a student must achieve TOPIK(Test of Proficiency in Korean) level 3 and fulfill all other entrance requirements for an entering student. If a scholarship student has failed to gain the admission of SMU undergraduate course before finishing the Korean language course, the payment of scholarship will be suspended.

What about credits I earn in Korea? can they be transferred to US colleges? How do I find out?

⇒It depends on the university you are applying for to determine how many credits are accepted. The standard is different between universities. However, It is possible to apply for graduate school in US, without exception, after you graduate from Sun Moon University.

How many months a year do I need to be in Korea? Is there an expectation that I remain in Korea during the vacation time?

⇒When you study at Korean Language Institute, you are obligated to stay in Korea even during vacations except for special occasions. But after you enter undergraduate course, you can leave Korea to spend time in your country. In general, the summer vacation is from late June till late August and winter vacation is from middle December till late February.

I understand that there is a scholarship for tuition. But are there other, out of pocket fees or expenses that I must know about?

⇒ Yes, all expenses not explicitly covered in the scholarship agreement are the responsibility of the student. Please see the section “7”

What happens to the international students when school is not in session? Where do they sleep? Eat?

⇒ Those who want to stay on the campus during vacations can stay at a dormitory as long as they apply in advance (during session). The dormitory cafeteria is also opened during vacation. A meal plan is not included in the dorm fee, but can be purchased separately.

What is the situation with medical coverage and medical insurance? Can I use the school's health center? What happens if I have a major incident while I am away?

⇒ There is a health center on Campus which all students have access to. Students are also covered by the University insurance plan. (cost for the insurance is about 120,000 won/per year) Please refer to the table below for a description of medical coverage.
