Dear Family members,

We all know that we are called to fulfill Tribal Messiahship, but for many of us it may feel like we can't do it. We may still be questioning what exactly is Tribal Messiahship, and what's expected of us? We may be asking how to do it practically, or who to do it with? Some of us are active, but wish we could be doing it together. There are many reasons why we may feel like we can't do it alone, and that's why True Mother is asking us to do it together. If we work together I think we can make progress.

The purpose of this seminar is to answer some of the questions, and remove some of the obstacles that may have been slowing us down. It's an opportunity to envision a clear pathway for our community to get started with the Tribal Messiahship movement together. During the seminar we will be:

- Creating a renewed vision for our culture and direction
- Form or strengthen our trinities
- Review the resources available for tribal messiahs
- Set some inspiring goals together
- Set it all in motion with some action

Read about the great experiences in both Toronto and Honolulu. We are now conducting the We Can Do It workshop in the Bay Area, and soon we will be in Chicago, Dallas, Maryland and more. It's a great time to catch the wave! [Register Now!](#)

It's family affair! If you can, please attend as couples. Your older, or adult children are also welcome.

So, if you feel called to bring a victory through Tribal Messiahship, even if it means changing some of the ways we do things, then please come and contribute to this seminar. Together, WE CAN DO IT!

Thank you,
