A diverse, international community of faith working towards a more peaceful world through loving families.

In loving memory of

A circular portrait of Dr. Mary Battilocchi, a woman with short blonde hair and glasses, wearing a white lab coat over a blue top. She has a stethoscope around her neck and is sitting at a desk in what appears to be a medical office. The portrait is framed by a gold, textured border. The background of the entire memorial card is light blue with a subtle pattern of white flowers. In the top left corner, there is a white dove in flight. In the top right and bottom right corners, there are clusters of blue and yellow flowers with green leaves.

Hello family , friends and congregation , On April 13th my mother Mary Battilocchi passed away. My mother was very dedicated to providing for her family and truly gave the best she could to my family and I. She was a healer by nature and always tried her best through Naturopathy (Holistic medicine) to help others at not just treating the symptoms but the core issues healthwise in the modern world of medicine. She was a very bright , curious and motivated woman. We will all miss her very deeply . Unfortunately on top of the emotional pain me and my father and the rest of my family are experiencing right now, the loss of a loved one can come with unfortunate financial burdens as well. It was a long and difficult process as my mothers health slowly declined over the past couple of years; but now as we face new challenges it is incredibly difficult to ask but if theres anyone to give us any sort of support in this time, me and my family would be incredibly grateful for any blessings that anyone is able to give.

Thank you and best wishes , Francesca and Antonio Battilocchi
