October 25, 2014

Hi everyone,

We are very fortunate to have our elder brother, Rev. Shinobu Ishimaru as our speaker next month. His sermon title will be 'Let us become filial sons and daughters who proclaim the Heart of God to the all nations on earth'

Rev. Ishimaru is a graduate of Tsukuba University and entered a Catholic seminary in Tokyo in 1980 to become a priest. One year later, he was introduced to True Parents' life teachings. It was revealed to him that Father Moon is the second coming and he found it to be true. He continued with his study of theology at Sophia University and on to the Unification Theological Seminary.

Since then, he has lectured on Judeo Christianity as a regular series on KMS net radio, he is responsible for the Christianity lecture at our Chiba 21 day program, he is the church school principal of the Washinomiya Church Youth and he has written each month in the Seiwa student bulletin in the "Bible" section.

Rev. Ishimaru has published many periodicals, among them, 2 books: "The Dream of St. Francisco Xavier; Jewish Christian Tradition and Japan"; and "Recall the heart of Father."

Rev. Ishimaru has continuously reached out to leaders and youth of other faiths and to promote friendship, dialogue and volunteer action together. He is currently the director of international affairs, IRFWP: Inter-Religious Federation for World Peace.

He and his wife, Naoko, were blessed in 1988 as part of the 6500 Blessing. They have 4 wonderful boys.

Delighted that he can share with us from his experiences, deep understanding and inspiration.
